**IDEAL:** High-class Pictures, 10:30 A. M. to 11 P. M.

At the Broadway. A new drama brimful of love and patriotism is shown at the Broadway theater today. Its title is "Bonnie and Clyde."

At the Academy of Music. This afternoon and tonight—at the 3 o'clock matinee and the evening shows at 7:15 and 9 o'clock—will offer the last opportunity to see the program of Keith vaudeville at the Academy of Music during, the latter half of the week, a program which has produced more laughs in the audience perhaps than any show that has appeared here in a long while.

**Coming** The Greatest Film Show on Earth—**"THE WRECK OF THE CIRCUS"**

Coming to The Edisonia Monday of each week for Eighteen Weeks, beginning January 20th.

### Heat Your Entire House From One Register

**SIMPLE — WARM — COMFORTABLE**

Just this one large register. The hot air comes up through the center circle and the cold air goes down the other compartment between the circle and the border. It's right over the Quaker Pipeless Furnace.

More heat—and just where you want it—always ready. To warm that cold room, just open the door. The Quaker Pipeless Furnace has no pipes, no bulky cold air returns. Your walls are not torn up, no cellar is too small. Special humidifier keeps the air always moist.

The furnace is built of heavy boiler plate steel, no cemented joints to leak gas, dust or soot. Fire pot lined with high-test fire brick, capable of withstanding 3400 degrees of heat. An abundance of clean, pure warm air sent to every room. Simpler than a stove to operate, cleaner, more saving of fuel, and much more healthful. Sends heat to every room in the house. Ventilates as well as heats. Changes and purifies the air to every room. Keeps the cellar cool for fruit and vegetable storage.

Strange and stirring vicissitudes bring the two men together in No Man's Land, and later at the base hospital, where Bonnie Annie is a nurse. Here she is compelled to make her final choice between the Scotch laddie and the American boy. Her decision is not the obvious one, however, and can best be found out by seeing this play at the same theater today.

At the Academy of Music. This afternoon and tonight—at the 3 o'clock matinee and the evening shows at 7:15 and 9 o'clock—will offer the last opportunity to see the program of Keith vaudeville at the Academy of Music during, the latter half of the week, a program which has produced more laughs in the audience perhaps than any show that has appeared here in a long while.

**At The Strand.**

It is a wonderful thing for a man to be a master of many trades and it is even more so when a young woman is found possessing this good fortune. Ruth Roland, star of "Hands Up," the new Pathe serial, shown at the Strand theater on Saturday, could readily abandon her dramatic career—which, of course she never will do—and secure a position in an architect's office.

There are no "sets" in any of the productions with which she has been identified that she has not assisted in the direction or construction thereof. Many of the novel devices used in "Hands Up" are her brain children. Whenever the script calls for a scene to create a big thrilling effect and there is a problem as to how to effectively arrange the "props," Miss Roland is always drafted into service and usually she has a ready solution to offer which carries with it a big "punch."

Her work in this great serial is marked by splendid daring and the perilous feats she performs seem almost impossible to accomplish without injury to herself.

### GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (if often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

**At The Academy of Music.**

Do you remember the "My Hero" song in the famous "Chocolate Soldier" not so many years ago, and the sensation it caused all over the country. It was a hard song to sing and a thorough test of artistic ability to impress it properly on an audience. Well, the girl who first sang "My Hero" in "The Chocolate Soldier," was Frances Kennedy, who is booked to play at the Academy Theatre in this city beginning Jan. 13th, 1919. Since the day of the great old musical comedy Miss Kennedy has rounded into a vaudeville headliner, and now is regarded as one of the stellar attractions on the Keith and Orpheum circuits.

She still retains the glorious voice that first won her fame, but to it has added a vein of comedy which makes her even more welcome.

**At The Auditorium.**

The Great Blackstone arrived in the city early today from Norfolk, Va., and will figure in two events that are attracting genuine interest and public attention.

Primarily the superman of mysticism and master mind of magic comes here to play an engagement at the Auditorium theatre tonight.

Incidentally this wonder worker, advertised as possessing the cleverest hands in the world, will give this afternoon at 5 o'clock a public demonstration of the powers of mental telepathy. His test is styled a postoffice chase and it will take him on a dead run all over the downtown section, starting from the square.

The superman will be blindfolded by a committee of business men and will be sent out to locate hidden keys and to deliver letters. Not being able to see, but not once halting in his onward dash, Blackstone will be directed mentally by thought transmission by the thoughts on the minds of the members of the committee.

Blackstone will not know where the keys are located or the routes to be taken. The committee does. By keeping these locations and routes on their minds and one at a time clapping the superman's hand, the committeemen through mental telepathy will direct the steps of the runner.

Tonight at the Auditorium, the Great Blackstone and his company will in 150 minutes present 100 feats and features having to do with magic, illusion, legerdemain, card manipulation, hypnotism, levitation and disintegration.

**LARGE ATTENDANCE AT CHAPEL HILL**

Chapel Hill, Jan. 11.—A rousing welcome was given to both the old and new students of the University of North Carolina at a well attended mass meeting of the student body held in Gerrard Hall Thursday night. The regular pre-war schedule has again been adopted at the University and things have been started all over. The uniforms of the men have discarded their uniforms, the only remaining evidence of the S. A. T. C. regime. Many new men have entered the University while the large number of former students returning is gratifying to the University authorities. Registration has not yet been completed.

**TO BE UNDER HER MANAGEMENT**

Monroe, Jan. 10.—Miss Marietta Cain of Salisbury has bought an interest in the Strand theatre and will attend to the management of same. She owns interest in several "movies" among them being one in Durham and one in Salisbury.
