-The receipts at the city cotton platform today were 95 bales and the best price paid for the staple was 10 5-8 cents a pound. For the corresponding date of last year the receipts were 189 bales and the best price was 8.75 cents.

-Mayor Bland announced today that the report was erroneous that he had called a session of the board to consider plans for entertaining the members of the Philadelphia business excursion due here on November 21. The may thought that the next meeting of the board would be ample time to take up the question, though it is expected that elaborate plans will be made for coridally welcoming the Quaker City visitors.
