

TRAIN HITS AUTOIST; HE IS AT HOSPITAL

E. S. Lynn, of 8 South Cedar street, but when his automobile was hit by a Southern passenger train at West Third street and the railroad Monday afternoon, was resting comfortably at the Presbyterian hospital Tuesday. His condition is not regarded as serious though it will be several days before he can leave the institution, it was reported.

Mr. Lynn was crossing the railway tracks on Third street when Southern passenger train No. 114 hit his machine, damaging it considerably and injuring him to the extent of several bruises and scratches. The train was said to have been going slowly at the time and persons who witnessed the accident were unable to ascertain why Mr. Lynn fell.

NEWSPAPER PLANT WRECKED.

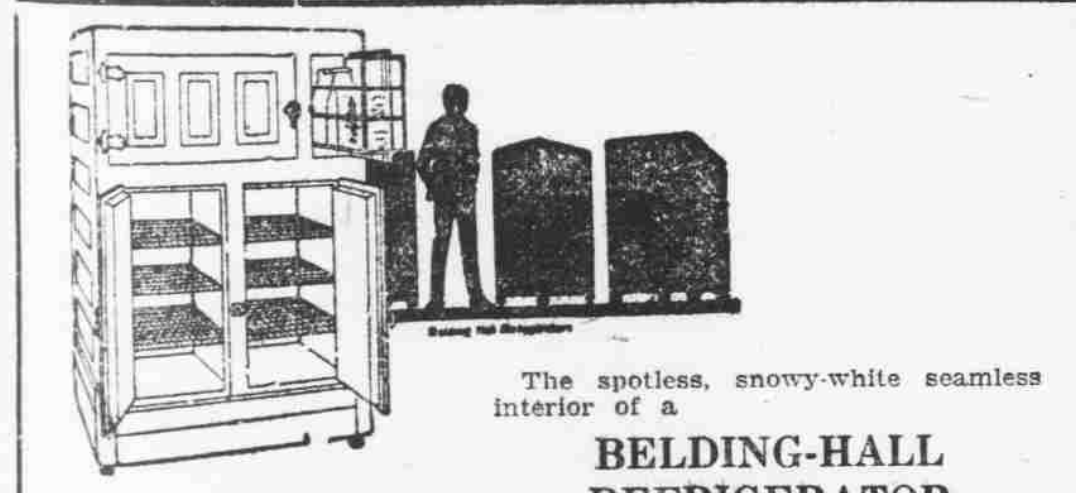

Dublin, June 28.—(By the Associated Press.)—Military forces last night raided the offices of New Ireland, the newspaper of Arthur Griffith, founder of the Sinn Fein, who is in Mount Joy prison. There was no one in the building when the soldiers arrived and smashed the front door with a sledge hammer. The offices were thoroughly wrecked.

John Evers has a first division club so far as hitting is concerned. But the Chicago Cubs lack the speed and pitching to go far. In speed and pitching Chicago does not rank much better than the lowly Phillies.

The pressure distribution remains nearly the same, except that the "high" over the Gulf states and the extreme northwest have decreased in strength.

There have been light to moderate showers near the Texas coast, northern and eastern Arkansas, central Alabama, northern and central Florida, south-eastern Georgia, and at a number of scattered stations in the Carolinas; also in the middle Mississippi valley and from the lower lakes eastward to the coast. In this state Weldon reports 100 and Goldsboro 102.

Slightly cooler weather prevails in northern Montana, South Dakota, Nebraska, the Lake district, Ohio valley and New England, but elsewhere temperatures remain about the same. Maxima ranging from 90 to 96 occurred yesterday at a number of stations in the middle west and northwest.

There are no indications of a change in temperature in this vicinity during the next 36 to 48 hours. The weather will continue partly cloudy with a probability of local thundershowers Wednesday.

Spencer, Mass., June 28.—Speak- ing of mix-up families. When Mrs. Catherine DeMarco and Louis Gagner were married here—

The bride became the sister-in-law of her son-in-law, John Gagner. The bridegroom became the stepfather of his sister-in-law, Mrs. Gagner's daughter.

John Gagner, brother of Louis Gagner, married the new Mrs. Gagner's daughter Jennie some time ago, therefore his new sister-in-law is also his mother-in-law.

Another daughter of Mrs. DeMarco Gagner married another brother of Louis Gagner, who by his marriage to their mother became their stepfather.

SUPREME OBJECT TO HELP INJURED

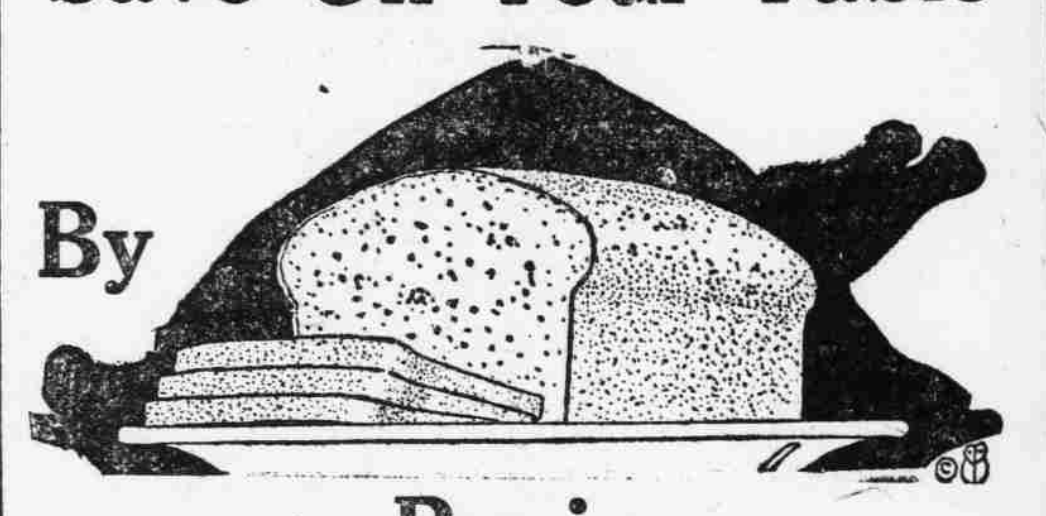

Government Tardiness in Providing for Disabled Veterans Deplored.

Detroit, June 28.—The supreme object of the Disabled American Veterans of the World War is to inspire in its members a determination to come back and to take their places in the nation as self-supporting and independent citizens. Judge Robert S. Marx, of Cincinnati, national president, told the veterans at the opening session today of the first annual convention.

Government in providing for disabled men. Judge Marx continued: "We believe the time has come when we are justified in speaking out in no uncertain terms. This war has been over nearly three years and there still is an urgent need for more than ten thousand suitable beds for sick and disabled ex-service men. Notwithstanding all of the agitation, no adequate provision has been made to take care of tuberculosis, mental and nervous cases.

"When wounded were lying on the field of battle, there was no real man who would not gladly have risked his life to carry them to a first-aid station, yet tuberculosis and mental cases today are lying virtually where they were left on the field of battle, and neither the men, the means, nor the hospitals are available to rescue them. "It is our purpose to help carry out suffering comrades to a first-aid station and to make certain that such stations are promptly provided." The organization, Judge Marx said, also would call upon citizens that promised aid to wounded soldiers and have failed them to redeem their pledges. Judge Marx declared the organization represented more than half a million wounded or disabled service men in the United States.
