Bees And Tygers 1-1 When Rain Stops Game

Nearly Nine Innings Completed When Water Sent Players Off Field.

With the score tied in the last half of the ninth inning in the game between Charlotte and Augusta at Wearn Field Saturday, with two down rain sent the players scurrying off the field and the game was not resumed. The count stood 1 to 1 at the end of the eighth and neither had scored in the uncomnleted ninth.

It was the fastest game seen here in some time. Webber pitching for the Hornets, allowed five hits in eight innings, and one in the ninth but that innings, and one in the ninth but that did not count, officially. Stone allowed GATCHEL HURLS four, also one in the uncompleted ninth. The Hornets made four errors, two of them Kingston's, but none of the four counted for anything in the run Augusta made. Some fast work in the field marked the contest. Augusta made the first run. Walsh, first up in the fourth inning, hit safely but was thrown out later, trying to get to third. Fulghum got a single and came home on Agnew's triple.

The Hornets made their lone marker in the fifth inning. Paschal, first up, fouled out. Williams flew out to short Kirke went two bases on his blow and scored on Kingston's single. When Kennedy came up Stone decided to walk him and take a chance with Webber. Webber grounded out. At the beginning of the ninth the Tygers mustered up what desperation they had, Walsh getting a single. The next three men, however, were easy

In Southern California, where it does not rain in summer, weather conditions can be counted on to be entirely satisfactory. The temperature should be just about right to bring out the best that is in

the contenders for honors. All the world's records are worthy ones, and they are seldom equalled and rarely broken. However, there are a few which may fall. Experts look upon the 440-yard hurdles as one of the "weak" events, although a new world's mark has just been accepted by the international committee, made by John K. Norton, on the same field last year in the Olympic tryouts, when he covered the distance in 54 seconds. Frank Loomis, of Chicago, defeated him at the meter distance and broke the record for meters, but not for yards. These two will clash here next month, and it is reasonable to expect

that a new mark may result. Another event where a new mark may develop is in the javelyn throw. Lincoln, of New York, Hanner, of San Jose, Cal; Tuck, of Oregon, and Angiers, of the Illinois Athletic Club, all know the Olympic form of throwing, which won the title for Finland, and any of these is liable to crack the

AMERICAN WINS HIGHEST HONOR IN GOLF WORLD The Spinners' City SPINNERS A DOUBLE WITH COL

Jock Hutchinson, Chicago, Beats Wethered for British Open Championship.

By CHAS. M. M'CANN, United Press Staff Correspondent.

St. Andrews, Scotland, June 25 .- The greatest golf honors in the world are America's tonight.

Jock Hutchison, Chicago professional, won the British open championship, the classic of all tournaments, by overwhelming Roger Wethered, Oxford amateur, this afternoon in the play-off necessitated by yesterday's tie. The American's margin was nine

strokes for the 36 holes, his total score being 150 to the Briton's 159. He had acquired a lead of three strokes at the end of the first nine holes and was never headed. Hutchison did the first nine holes in

36 to Wethered's 39. This lead was maintained when both did the next nine in 38. Jock's marvelous 33 on the first nine in the afternoon round gave him a lead of nine strokes, which constituted his lead at the end. Both employed 43 strokes in their final nine

Their score at the end of 72-holes' medal play yesterday was 296, five strokes over the record established by James Braid in 1906. Both got fours on the first hole and fives on the second. Wethered got the two strokes back on the next hole. After getting on the green with his second, he was down in four. Hutchison sliced his second onto the "new course," and went into a bunker on the third. He barely holed out in six. The tie was maintained throughout the fifth and sixth. The American went into the lead again on the seventh by holing a nine-yard putt for a three. Wethered required four. The score was duplicated on the eighth and ninth, making Hutchi-

son three strokes up. Hutchison increased his lead to four strokes on the tenth, a beautiful pitch to within three feet of the pin permitting him to hole out in three to a four for Wethered. Both did the eleventh and twelfth in fours.

The amateur got a stroke back on the thirteenth and another on the fourteenth when Hutchison was a little wild in his approaches and needed a five. Each got a four on the fifteenth. Wethered cut the American's lead down to one stroke on the sixteenth when Jock missed a three-foot putt and took a five to his opponent's four. The professional reversed the proceedure on the seventeenth and eighteenth, getting fours on those holes to Wetherd's

This placed Hutchison nine strokes to the good, the margin with which the match ended. Both players got fine threes on the twenty-sixth and twenty-seventh holes. The final nine holes witnessed the most indifferent playing of the match, requiring 43 strokes. Wethered got two sevens, the only ones of the day, Both did the twenty-eighth in four. Greenville, S. C., June 25 .- Any South Atlantic League player caught "doctoring" baseballs in any championship game in Greenville is liable to arrest by the city authorities and a fine in the police court, according to instructions issued today by the athletic commission which was created recently by the city council with full powers to govern any athletic event in the city. The local commission today mailed this notice to all the managers and to President Walsh. The commission says that the use of emery, paraffine or other substances for "doctoring" baseballs is strictly against the league rules and that it proposes to see that the rules are complied with, if the umpires fail to discharge their duties. It was reported to the commission that the balls had been doctored in some of the recent games here. This ruling applies to Greenville as well as the other teams, the commission stated.

Man Who Beat Dempsey Twice Picks Him To Knock Out Carp

Georges as the Latter Jumps In.

By NORMAN E. BROWN, Cleveland, O., June 25.-I figure that the man who has fought Jack Dempsey six times is in a better pesition to discuss Dempsey's chances against Carpentier than we gentlemen who have been ringside fighters. That's why I dropped in on Willie Meehan here and buzzed him. Meehan has beaten Dempsey twice, earned three draws with him and lost to him but once. And the last two times he faced the Giant Killer were the times Meehan won. Meehan saw Carpentier trounce Levinsky, which gave him considerable line on the Frenchman. Says Wee Willie:

"Dempsey will finish Carpentier any time he feels like it. "Dempsey is too rugged for Georges. Jack will beat Carpentier down-speed and all.

STAMINA BEAT JACK

"Dempsey will catch Carpentier as he jumps in—plant one to his body like that (and Willie hit yours truly altogether too rudely where we live.) Then he'll drive one to Carpentier's head.

"I beat Dempsey twice, not because I had fair speed and boxing ability, but because I had the ability to 'take I've got the stamina. The man Who beats Demisey must have that. Carpentier's a good man-a remarkable one but he hasn't got the right qualifications.

"The last time I beat Dempsey I bons's spectacular string of has in perfect condition. I'd had the greatest training period in the tender for Dempsey's crown. world to give me endurance and tough- and Meehan are booked to en me. I had been six months in the navy, up at 5:30 every morning, drilling all day and living on real food, beans, etc. Carpentier hasn't had that training. A victory for Meehan will ing. A victory for Meehan will ing.

And Willie says this seriously. He isn't trying to belittle either man. WILLIE'S BOSS OPINES Fred Windsor, Meehan's manage speaks from the "know" chair, " Windsor managed Dempsey out on the Pacific coast when Jack was an un-known. It was Windsor who first

said, "Dempsey's the next heavyweight champ. Windsor, too, managed Billy Paper who beat the Frenchman several years ago abroad. Says Windsor:

'First of all I don't believe Carpen tier is a much-improved boxer sind the war, as his friends point out French generally develop early is true of their athletes. that Carpentier was in his he beat Jim Sullivan. the champ, back in 1912 when Carpentle was only eighteen. And it was not long after that he fought the American cans, Papke, Klaus and others. he failed to convince us then that he was great. He no doubt is one of fastest, cleverest, brainiest fighters Eur rope has produced. But he isn't on a

par with Demps y." This statement, coming from a man who, at one time, was needing Demis sey to his title and now is on the out side, bears weight. MEEHEN MEETS GIBBONS

And as Dempsey trains to defend his title Meehan is training to Tommy Gibbons the acid
