### SABBATH OBSERVANCE URGED

Rev. Robt. A. Tuftt, Rector St. Peter's Episcopal Church, Preaches Strong Sermon on Observance of Sabbath—Commends Mayor and Recorder.

Rev. Robert A. Tuftt, rector of St. Peter's Protestant Episcopal church, preached a strong sermon on Sabbath observance yesterday morning. He said that the very hope of a government to continue its existence was on observance of the Sabbath day. In a logical and concise way, he showed that the Creator from the building of the earth had always required that a man should rest one day in seven; that it was in the Commandments, and he quoted all through the Bible to show the Scriptural authority of Sunday observance. In his sermon he showed that France, where Sunday was abolished, it was necessary to be re-established to preserve peace and good order, and said that those foreigners who came to this country were welcome to come, provided they were willing to maintain the American standard of church-going, and Sabbath observance, but if they were not, a kind farewell would be given them. He quoted scientists and others to show that it was necessary for a man to have a rest day. The sermon was one of the strongest ever preached in the church.

### Attractive Program for Children's Day at Trinity Church

Children's Day was observed at Trinity church yesterday with an unusual attractive program. The morning service was given over to the Sunday school. At 11 o'clock the primary and junior departments marched in, singing "We are Little Soldiers Marching," and carrying American flags, making a circuit of the church and grouping themselves inside the chancel rail. With such a sunbeam choir the call for "Shine" could not be resisted, an air rang out clear and strong in childish voices. The general theme of the exercises was "Soldiers of the King," and the material note running through the program made it a ver y attractive one. Both the ensemble and the individual members were good, and among them should be mentioned the song "We are Little Soldiers" by a group of small children wearing white chapeaux and carrying white flags; the Bible exercise by boys with Bibles; the cradle roll exercise; and the "I've a Story to Tell to the Nations," introducing song and dialogue by American children with the national flag and children of heathen nations with their flags. The class to graduate from the primary to the junior department numbering seven, and was presented with diplomas and Bibles. They gave an exhibition of the training they have had by repeating in unison all the books of the Old and New Testaments, the Ten Commandments, the Beatitudes, and the 13th chapter of 1st Corinthians. At the evening service Dr. Marr preached on the fall of Adam. Man was removed from Eden for his good, and not as punishment, but hope was left with him, with promise of victory in the end. A practical application was made of God's question: "Where art thou?" with lessons for the Christian, the backslider and the sinner. Notes. The quarters for the chorus choir have not been completed, and make a very convenient and attractive arrangement. Under the direction of Mr. Bucher this choir last night led in the singing of some of the old hymns of the church, interspersed with some of the Chapman-Alexander selections, and helped greatly to round out a very enjoyable service. The stewards of the church have begun a series of visits to the homes of the congregation. Yesterday afternoon parties of them called at all of the homes in Dilworth, and these visits will be continued from Sunday to Sunday until all of the members in the city have been called upon. Wednesday evening at 8:15 o'clock weekly prayer meeting as usual will be held. Thursday evening at 6 o'clock the Business Women's Circle will meet in the Sunday school room of the church, and all members are urged to be present.

### WANT LEGISLATION FAVORABLE TO OUR SHIPPING

San Francisco, June 28.—What is intended to be a nation-wide appeal for legislation favorable to American shipping was launched here today with the forwarding of resolutions to President Wilson, Secretary Redfield and 400 American commercial bodies by the San Francisco chamber of commerce. Each of the organizations to which the resolutions were sent has been asked to request its congressional delegation to urge the enactment of laws favorable to American shipping and for repeal of existing "discriminatory acts. The resolution request President Wilson to appoint a commission of practical shippers to study the laws and regulations relating to government shipping in this and other countries and then draft a bill outlining conservative method of building up a permanent merchant marine. The announcement that the Pacific Mail Steamship Company would discontinue its trans-Pacific service and that the Dollar line would change from American to British registry, together with rumors that other Pacific steamship companies were planning to haul down the American flag, were given as reasons for the appeal.
