### TO-DAY'S MARKETS

NEW YORR COTTON

NEW YORK, Dec. 2.—Cotten opened easy at a decline of 12 to 15 points and figuidation, foreign offerings and pressure from local bears and reactionists. The crop estimate of a New Orleans authority placing the yield at 12,975,000 bales excluding linters, proved rather larger than expected and was probably g factor in the decline in connection with relatively easy cables, reports of an easier spot basis in Texas and Georgia, and continued talk of full ginning returns for the last period. There was active demand around 12.50 for January, however, and the market later the morning rallied 4 or 7 points from

respondents of a New York house estimated the ginning to December 1 at 11,mater the helped the rally and prices overed to within 10 or 11 points of Saturday's close. Later, however, on reports from New Orleans that the National Ginners' Association made the 11,850,000 bales, the market weakened again under renewed general liquidation, with prices at midday about to 19 points net lower.

spot quiet; middling uplands nominal. after selling 17 to 22 points net lower the market " llied 8 or 9 points during the early afternoon but remained very ervous owing to continued outside uidation and local pressure and later ased back again to within 3 or 4 points cotton spot closed steady; middling up

ands 12.85; middling gulf 13.10; sales 8,377

### NEW ORLEANS COTTON

NEW ORLEANS, Dec. 2.-Cotton futures opened steady at a decline of 8 to points on poor cables and rather larger private crop estimates over the week-end than the trade had been looking for. Bears claimed that these guesses ointed to a commercial crop of from 1 50,000 to 14,500,000 bales. These conentions resulted in heavy selling for oth accounts. Bulls offered little or no support. At the end of the first halfhour of business prices were 18 to 20 noints under the close of Saturday. The market was nervous around the middle o the morning. Several upused price movements took place but they were not well sustained. On every ge selling orders came out freely. A the lowest of the morning prices were 9 to 23 points down. Bullish estimate of the amount of cottor ginned up to the end o' Nor mber gave the market better tone late in the morning and in chessed the number of buying orders at noon the trading nighths were 9 to 10 points under Saturday's final figures

### WALL STREET

NEW YORK, Dec. 2.—Prices rose generally when the trading began today on gold 16 to 21 points net lower during the the stock exchange. Rubber made the early trading on heavy Wall Street largest gain, advancing 21/2 points in the first transactions. Sears-Roebuck rose 2 points and Union Pacific, Canadian Pacific and Chesapeake & Ohio. Announcement that over \$4,000,000 gold

had been secured in London for shipment here had a further strengthening effect on the market, but traders were disposed to limit their transactions until the renewal rates for money were arranged. Tobacco stocks were irregular, various stocks rising from 3 to 7 points. An unusual number of important stocks sold ex-dividend today and these dividends were largely made up early. Trading was checked by the position of the money market, concern over which was not wholly relieved by the draft on the foreign market. The unfavorable bank statement of Saturday and the liklihood that various institutions would be compelled to call loans to make up their deficit, made the course of rates uncertain. Loans wede made at 10 and 12 per cent. Bonds steady.

Forenoon advances were canceled when the market slipped back on the 15 per cent money rate. Business was light.

Wide fluctuations occurred in the Harriman securities on the announcement that the Supreme Court of the United States had ordered the dissolution of the Union Pacific-Southern Pacific merger. Union Pacific fell 2% and Southern Pacific 2% from their best figures, Declines of 1 to 11/2 occurred in other shares before support became effective and traders figured out the ultimate value of the securities involved. Union Pacific, rebounded from 169 to 171%, Southern Pacific from 108% to 111%. Union Pacific preferred jumped 6% and Southern Pacific collateral 4's 6%.

# WILL BE GIVEN HERE

Charlotte Musical Association Arranges For Three Splendid

Three artists' concerts are to be given in Charlotte during the Winter under the auspices of the Charlotte Musical Association, which has just announced the engagements of Eugene Ysaye, the world's premier vio-linist, McCormack, the great Irish tenor, and Genee, the wonderful dancer with a "corps de Ballet." This series represents one of the finest programs that has ever been given in a Southern city. The first event will be the appearance of Ysaye December 31 accom-

panied by Madam Olizka, Russian prima donna, contralto and one of the world's first vocalists. She has sung with the Imperial National Opera at St. Petersburg, National operas of Germany and Italy and has been decorated by four

ered with other marks of recognition. America now claims her as a member of the Metropolitan, Chicago and Philadelphia Opera Companies. The Columbia people have her signed for exclusive records of her beautiful singing.

The second concert will be given by Mr. McCormack February 4, just prior to Lent. Many prefer his voice with its

sweetness to Caruso's. He is one of the greatest concert attractions in the world today. He is a pronounced favorite with the King of England and his every appearance, either in concert or opera, assures large and enthusiastic audiences. Miss Alice Preston lyric soprano, will assist on the program. She is a member of the New York "400" and a most beautiful singer. The American pianist, Spencer Lloyd, will be the accompanist.

Easter week will be featured by streets. headquarters at Roanoke, Va. The the third and last, the attraction of work is to be completed in nine Concernized as the foremost Genee, recognized as the foremost FOR SALE-150 acres good farming dancer in the country. She is appearing this week at the Metropolitan ings, well timbered, ius and hauled from that point to in New York and her success is regarded as phenomenal.

In order to secure this trio of attractions, it was necessary for the musical association to raise a guarantee fund of \$6,000 and the following naced citizens of the city readily went to the rescue of those who have been in charge of all the arrange-

### JUDGE MAKES A STRONG CHARGE

(Continued from page 1) \$300 or more when the bond was raised and that he is out to this extent already for ekipping his bond, the loss finally falling upon him.

The court this morning went over the call docket and many cases were continued until the next term. Juror W. A. Freeman was caned and failed to answer, and the court ordered a fine of \$40 imposed. It is probable that the absent juryman, however, will render his reasons to the court later for his failure to respond to his name this morning when the jury list was called by the clerk.

The second jury case was that against Walter Gordon, Will Jant and others, charged with assault. Mr. F. M. Redd represents the defendants and was addressing the jury in this case when the midday recess was ordered by Judge Webs.

A case of much local interest on the court calendar is that in winch Mr. Paul Chatham is charged with blocking a highway, it being alleged that the road had been torn up or blocked because of operations in connection with the building of the line to the Chatham Estates over MR. C. H. WILMOTH STRICKEN one year ago. The case is now in the higher court on appeal from a magistrate's court.

COMMERCIAL GAS MEN IN ATLANTA
