CLYDE MAY MAKES 145 BUSHELS CORN ON SINGLE ACRE

Special to The News.
 Raleigh, Dec. 17.—Yesterday was the day set apart for the final meeting of the members of the Boy's Corn Club for Caldwell county, when the reports were to be heard and the prizes awarded. More than 25 boys out of a membership of 65 braved the zero weather and were on hand at the hour designated.
 Every boy brought along 10 ears of corn of his own production, as an exhibit for the purpose of study and inspection of the members.
 I. W. Hill, manager of the National Corn Club Association, and A. K. Robertson, assistant manager of the corn clubs of the state were present. Prizes were awarded for the best exhibits, the first prize on prolific corn going to Clyde May, while the second and third fell to Lloyd Smith and Donald Conley respectively.
 While the final yields and reports would not be announced yesterday owing to the fact that they are in the hands of State Manager Brown, and by an oversight were not returned for final announcement, yet sufficient information is at hand to show that

all the boys did well during the past year and their record is by far the best ever shown in Caldwell county. Clyde May, the young son of Will May who lives two miles southeast of Lenoir has an easy lead over all the other boys and produced during the year 145 bushels and 19 pounds on one acre of land at an actual cost of 19 cents per bushel.
 Some other yields that have been announced were: Lester Flowers, 110 3-4 bushels, at a cost of 13 cents per bushel; H. B. Steele, Jr., 93 bushels, 12 pounds; Horace Haas, 78 bushels; Allen Laxton, 70 bushels; Boyd Cloer 65 1-2 bushels; Herbert Clay, 67 1-2 bushels; Will Clay, 65 bushels; Guy Barlow, 64 bushels; Fred Roberts 66 3-4 bushels; Henry Steele, 60 bushels; Paul Steele 60 bushels.

Dr. Joyner Wants Permanent Community Service Secretary To Be Appointed

Special to The News.
 Raleigh, Dec. 17.—In a statement announcing great success scored in observance of Community Service Week throughout the state last week State Superintendent of Public Instruction J. J. Joyner urges that a permanent community service secretary with headquarters in the state department of education be provided to give his entire time in co-operation with the department, Social Service Conference, Farmers' Union, Women's Clubs and other organizations, to stimulation and direction of community service work, following it up throughout the year and making effective the community service now so well started.
 Dr. Joyner announces that reports to his office show great numbers of counties, communities and schools observed Social Service Week and in some sections where weather was bad the observance is to be had later. The Community Service Committee feels that a splendid beginning has been made.

W. N. C. Conference to Hold Various Missionary Conferences in January

Special to The News.
 Salisbury, Dec. 17.—The mission board of W. N. C. Methodist Conference in session here this week arranged a series of missionary institutes to be held in each district of the conference during January. They also decided upon holding at Thomasville some time in April an efficiency conference. This conference will be composed of about 150 prominent church workers and will be presided over by Bishop Waterhouse.

MR. FRANK LONG.

Special to The News.
 Newton, Dec. 17.—This morning about 5 o'clock Mr. Frank Long, who has been quite ill for some time, died at the residence of his brother, Dr. T. Walter Long. The funeral services will be held at the residence of Dr. Long Friday morning at 10:30 and the interment will be in the family plot in the Methodist church yard at Catawba.

FARMERS' UNION TO URGE ITS PROGRAM OF LEGISLATION

Special to The News.
 Raleigh, Dec. 17.—Secretary E. C. Falres of the State Farmers' Union, is sending to every member of the general assembly a special letter urging that they support the ten important measures that the Union will urge the next legislature to pass. The letter follows:

"As a member of the coming general assembly of North Carolina the officers of the State Farmers' Union wish to congratulate you upon your opportunity for rendering distinguished service to the people of North Carolina, and especially to our farming interests. Many matters of great importance in the state's upbuilding will need your support, and it is to some of these that we wish now to call your attention.
 "We refer to the measures endorsed in the enclosed resolutions adopted by the State Farmers' Union at its recent session in Greenville—measures not of a partisan character, but affecting especially the interests of our rural population, and enthusiastically advocated by the greatest organization of farmers North Carolina has ever known. A list of the measures thus endorsed is as follows:
 "1. For repeal of the crop lien law.
 "2. For greater economy in government, salary instead of fee system, abolishing office of county treasurer, etc.
 "3. For land segregation between the races so that white communities that wish to remain white may limit future land sales to white people.
 "4. For a state-wide legalized primary for all offices, safeguarded by a strong corrupt practices' act.
 "5. For a modern law governing cooperative enterprises.
 "6. For lighter taxation of labor compensated for by heavier taxation of inheritances and unearned incomes.
 "7. For extending anti-jug law territory.
 "8. For raising the compulsory attendance age limit to fourteen.
 "9. For an appropriation that will give our farmers the full benefit of the Smith-Lever funds.
 "10. For listing the source of ammonia on all fertilizer sacks.
 "The resolutions regarding these ten leading features of the Farmers' Union program, and also on one or two other matters that may call for some legislation, are sent you herewith in full. We earnestly hope you will now give them your patriotic consideration, and at the proper time your support."

FOARD-HOOVER.

Special to The News.
 Newton, Dec. 17.—Dr. Fred T. Foard and Miss Mattie Hoover were married yesterday.

An Old, Family Cough Remedy, Home-Made

Prepared—Costs Very Little, but is Prompt, Sure and Effective.
 By making this pint of old-time cough remedy at home you not only save about 25 cents as compared with the ready-made kind, but you will also have a much more prompt and positive remedy in every way. It overcomes the usual coughs, throat and chest colds in 24 hours—relieves even the most stubborn cough quickly—and is excellent for bronchitis, bronchial asthma, hoarseness and spasmodic croup.
 Dissolve from any drug store 2 1/2 ounces of Pinex (50 cents worth), pour it into a quart bottle and fill the bottle with plain granulated sugar syrup. Full directions with Pinex. Keeps perfectly and tastes good.
 You can feel this take hold of a cough or cold in a way that means business. It promptly loosens the dry, hoarse or painful cough and heals the inflamed membranes. It also has a remarkable effect in overcoming the persistent loose cough in the throat and bronchial tubes.
 The effect of Pinex on the membranes is known by almost every one. Pinex is a genuine, valuable concentrated compound of the finest Norway pine extract combined with quinine and other natural healing elements.
 There are many worthless imitations of this famous mixture. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex," and do not accept anything else.
 A guarantee of absolute satisfaction. If money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.
