## TRINITY SQUAD ARRIVES TOMORROW

That Trinity basket ball squad will arrive in the city tomorrow, noon, and tomorrow night will be ready to do battle with the local Y. M. C. A. team. These two teams always furnish the most exciting and interesting games of the season for the fans of this section, and the game tomorrow night promises to be no exception. For the past six seasons Trinity has played the local quintet here, and never has the winner won the first game by more than two points. Last season the local five won the first game by one point and the second by two. The game tomorrow night is a toss-up, and a battle royal is expected.

The Trinity team this season is headed by Thorne, who is captain. Thorne plays it well, too. At the forward positions will be seen Siler and Anderson, and by reports these two men are working together better than any pair that has ever been seen at Durham.

The local five is working like one man and the "green machine" is going at a rate that will be hard to stop. Crowell and Stewart will be seen at forwards with McClintock and Ross at the guard stations. Hill or Davenport will be seen at center tomorrow night. Hill outjumps Davenport, while the latter is a better offensive player than the former.

The game tomorrow night will be called promptly at 8:30, the admission being 25 cents. There are no reserved seats, and the doors will open at 8 o'clock.

## KING'S STABLE OWNS SEASON'S BEST COLT

(Correspondence of the Associated Press.)

London, Dec. 2.—The racing season under the auspices of the Jockey Club closed with the king's stable as owner of the year's best colt, Friar Marcus, which is regarded as the most promising candidate for next year's Derby. Friar Marcus went through the season undefeated, a distinction enjoyed by no other juvenile of note.

The list of winning owners is headed, for the second time in succession, by J. B. Joel, whose dozen winners captured an average of two races apiece, worth in the aggregate about \$155,000, as against \$60,000 taken by His Majesty, who ranks sixth in the list. Three-fourths of the king's total was won by Friar Marcus. Among the first twenty names of winning owners there is not a man of moderate means. Waldorf Astor, with only three winners, won over \$80,000, giving him second place. W. M. Singer won \$40,000; H. B. Duryea, \$32,000; Mr. Fairlie, \$29,000 and H. P. Whitney, \$17,000.

Among the trainers, Alec Taylor was the most successful, horses from his Manton stables winning \$160,000. In the list of winning jockeys, the Irish rider, Steve Donoghue, stands easily first with 129 victories out of 680 mounts. This is his first time in top place, which has been monopolized for seven years by Frank Wootton and Danny Maher, both now retired.

## CRICKET CLUBS ARE IN THE HOLE

(Correspondence of the Associated Press.)

London, Dec. 2.—Most of the prominent cricket clubs in England show an alarming financial deficit for the season, as a result of the damper which war put on the sport after August 1.

The Lancashire Cricket Club, with an annual income of about \$40,000, had a loss of \$6,500. The Northamptonshire club was able to finish its season only through the receipt of a gift of \$2,500 from Lord Lilford, an enthusiastic follower of the sport. The club has decided to abandon the game for the year 1915 and assess all members a sum sufficient to enable the organization to start the 1916 season free of debt.

The Hampshire County Club, after beginning the year with a large surplus, finds itself at the end of the season with a deficit of \$4,500. Exact figures are not available for the other prominent clubs, but it is known that all have suffered severely.

## Trinity to Meet Washington & Lee and Swarthmore In Joint Debates

Special to The News. Trinity College, Dec. 17.—On Saturday night the annual debate between the Hesperian and Columbian Literary Societies will be held in Craven Memorial Hall. The question for this debate is: "Resolved, that candidates for offices filled by direct popular election should be chosen in direct primaries." The Columbian Society has chosen the affirmative of this question; and the Hesperian Society will have the negative.

On March 6th this college will debate Washington and Lee University at Lexington, Va., on the following question: "Resolved, that the nominating convention is preferable to the direct primary as a means of choosing candidates for offices filled by direct popular election." Trinity has the affirmative of this question. The Trinity debate council has recently arranged a series of debates with Swarthmore College, Swarthmore Pa. The first of this series will be held at Swarthmore some time in March on the following question: "Resolved, that the Monroe doctrine should be abandoned."

## WAIVERS ASKED ON 18 MEMBERS CHICAGO NATIONALS

By Associated Press. Chicago, Dec. 17.—Waivers have been asked on 18 members of the Chicago Nationals, according to an announcement by Manager Bresnahan, who added that 17 players on the reserve list would be retained.

Play in the American and National Leagues next season will start on April 14, President Johnson said before departing last night for French Lick to attend the schedule meetings. The 1915 schedule, it was said, would call for 154 games, as in former years and the season would close on about the same date as this year. President Johnson said he expected to meet Jacob Ruppert, Jr., and T. L. Huston, of New York, and make final arrangements under which they will assume control of the New York Americans.

## TRINITY WON FROM GUILFORD

(Correspondence of the Associated Press.)

Greensboro, Dec. 17.—Guilford College lost to Trinity College at Guilford last night in a fast game of basketball by the score of 43 to 25. The shooting of the Trinity forwards, Siler and Anderson, together with the excellent work of Wooten at guard, featured the game. Especially were they good for long shots.

For Guilford, Jones, the small left forward, starred, while Smith, at right forward, and Semans, at guard, played fast ball. Groome, the Guilford center, outplayed Neal, but in every other position Guilford was the weaker.

The Trinity team to the man was not only heavier than the Guilford quintet, but was also taller. The scores and positions follow: Trinity—Siler, right forward, 17 points; Anderson, left forward, 12 points; Neal, center, 2 points; Thom, left guard, 2 points; Wooten, right guard, 10 points.

Guilford—Jones, left forward, 8 points; Smith, right forward, 7 points; Groome, center, 4 points; Semans, right guard, 4 points; Futrell, left guard; Wood for Smith, 2 points. Referee—R. F. Doak, of Elon College.

## "RED" ROWE IS LANDING PLAYERS

Special to The News.

Greensboro, Dec. 17.—W. H. Rowe, recently appointed manager of the Greensboro Patriots for 1915, will arrive in the city Saturday and will spend two or three days here conferring with the directors of the club. Considering the late date at which Rowe received his appointment, he is doing great work toward landing a bunch of good players to represent Greensboro next season.

In a letter to a friend here yesterday Rowe stated that he was firmly of the opinion that he had landed several good men for his club. The new manager speaks in high terms of "Doc" High, signed for the outfield; Welch, of High Point, signed to play in the infield and "Doc" Watson, who comes in exchange for Perritt, Rowe did not hesitate to put it down in black and white that he thought each of the three men mentioned above would prove towers of strength for the Patriots.

Rowe also writes that he feels positive he will have a bunch of real hitters to represent Greensboro and mentions the average of the three men named above. High hit 425, Watson 313 and Welch 254. The figure made by Welch is considered good as he is only a youngster and last season was his first tryout in professional ball.

## Winner of All Age Stake.

By Associated Press. Montgomery, Ala., Dec. 17.—John Proctor, owned by A. L. Curtis, of Texas, yesterday won the all-age stake of the Southern Field Club Trials over the course at Letohatchee, near here. Billionaire, owned by P. T. Bedford, of Hartford, Conn., was second and Security, owned by J. M. Avant, of Grand Junction, Tenn., was third. All three dogs are pointers. The field trials ended today.

## Olympic Heroes Killed in Battle.

(Correspondence of the Associated Press.) Dunkirk, France, Dec. 2.—Gabriel Poulain, who won the world's professional bicycle sprint championship in 1905, and O. Lapize, an Olympic games champion and a widely known professional rider, have been killed in action. Among those reported captured by the Germans are Tromselli, a famous road rider; Brocco, a six-day racer; Berthet, a former holder of the world's one-hour record, and Hourlier, last year's sprint champion.

## AMUSEMENTS

At the Piedmont.

For the last three days of this week the Piedmont theater will present one of the biggest novelty acts upon the entire Keith circuit of theaters when the Dorris Wilson & Co. will offer something entirely new to vaudeville. This act is breaking its jump from Tampa, Fla., to the Palace theater in New York city, where it will play a return engagement. There are three pretty girls and one very clever man in this act and all special scenery and effects are carried for the proper presentation. Yes, they are sisters, and they have the greatest original novelty entitled "Through the Looking Glass." This will be the biggest feature that has been seen at the Piedmont in many a day. Another big time offering is that of Mr. and Mrs. Arthur Cappelen in their domestic comedy sketch, "Hiring a Maid." The Philadelphia paper quotes this act as "first a laugh and then a scream," and it's all clean-cut comedy, too. The Silvenos in a novelty London shadow-graph act that is clever as well as full of bright comedy, while Jeanette Spellman, a singing comedienne will make up one of the best all-round novelty programs seen in this theater. "The Master Key" will be presented for the first time upon Friday and Saturday and is shown as an extra added attraction.

At the Ottoway.

"Neptune's Daughter," which is to appear at the Ottoway next Monday and Tuesday is the most gorgeous series of marine and land pictures ever grouped together. It is designed to display to the best advantage the physical charms and accomplishments of Annette Kellermann, the most famous swimmer in the world and the woman whose form matches that of the Venus of Milo.

It cost \$50,000 and took 8,000 feet of film to produce. The scenes are to be found in the Bermudas, where coral reefs, submarine grottoes, long stretches of beaches, bold headlands and wonderful tropical foliage are abundant.

Barns Fly Dutch Flags.

(Correspondence of the Associated Press.)

Amsterdam, via London, Dec. 2.—In order to mark their nationality, most farm houses, residences, and even barns on neutral territory near the Belgian border now fly the Dutch flag. In many instances houses are located on the boundary line, with perhaps two or three rooms in Belgium, and the remainder in Holland. In such cases, the Germans invariably place a guard inside the house in order to prevent the operations of smugglers or deserters.

New Governor Favors Agriculture.

(Correspondence of the Associated Press.)

Amsterdam, Dec. 2.—Major General Kelm, recently appointed German Military Governor of the Belgian province of Limbourg, entered upon his new duties with a proclamation in which he declared that under his government agriculture and cattle-raising would find high favor and protection. He also guaranteed protection of person and property to all Belgians, and vigorously protested against reports that young men who returned would be pressed into military service. In conclusion he warned the population against any acts of violence toward German soldiers.

## GERMAN PRESS COMMENT ON NAVAL RAID

Berlin, via Amsterdam and London, Dec. 17, 9:30 a. m.—Concerning the shelling of Scarborough and Hartlepool The Berliner Tageblatt says: "Again our naval forces, facing the danger of the scattered mines in the North sea, shelled English fortified places."

The Deutsche Tages Zeitung expresses satisfaction with the attack, especially immediately after the naval battle of the Falkland Islands. The Berlin Neuesten Nachrichten says: "This time it is not a daring cruiser trick with the transitory throwing of a bomb, but a regular bombardment of fortified places which is a new voucher for the gallantry of the navy."

The Boersen Zeitung says the bombardment is possibly the herald of greater events. The Boersen Zeitung says of the German bombardment of English coast towns: "The heroic spirit which animates our army and navy alike has once more been splendidly proven in the attack on the English east coast which our beloved English cousins cannot have believed possible in view of the vigilance of their navy and the protections afforded by extensive mine firing. The plucky German seaman fears neither mine nor superdreadnaught. The iron greetings thrown by our naval pieces on the English coast are possibly an indication that great events are imminent."

## East Indian Troops Are Fastidious in Eating

(Correspondence of the Associated Press.)

London, Dec. 2.—The East Indian troops are giving no end of trouble because of their fastidiousness in eating. In the Netley hospital near Southampton, Hindus and Mohammedans wounded almost came to blows over the question of how their goat and sheep would be served. It has been necessary to separate them to avoid fighting.

The Mohammedan wants the animals' heads cut off, the Hindu insists that the throat shall be cut and the beast allowed to bleed to death after custom immemorial. At first the British in charge of the hospital lightly inclined to weigh the matter lightly, but they found that it was of serious concern to the Indian. After two or three clashes between the factions they were placed in different parts of the hospital and their respective requests in the matter of how goat or sheep should be despatched are being carefully observed.
