### CLOTHING.

Let us lay before you some information, and leave you to answer the questions:

Where can I be best clothed at the least expense? Of course you want style. Every man does. Now, some people have the notion obtained by trading at Second-rate places, that style is expensive. But it isn't. Not at our store at least.

Every garment we put out carries style with it. Style goes into our Working Clothes just as well as into our Dress and Business Clothes.

Skilled Workmanship goes into every garment we sell. Skill shapes the clothes and skill makes them. That is why they look well, hang well, keep their shape, and are a satisfaction to the eye as well as to the body. Tested by style our clothing takes the highest place.

Take our Clothing and compare it with any other, and you'll see that we sell well-made Clothing. This is true, not of some of our Clothing only, but all of it; through and through, inside and out, it's well made.

Next, you want Clothing that will fit you. To get Perfect Fitting Ready-Made Clothing, you must go where they sell only the best. There is Ready-Made Clothing that don't fit. It's inferior in manufacture. You can get only the BEST of us.

The Best Clothing don't cost any more than the not-best clothing. And that is why, quality considered, we can offer our high grade goods at as low figures as are made anywhere.

Is it necessary to urge you to buy our Clothing? You want good material and a good fit. You want Well-Made Clothing in Good Style. You can get it at our Store.

Of course we have provided for men who cannot wear regular made clothing.

We have extra-sizes for very large men "Stouts" for stout men, "Fats" for fleshy men, "Longs" for very tall men and "Slims" for slender men.

Our terms are strictly cash and our prices are always marked in plain figures.
