McEwen, dance instructor de luxe, who has just completed his education in the latest dances of Paris and America. STATE FEDERATION NOTES

The clubs of the North Carolina Federation of Women's Clubs that were represented at the council meeting in Gastonia last week are indeed fortunate in having firsthand information as to the proceedings of the meeting. According to newspaper accounts and reports of those in attendance a program of timely interest marked the two-day session of the council. As a rule the resolutions adopted at the closing session of a council or convention indicate the trend or tenor of the gathering. Among the resolutions adopted by the council was the endorsement of the United States training corps for the promotion and maintenance of the health of women. The council would urge upon congress the passage of a bill now pending to establish a camp for women at Asheville. A copy of the resolution was sent to Miss Susan Acroft and Lieutenant Wadsworth, chairman of the committee. Miss Acroft, a physical director of national note, was employed by the government during the war as director of training camps for women and the results were such that she would like to see permanent camps established for the women throughout the country. She is scheduled for a series of lectures in Raleigh during January and may appear before other clubs of the federation.

Recognizing the need of a clinic in the state, both as a preventive and corrective measure, members of the council went on record as favoring the establishment of a state clinic. The Red Cross roll call received the hearty endorsement of the council and in the campaign launched the past week North Carolina club women were urged to bend every effort towards increasing the Red Cross membership.

Especial emphasis was put on the sale of Red Cross Christmas seals this year. Realizing that this gives the greatest opportunity for doing anti-tuberculosis work the club women passed a resolution endorsing the sale of the seals and urging every one to enter into the work wholeheartedly. The chairman of health departments and clubs throughout the state are asked to feature their December program with a Red Cross Christmas seal campaign.

Mrs. Henry Vogler of Winston-Salem, chairman of the education department, is making plans to have Dr. Hugh Magill of the United States Department of Education appear before as many of the clubs as he can during his stay in North Carolina. He is to make a visit to North Carolina very shortly in the interest of certain matters of national importance with regard to education. He will urge North Carolinians to support the Smith-Towner bill, which would provide a national department of education. Among the questions discussed at the Hendersonville meeting which came up for further discussion at the meeting of the council were the endorsement of a board of endorers for motion pictures; a reform in dress; a recommendation which again places the club women on record as favoring a higher

standard of requirements for teachers of our state and higher salaries for our teachers; the thrift campaign and the Americanization program.

Of particular interest was the talk of the president of the Charlotte Woman's Club, Mrs. V. J. Guthrie, who is chairman of the convention program. The 1920 convention will meet in Charlotte in April and Mrs. Guthrie briefly outlined some of the plans Charlotte women are making for the entertainment of the federation. The city is the home of the president of the federation, Mrs. Charles C. Hook, and of a former president, Mrs. Eugene Reilly.

Miss Eugenia Rowe, North Carolina's contribution to the overseas unit of the General Federation, will be a special guest of the convention in Charlotte and will tell the club women some of her experiences while in service. Miss Rowe's home is in Asheville.

The work of the women's division of the bureau of extension of the State University was clearly put before the council by Miss Nellie Roberson, manager of the bureau of information of the federation and the women were urged to make use of the library of the University in connection with the programs provided by the extension department. A report of the Sallie Southall Cotton Loan Fund was made by the chairman of the committee, Mrs. J. S. Williams of Asheville. This is the education fund of the federation which has been the means of financing a number of girls through college. A number of girls are being helped through college this year through a loan from the fund.

The above resolutions, reports and recommendations presented by council members is proof that a vast amount of business was dispatched in the two-day meeting of the forty or more representatives of the State Federation. During the odd moments when the council was off duty the Gastonia women had very thoughtfully planned for the entertainment of the visitors. A reception at the home of Mrs. Frost Torrence on Thursday evening, the opening session of the council, luncheon on Wednesday and Thursday, an auto ride and tea at the Lorry Community House were among the delightful social functions given in their honor. The simple elegance of the social gatherings, free from any sort of lavish or ostentatious display, did credit to the hostess clubs, the Woman's Betterment Association and the U. C. Club. Representatives from the various organizations of Gastonia and Mayor R. Gregg Cherry, on behalf of the city, warmly welcomed the visitors in no uncertain terms of cordiality. The address of welcome at the opening session of the council was responded to by Mrs. J. M. Gunder of Asheville, auditor of the federation. The principal address of the evening was made by Mrs. Robert R. Cotten of Bruce, who discussed The General and State Resolutions.

Mrs. D. A. Garrison, district president and general council chairman, Mrs. George W. Hagan, president of the Gastonia Betterment Association, Miss Lowry Shuford, president of the U. C. Club and Mrs. S. A. Robinson, chairman hospitality, were uniting in their efforts to make the council meeting a success. With Mrs. Garrison as chairman, the women gave their heartiest support as the meeting itself would testify. It was one of the most successful council meetings that has ever been held. Through the thoughtful planning of the president, Mrs. Hook, a program was given which covered the workings of the federation and other questions of state and national interest. This was the first time that Mrs. Hook who was elected president in Hendersonville, has presided over a meeting of the federation and she won the hearts of the council members and the people of Gastonia by the dignity, charm and infinite tact with which she conducted the meeting.
