A DEFINITE TURN FOR THE BETTER

Has Been Apparently Taken by Some Branches of Nation's Industries.

Washington, June 2.—While "a definite turn for the better" has been taken apparently by some branches of industry and the business outlook for the season continues generally more favorable, there is but little prospect of "an immediately sharp improvement of conditions," the Federal Reserve Board declared Wednesday night in its review of the financial and economic situation throughout the country during May.

Recovery in production and distribution has made progress during the month, the board said, but slowly and greatly retarded. However, it added, the more hopeful attitude which has shown itself among business men recently has continued and is preparing the way for active development in some industries.

Financially, the month was one of increasing strength and of more prosperous outlook, the board asserted. In various sections of the country, it was explained, there has been an easing of the demand for funds resulting in part from acceptance of lower price levels and partially from the adjustment of business to new conditions.

LACK OF UNIFORMITY.

Irregularity and lack of uniformity still exist to a marked degree in the retail price field, the board observed. Serious obstacles to the final adjustment of wages were forecast unless retail prices moves much faster to their final basis.

Adjustment between wages and prices, especially retail prices, is exhibiting special difficulties, the board said, while re-adjustment in wages has been slow.

Unstability of wholesale prices, the board asserted, was retarding buying for future delivery in many lines of industries where recovery was in progress and in those which were still declining. In the wholesale and retail trade, there has been some recession, mainly seasonal, it continued. The action being only sporadic, as gains made by business generally in preceding months have been retained on the whole.

FOREIGN TRADE ARRESTED.

Foreign trade during the month was described as still arrested or depressed, with its movement continuing toward a more nearly equal balance of imports and exports. Especially noteworthy in the foreign trade situation has been the volume of goods as reflected in the figures showing decreased foreign shipments and increased receipts from abroad during the month, the board said.

Unemployment was on the increase in May, the board reported, despite the anticipated improvement in the labor market due to the opening of spring agricultural activities. However, it added, voluntary unemployment has been considerably augmented as a result of increasing labor difficulties accompanying wage reductions.

Agriculturally, the board declared, the situation during the month may be characterized as unfavorable and backward. The wet, cold weather of May, it explained, interfered with crop developments and did great damage in certain sections. The fruit crop over wide areas has suffered severely. It is reported, and the development of the cotton crop throughout the South has been retarded by unfavorable weather conditions.

WILL REMOVE ENTIRE IDAHO TOWN OF 2,000

Pocatello, Idaho, June 2.—Removal of the entire town of American Falls, Idaho, with its population of 2,000, two or three miles to a new site higher than its present location is to be attempted within a few months by engineers working on a huge irrigation project.

Waters of the Snake river, on which American Falls is located, are to be dammed, according to present plans and will be used to reclaim 300,000 or more acres of arid land now given over to the sage brush. Engineers say the project is one of the largest ever attempted. The big dam itself will have an abutment of one mile in length, will be sixty feet high and will have a base sufficiently strong to stand an additional thirty feet, should it ever be deemed necessary to add to its height.

The big reservoir to be filled by the waters backing up from the dam will cover some 75 square miles and will have an impound of 3,000,000 square feet. Its waters will be taken from American Falls to Blackfoot, a distance of about twenty miles. The reservoir will have a shore line of nearly 100 miles and, at its widest point, it will be four miles across and, in places, 90 feet deep.

Besides moving the town of American Falls, it will be necessary to tear up the Oregon short line railroad and move it to higher land. A new road bridge will be razed and a new one constructed further up the Snake river. The Idaho Power Company's plant furnishing light and power to the southeastern section of the state will be removed.

FREE TO PILE SUFFERERS

Don't Be Cut—Until You Try This New Home Cure For the Cause Without Discomfort or Loss of Time. Simply Chew up a Pleasant Tasting Tablet Occasionally and Rid Yourself of Piles.

LET ME PROVE THIS FREE My internal method for the treatment and permanent relief of piles is the correct one. Thousands of grateful letters testify to this, and I want you to try this method at my expense.

No matter whether your case is of long standing or recent development, if it is occasional or permanent, you should send for this free trial treatment.

No matter where you live—no matter what your age or occupation—if you are troubled with piles, my method will relieve you promptly.

I especially want to send it to those apparently hopeless cases where all forms of ointments, salves, and other local applications have failed.

I want you to realize that my method of treating piles is the one most dependable treatment.

This liberal offer of free treatment is too important for you to neglect a single day. Write now. Send no money. Simply mail the coupon—but do this now—TODAY.

SCREEN COMEDIAN TO BE DINNER GUEST

Walter Hiers, comedian of the Paramount Aircraft photoplay corporation, a native of Cordele, Ga., will be the special guest of honor in the Georgia club dinner at the Chamber of Commerce Friday night at 8 o'clock, when the native sons of Georgia assemble for their monthly dinner.

A visit was receiving Wednesday night from Mr. Hiers, accepting an invitation to be the guest of the club here. An invitation had been sent him earlier in the day to be present. The movie star is no less a comedian in actual life than before the movie camera is widely known as one of the best fun-makers who ever came from the state of Georgia.

Z. V. TAYLOR'S BOOKS WILL GO TO LIBRARY

The books constituting the Z. V. Taylor Library will go to Carnegie Library, instead of being sold at auction, it was learned Wednesday at 31 West Trade street, where Paul Whitlock, attorney for the administrator of the estate, superintended an auction of the effects of the estate, with J. Lee Phillips acting as auctioneer.

Both household effects and personal effects were offered at the auction Wednesday. An unprecedented number of people were present and bidding on the effects was spirited from the first.

HIGH SCHOOL CLOSING.

Chester, S. C., June 2.—The commencement exercises of the Chester city schools were held Tuesday night in the auditorium of the municipal building. The commencement address was delivered by Dr. James L. Mann, superintendent of the Greenville city schools. A splendid program was given. Diplomas were presented to 26 graduates, being the largest number of graduates in the history of the municipal schools and one of the largest in South Carolina's public schools this year.
