In Spite of the Deficit Demands for Appropriations Increase. By Telegraph to The News.

WASHINGTON, Dec. 1.-The work on the appropriation bills of the coming session has begun by the sub-committees. The preliminary discussions show that notwithstanding the enormous deficit the demand

for appropriations continue to grow unceasingly.

Serious Floods in Wisconsin. By Telegraph to The News.

STEVENS POINT, Wis., Dec. 1.-The water in the Wisconsin River at this point is higher at present than it has ever been in the history of the city. The streets for several blocks were flooded last night. People in the flooded districts carried all their goods into upper stories of the houses. A dyke built a number of years ago for protection of a large portion of the residence district which is in a weak condition now is expected to break and if the flood comes a hundred families

will have to move to higher ground. 70,000 Destitute in Chicago

a Dead Spanish Soldier.

The New York World recently printed a translation of a letter taken from the dead body of a Spanish officer. No one can read it and longer doubt that the Spanish Government has deliberately determined upon a policy of annihilation.
