# Mechanics Perpetual Building & Loan Association

In all our dealings with the public and our shareholders our object is to treat every one, as nearly as may be possible, with impartiality. Our business is mutual and co-operative—we are organized to help each other—we have no preferred shares—no favored few. Earnings and profits are divided among all shareholders in proportion to amount contributed and time it has been at work. Loans are made only to shareholders and on the "Millers' Rule" "First Come, First Served." We are still selling shares in the 63rd series—It's climbing every day and we want YOU to come in with us.

## REBELS ADD TO THEIR VICTORIES

By Associated Press. Torreon, Mexico, May 12.—Taking of Reata by the constitutionalists clears the line of communication between this city, Monterey and Saltillo and gives the constitutionalists complete control of the railroad to Eagle Pass. Great satisfaction has been expressed by the constitutionalist governor over the news that about 200 Americans had returned to Cananea, Sonora, to open the mines and smelter there. Consular Agent Williams has received orders from the United States state department to secure the names and addresses of all Americans who have refused to leave Mexico. He also has been notified to use all possible means to get word to Americans to leave Mexico until peace has been restored.

Sillius—"They are going to be married in May. Isn't that unlucky?" Cynus—"Oh, I don't know. They can always have something to blame it on."

## I'm For The "Billy Malone"

because it stands for home. I'm against anything that's against the home or that tends to cheapen or degrade it. I'm against liquor in all its forms or anywhere, because it dethrones the home. I'm against woman's suffrage for the same reason. The home is less sacred today, I fear, than in our boyhood days, when even the vilest wretch approached its sacred precincts with respect if not with reverence.

WHEN A MAN GOES HOME

and finds the object of his affections away, at the polls or at a political pow-wow; his children, if there be such, neglected; no music, no art, no flowers, no refining influences, yea, but little love remaining, what will be left to lead him to higher and heavenly things?

IT'S FOR HOME OR HELL

In my most serious thought, and my folks and I and this old ship that's fought some battles and won some victories for the shrine of our mothers and the altar of our daddies, will line up for the home till the last woman totters back into that sphere where she reigns a queen as God intended in the beginning.

THE MATERIAL SIDE OF HOME

and it has a material side, is an interest in the Mutual Building & Loan. You can get shares today, and let me say, you can do nothing better than to start now. If you fail to connect while the spell is on, you'll live to regret it. Alas, how many such I meet daily, and all are striving to get rid of a debt against which no provision has been made.
