THROUGH TRAINS HAD A COLLISION

No Fatalities Resulted from Rear-end Wreck Early This Morning.

Albany, Ga., Sept. 5.—Two through Florida tourist passenger trains, the Dixie Flyer and Seminole Limited, running between Jacksonville and Chicago, met in a rear-end collision at 2 o'clock this morning at Sumner, 26 miles east of here, on the Atlantic Coast Line Railway.

There were no fatalities, though several passengers were injured. The engineer on the Seminole Limited, which left Jacksonville an hour later than the Dixie Flyer, stated that the brakeman on the Flyer failed to go back for enough when his train stopped to make repairs. Over 2,000 workers are employed normally in the Charlotte mills which were affected by the strike. At the time the walk-out was called a large number of workers quit the Savanna Manufacturing company, a towel mill located near Lakewood Park.
