Tex.-Miss Bessie Yoakum, the charming daughter of B. F. Yoakum, president of the Rock Island-Frisco lines, killed five javelines or Mexican wild hogs recently after her Mexican guide had dropped gun and deserted her. Miss Yoakum and her guide were traversing a thickly wooded section about five miles from here, when the victors animals appeared and charged the young woman and her guide. There were about a dozen javalines in the pack. The Mexican, screaming with terror, sought refuge in a nearby tree. Miss Yoakum scattered the enemy with a well aimed shot which dropped the leader, and then climber into a tree, from which point of safety she killed four more before others - scurried away in the underbrush. Miss Yoakum is having head of the largest animal mounted as a souvenir of her most exciting hunting adventure.

#### ONLY "CASCARETS" IF CONSTIPATED

Salts, Calomel and Cathartic Pills Are Violent-They Act on Bowels as Pepper Acts in Nostrils.

Take a Cascaret tonight and thoroughly cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the con-stipated waste matter and poison from the intestines and bowels. Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

#### **GUILFORN DOCTORS** MEET IN HIGH POINT

Interesting Holiday Spirit Shows Itself--- Many Improvements On In The City

(Special to The Chronicle.) HIGH POINT, Dec. 7 .- There was an enthusiastic meeting of the Guilford County Medical Society Thursday night at the Manufacturers' Club. The papers and discussions lasted till 11:30, when an elegant banquet was served at the Elwood Hotel. There were covers laid for 21, about half of the number being out-of-town physicians who were guests of the High Point Academy of Medicine.

Dr. J. W. Long of Greensboro was toastmaster, and the responses were most opportune and were rreighted with wit and wisdom.

The town is beginning to take on a holiday aspect. In addition to the great holiday goods displays by the merchants, the different church societies are having fancy work and doll sales. The health department of the Woman's Club is making a special effort to sell 50,000 Red Cross Christ-

The Boy Scouts are holding some most interesting meetings. The boys are very proud of their pleages and are full of the spirit of the real scouts. Dr. William G. McAnally lectured to the Boy Scouts at the Industrial Club last night.

There seems to be a regular Springtime building fever on in High Point. Several tracts of beautiful property in different sections of the town and just out of the corporate limits are being opened up and many of the wealthy citizens have bought lots and will build handsome residences. In view of this Mayor Tate, by order of the city council, has given notice that appliation will be made to the General Assembly to amend the charter

TIS PASSING STRANGE

that The Chronicle in several issues of late sees fit to rather discredit than to commend the Building & Loan system operating in North Carolina. Oh, brother, how easy to destroy, and yet how difficult to build up. This association was 31 years old April last, and has never lost a cent, has erected many hundreds of homes—homes simple, homes beautiful, homes pa-latial, but homes they are, and homes, why, they're one of God's greatest plessings to a community, to a State, yea, brother, to the nation itself. AS FOR ME AND MY HOUSE,

I say, Go ye into every nook and corner of this dear land and preach the building and loan doctrine, yea this came system of whose waters even ye have drunk copious draughts of health and strength and vigor. 'Tis easy to proclaim, to announce, to assert that another system is better-more difficult, by far, to demonstrate the greater virtue, the superiority

WITH MINE OWN LITTLE HATCHET

have I hewn down the claims of other systems expounded by students of their cause on the sanguine fields of New Jersey, Pennsylvania, Michigan and Carolina. I love our system for it has proven itself the brightest gem in the poor man's crown in this land of unequal burdens and of opportunities void of equality.

IF THOU WOULDST BE FAIR

and wise and beneficent, ere thou kill est the goose that lays the golden egg, then wouldest acquaint thyself with all the virtues and all the faults of all the systems, then pin thy faith to that best suited to thy people's needs, weighing conditions local, hin drances financial, yea, studying well the supply and demand of the coin at home, and, having chosen practically and well, fight for it to the death. NEW SERIES NOW OPEN,

and to my dearest dear, I say, unreservedly and emphatically, get into it with dispatch, for it will bless and prosper you, even as it has done The Chronicle.
