AMUSEMENTS

"Poly of the Circus."
With dainty little Elsie St. Leon as Margaret Mayo's delightful role in the title role. "Poly of the Circus," one of the saddest arena, will return to the Academy of Music Christmas day matinee and night. The spell of this beautiful story of the young circus rider and the parson is extraordinary and seasons have not staled the play. On the contrary, as the seasons pass "Poly of the Circus" appears to gain in popularity. Miss St. Leon achieved notable success last season for her charming portrayal of Polly and it is confidently anticipated that this season she will earn increased honors. She is a pliant little woman, still in her teens, and she invests the role of Polly with her own lovable personality. Her is a girlishly fascinating interpretation that has earned her encomiums from the press the country over. Despite her youth and inexperience, Miss St. Leon's head is not the least turned, if anything, success has rendered her even more attractive.

"Within the Law."
Lovers of good plays and fine acting are certain to welcome the announcement that "Within the Law," Bayard Rustin's absorbing melodrama of modern American life, which is the current dramatic sensation in New York and Chicago, is to be given its second presentation at the Academy of Music in the near future, under the managerial sponsorship of Selwyn and Company.
Paraphrasing the conventional paths followed by playwrights Mr. Weiller, in "Within the Law," devised a new and exciting drama of a certain type of contemporaneous life in the

AT THE OTTOWAY, TUESDAY.

hind the screen who mimic very cleverly everything that flies in the air or walks on the earth. Then again these illusions are enhanced and perfected by the classic and semi-classic musical accomplishments which are as varied in theme as the scenes, each theme being precisely the most appropriate for every scene. The music ranges from a soothing lullaby one instant to the sonorous strains of a famous opera and includes every style or graduation from the oldtime melodies to the very latest popular refrain.
The new program has its intense moments such as are imparted by a ride on a runaway train, which in itself is exciting enough, but the thrills are intensified and made more thrilling by means of those realistic "effects" from all others. Then also there are some spectacular moments experienced during a trip down into the crater of Vesuvius—to the very edge of the vast cauldron of boiling lava.

Some of the mysteries of Nature's handiwork are revealed in a series showing the growth of plants and the development of flowers from bud to blossom. The manifestations of science and chemistry are also shown in a film depicting the electrolysis of metals and the fantastic formations created by the process. Real travel experiences are provided by a trip over enchanting Venice during which Howe travelers will glide up and down the canals and see the quaint city under the wizardry of superb color effects at sunset and by moonlight. A railroad ride through Greece, bird studies in the colors of nature, and entirely new animated cartoons are some of the other features.

At the Ottoway.
Announcement is made that the opening performance at the moving picture feature Annette Kellermann in "Neptune's Daughter," will take place at the Ottoway on December 21 and 22. This photo-play met with an enthusiastic reception in New York, and was endorsed by every critic, as an exceptional picture. The story deals with the Land of Make-Believes, for two hours and one half we wander from one beautiful scene to another, while the creatures of this mystic land unfold a tale that might well have come from the pages of Hans Christian Anderson.

Annette Kellermann as "Neptune's Daughter," dives, swims, dances and fences and does some remarkable acting. As the principal figure in this drama of land and sea, of the realms of the immortal King Neptune and the mortal King William, Miss Kellermann is ever on the screen.

MARSHALL CONTRIBUTES \$100 TO RED CROSS FUND.
Washington, Dec. 12.—Vice President Marshall today entered to the tune of \$100, in the Christmas seasonal roll of the Red Cross. With this contribution he sent the following note:

"I fear the calls for help at home and abroad are to be so numerous and all-compelling that many of us must curtail our pleasures at the best of duty and larger charity work spells love."

WALTER CAMP PICKS HIS ALL-AMERICAN TEAM

New York, Dec. 12.—Players from nine eastern universities and two western are selected by Walter Camp, famous football authority for this season's "All-American" eleven.
Camp's selection for the first All-American eleven as published in the present issue of Collier's Weekly are: Ends, Hardwick, Harvard and O'Hearn, Cornell.
Tackles, Ballin, Princeton and Trumbull, Harvard.
Guards, Penneck, Harvard and Chapman, Illinois.
Center, McEwan, West Point.
Quarter, Ghee, Dartmouth.
Half backs, Maulbetsch, Michigan and Bradlee, Harvard.
Full back, Mahan, Harvard.
Chas. Brickley, Harvard's sensational back and drop kick lost his chance for a place on the team this year by illness. Le Gore, Yale's star of the year is placed at full on the second All-American team.

Camp's selections for the second team include seven men from eastern schools, three from the west and one from the southwest. The second team follows:
Ends, Merillat, West Point and Brann, Yale.
Tackles, Nash, Rutgers, and Patterson, Washington and Jefferson.
Guards, Jordan, Texas and Shenk, Princeton.
Center, Des Jardien, Chicago.
Quarter, Barrett, Cornell.
Half backs, Spiegel, Washington and Jefferson and Cahall, Lehigh.
Full back, Le Gore, Yale.

On the third team, Camp places seven eastern men and four western as follows:
Ends, Solon, Minnesota, and Overesch, Annapolis.
Tackles, Halligan, Nebraska, and Weyland, West Point.
Guards, Spears, Dartmouth and Meacham, West Point.
Center, Cruikshank, Washington and Jefferson.
Quarter, Wilson, Yale.
Half backs, Pogue, Illinois and Takman, Rutgers.
Full back, Whitney, Dartmouth.

"The material for the selection of the All-American team for 1914 is especially strong in many respects," Camp declares. "As far as the back field is concerned, there is material for easily a half dozen first class elevens, while when one takes the country over the forward line is also well provided for, although it contains fewer stars in number than the back field."

FEED OUR OWN POOR FIRST SAYS MRS. SLINGERLAND

New York, Dec. 12.—"Quick action must be taken by every American to stop this flood of food and money to Europe. Despite our prosperity, conditions have been brought about by the war which have driven the unemployed in the cities to desperation. We must feed our own poor before we aid foreign victims of the war."
Mrs. Nellie V. Van Slingerland, founder of the Black Cross Society, made the above statement tonight in outlining plans of the Black Cross to head the vast shipments of American wealth to Belgium and other countries in the war zone.
"America has recovered in a business way from the first effects of war," said Mrs. Van Slingerland, "but the men thrown out of work during these past months cannot all be re-learned to work immediately. Unless something is done to relieve them, we will face a condition more desperate than any in past years."
Charity organizations have been hampered and their work stopped by the tremendous flood of our bounty and wealth to Europe. We must hold our food and clothing here to care for those who produce it. Down at the big steamer piers are men loading tons of foodstuff on vessels bound for Europe while at their homes are hungry families. The cold of January will bring the women who are now sending their clothes to Belgium, to their senses and make them realize that charity begins at home.

The organization of the Black Cross Society will be perfected at a meeting at the Astor Hotel, December 16. Scores of prominent New York people have joined the movement. Many who were most active in gathering funds for the Belgians have now turned their efforts to supplying the needs of America.
The movement started when Germany taxed Belgium \$7,000,000 on the same day that American ships unloaded in that country several million dollars worth of food and clothing. The society holds that by feeding the Belgians, America is supplying the German soldiers with ammunition.

Red Hair Found on Brush Sufficient to Start Ohio Divorce Suit

Cleveland, O., Dec. 12.—Mrs. Carolyn Kurtz Battle Y Alvarez, aged 28, told Judge Gott in her application for divorce here late today that the discovery of several long red hairs in her brushes on her return to her apartment in New York in 1912 was enough. Her husband, Evaristo Raymond Battle Y Alvarez, son of a Spanish nobleman, had also failed, she testified, to take away three suitcases filled with dainty lingerie, not her own.

Mrs. Alvarez is the adopted daughter of S. S. Kutz, wealthy Canton, O., manufacturer and president of a cash register company.
Alvarez is the son of the former governor general of the Philippines under the Spanish regime.
Judge Gott reserved his decision for sixty days.

BANKRUPT SALE

Brown University—April 30th at Providence, R. I.
Yale University—May 1st at New Haven, Conn.

"Zudora," the best serial the Amuse U has ever shown, starts Thursday, 10c. 13-11

STOCK MARKET OPEN—PRICES HELD FIRM

New York, Dec. 12.—Wall street came back to its own today. Open trading on the stock exchange was resumed for the first time since July 30, when it was shut off because of the war. Trading was not entirely free, a minimum price having been fixed for all issues, but that did not check the market's activity. With the floor fairly jammed with traders, business for the two hours the exchange was open—from 10 until 12—was above what would have been considered normal before the war broke out.

All prices were well above the mark of the closing day in July. Prices today were up from one to three points at the close over the opening figures. Brokers expressed themselves as well pleased with the prospect following the close of the market. The strength shown, they said, augured well for the future. It was predicted that trading will soon be normal in all channels.
A sound of battle is in the land, and of great destruction.—Jeremiah 1, 22.

Being myself not a stranger to suffering, I have learned to relieve the sufferings of others.—Virgil.
