

# STUDY WEEK FOR PLAYERS IN GAME OF SONG AND STORY

STUDY YOUR CATALOGUE FOR NEW ANSWERS TO PUZZLE PICTURES—ALL TITLES IN THIS BOOK.

## IF YOU CAN'T FIND ANSWERS TO SOME PICTURES, TRADE INFORMATION

THOSE THAT WORK TOGETHER FOR SOLUTIONS FIND IT EASIER—ALL LISTS MUST BE IN SATURDAY.

This is "study week" for participants in The Game of Song and Story.

Those who are earnestly trying for the prizes are busy going over their lists of titles. All "dead wood" is being cut out.

Wise players are making a general revision of their answers. Those that seem only half-way appropriate are being replaced by real answers.

It is a safe thing to say, that nearly everyone who will go over the Catalogue thoroughly again with the puzzle pictures before them, will find many new and suitable answers that escaped them before.

If you are not entirely satisfied with your choice, study the Catalogue and you are sure to find answers that just "fit." But if you have a good title for a certain picture, don't let another player talk you out of it. Keep it for at least one of your answers to that picture.

A plan that is being worked successfully is swapping answers. For instance if you have had trouble with picture 61, hunt up some player that has found that picture easy and trade information that you have for hints on your "sticker."

This is one of the advantages of working with some one for answers. They seem to come much easier when more than one person sets his mind on the titles.

Remember all answers are in the Catalogue. It is just a matter of how many of the 70 you can find—the nearer you are to the prize.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. In cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. Sold by Druggists. Take Hall's Family Pills for constipation.

## POKER, MURDER AND NINE YEARS

Special to The News.

Wilson, May 16.—Playing poker in the woods near Stantonburg on a Sunday afternoon, with a total of about \$20 in stakes together with a loaded pistol on the person of a negro led to murder and the story ended today when Judge Bond sentenced Frank Tart to nine years on the county roads and Otto King, one of the players, convicted of being an accessory, was given four years. Both men were charged with the murder of Will Brown. The trial consumed two days.

# The Gift

More essential than its value is the appropriateness of a gift. A remembrance of moderate cost is sometimes more greatly prized than an elaborate present without sentiment. A gift of Jewelry is an expression of sentiment and cannot be discordant for any occasion.

## Y. W. C. A. HOUSE WARMING LARGELY ATTENDED

Two hundred and fifty people were present at the house warming to which the Young Women's Christian Association invited the citizens of Charlotte on Friday night.

The gymnasium exhibit was the first feature of the evening's program. The visitors' gallery was crowded, and many watched the program from the windows of the porch. The marching and tactics were splendidly executed and were a credit to the instruction of Miss Louise Hanna, the physical director, who is graduate of a school which excels in German gymnastics, including its military tactics.

The members of the class during the past season have been Misses Sue Alexander, Josephine Carhart, Harding, Hatcher, Mary L. Irwin, Sallie K. Jameson, Annie Jones, Ketter, Lucy Lipe, McCombs, McLain, Pearl Minter, Louise Murphy, Lois Neel, May Pegram, Edna Peterson, Hazel Robinson, Essie Squires, Dorothy Starr and Lois Trotter.

After the gymnasium exhibit, the auditorium was used for the exquisite colored pictures of Yellowstone National Park, shown with an electric lantern. Mr. Roy Marr was the efficient operator of the lantern and the description was given in a most interesting way by Mrs. E. P. Tingley. Fruit punch and wafers were served in the small dining room and the victrola in the residence parlors attracted a good many of the visitors to that part of the house. Several of the sleeping rooms were open for inspection, and every thing done to give the public an opportunity to see the building which they have made possible for the young women of Charlotte.

Among the board members present were Mesdames Witherspoon, Tingley, Alexander, Henry, Baird and Murrill, and other hostesses were Misses Palmer Hyman, DeVan, Cashion, Hunsack, Minter and Roberts.

### Y. W. C. A. Membership Campaign.

During the past six weeks plans have been quietly under way for a membership campaign in the Young Women's Christian Association. The dates chosen for it are May 25 to 30th. This enthusiastic team are meeting for plans regarding their methods of telling other people how much the membership in the association means to them. The general chairman is Mrs. Joseph C. Patton, and the commanders for the two sides are Mrs. T. C. Guthrie and Miss Nancy Anderson. There are five teams of six each on each side, and they are already beginning their active work of organization. Very attractive folders are being issued with a statement of the membership privileges for the next year.

Wilson, May 16.—Another grade crossing this afternoon almost resulted fatally. Mr. William Strickland driving out Tarboro street was caught at the crossing of the Norfolk Southern Railway by a freight train. The horse was badly injured, being crushed into bits and pieces. Strickland was bruised and cut but not dangerously injured.

## GEN. ASSEMBLY SOU. PRES. CHURCH

Presbyterian Hosts of South to Meet in Kansas City—The "Education Assembly," Christian Education to be the Keynote of the Session—The Ad Interim Report Will be Heard.

BY MAMIE BAYS.

The fifty-fourth general assembly of the Southern Presbyterian church, which will convene at Kansas City, Mo., on May 21st, will be known as the "Education Assembly" and the importance of Christian education will be the keynote of the entire session. The prominence of the cause of education in this assembly will be in keeping with the action of the assembly held a year ago which urged "all the synods and presbyteries to give earnest attention to the work of Christian education, using every endeavor to arouse our people to a deeper appreciation and a more liberal support of our educational institutions."

### The Ad Interim Report.

No report to be submitted to this general assembly will be heard with greater interest or will be of greater import than the report of the ad interim committee on education which was appointed by the assembly of 1913 and was authorized to consider all matters relating to the discovery, definition, co-ordination and allied questions of the schools and colleges connected with the Southern Presbyterian church. This ad interim committee, with Rev. Henry N. Sweets, D. D., secretary of the executive committee of Christian education and ministerial relief, as chairman, and one representative from each of the fourteen synods of the assembly constituting the committee, held a conference during the summer of 1913, in keeping with the recommendation of the assembly, and prepared the report which will be submitted to the assembly at Kansas City. This report deals with schools, colleges, universities and theological seminaries with reference to church connection, standardizing financial problems, loan and scholarship funds and the need of arousing the church on the subject of Christian education. The recommendations of this report are definite and concise and if adopted by the assembly will revolutionize the educational policy of the Southern Presbyterian church. In addition to those who may be commissioners, many other educators will be in attendance upon the assembly this year on account of the important consideration of the cause of education to come before the body. The action of the assembly in dealing with the report of the ad interim committee will affect all of the educational institutions, including orphanages that are controlled by or in any way related to the Southern Presbyterian church. The desire of the ad interim committee is that the assembly shall define just what relation an institution of learning must sustain to the Presbyterian church in order that the school may be called Presbyterian.

The following figures are of special interest in this connection: There are in the Southern Presbyterian church and related to it six theological seminaries, with thirty-six teachers, 321 students, forty-three buildings, property valued at \$1,936,477 and endowment of \$140,000. The number of colleges is twenty-seven, with 376 teachers, 4,231 students, 160 buildings, property valued at \$4,282,634 and endowment of \$2,022,316. The number of institutes, seminaries and academies is twenty, with 160 teachers, 1,720 students, forty-seven buildings, property valued at \$380,025 and endowment of \$140,000. The number of mountain mission schools is thirty-one, with 107 teachers, 3,027 students, seventy-eight buildings, property valued at \$296,320 and endowment of \$14,700. The number of orphan's homes and schools is eleven, with fifty-five teachers, 1,047 students, seventy-four buildings, property valued at \$740,000 and endowment of \$168,000.

## BODY OF FRANK SMITH FOUND ON RAILROAD TRACKS

Special to The News.

Wilson, N. C., May 16.—Evidently murdered an dthe body rified of all belongings, then placed across the rails of the Norfolk Southern Railway, in order that the crime might be covered, fate stepped in and the body of Frank Smith was discovered by the engineer of the Norfolk Southern east bound passenger train in time to stop his engine. Last night, after supper Frank Smith left the horse of his brother in Wendell and did not return, although his absence was not noticed until this morning. The two brothers came to Wendell from Robeson county recently and are employed by a lumber concern at Wendell. This morning the body of Frank was found lying on the railway track, a short distance from the town. The skull was crushed but no other marks are upon the body. Several hours later the brother identified the body. There is no clue to the murderer and some people think that Smith was killed by a freight train during the night, but the absence of any injury except the crushed skull disputes the theory. Railway officials have no report of any such accident.
