CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your druggist and get 1 ounce of Farmin (double strength), and add to it 1 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should be open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial.

You Can Think and Work Better; Eat and Sleep Better

If You Have Pure Blood

Your blood is made up of the food you eat, the water you drink, and the air you breathe. If your food, water and air are bad, your blood will become impure. But, even when the best and most nourishing food is eaten, the purest of water is drunk, your blood may be made impure from other causes.

For many years Plough's Prescription C-2223 has been used with great success as a blood purifier. Before the treatment, ready prepared, was offered to the public, it was used by a prominent physician to relieve those conditions caused by the impure blood. It was his prescription for blood and rheumatic troubles.

This concentrated liquid treatment contains certain medicinal ingredients which are known and used by the medical profession, and authorities agree that these are some of the few drugs which are of value in the treatment of rheumatic conditions, skin diseases and troubles, caused by an impure state of the blood.

If you are half sick, tired all the time, have reason to believe that your blood is impure, go to your nearest druggist, get a \$1.50 bottle of Plough's Prescription C-2223 and a 50c package of the 2223 Liver Pills, or the 2238 Laboratory, Memphis, Tenn., will send both, all charges paid, on receipt of \$1.75. Your money back if you are not satisfied. Clip and mail this for sample of Pills and leaflet regarding Plough's Prescription C-2223.
