TODAY'S MARKETS. COTTON MARKET. WALL STREET.

CHARLOTTE COTTON. Receipts today, 13 bales at 11c.

NEW YORK COTTON. New York, June 11.—There was a quiet market during today's early trading, but most of it was attributed to the further July liquidation and the opening up of scattering accounts for the week-end. London advices in regard to the coal mines by June 20, evidently failed to stimulate any important buying. The opening was steady at unchanged prices to an advance of 2 points and restive months sold 2 to 4 points higher right after the call, but this met some Southern selling and liquidation which was proceeding by continued favorable weather in the belt. October eased from 13.18 to 13.15 in consequence with the general list selling a few points below last night's closing figures.

NEW ORLEANS COTTON. New Orleans, June 11.—Week-end opening up occupied the attention of early trading today, both sides appearing desirous of lightening commitments over the week-end. From net advances of 2 to 5 points there was a fall to net declines of 4 to 8 points. Continued rains in the central and western divisions of the belt gave the market a steady tone and they were regarded as unfavorable, together with the complaints of boll weevil.
