Tilden Upsets Johnston's Plan to Secure Final Leg of Tennis Cup.

Philadelphia, Sept. 15.—For the second time in two years, William T. Tilden II. of Philadelphia, destroyed all chance of William M. Johnston, of San Francisco, securing permanent possession of the championship tennis singles cup by defeating him here Wednesday, 4-6, 7-5, 6-4, 6-3 in the fourth round of the annual titular tournament.

Johnston was not the only former champion to be eliminated, however. ... Tilden's victory, while not entirely unexpected, to a certain extent makes the final round scheduled for Saturday afternoon an anti-climax.

The California successor to Maurice McLoughlin gave all he had in the way of super-tactics in his attempt to defeat Tilden and it was only the extra readiness and flexibility of the victor's game that spelled the margin between victory and defeat.

Williams' defeat at the hands of the tall, forceful stroking Australian, Anderson, was due partly to the latter's decisive and aggressive game and partly to the former champion's errors.

PRESIDENT GOES TO ARMY SCHOOL

Hopes to Review Cadets at West Point Today, Then Play Golf.

New York, Sept. 15.—President Harding continued his patching cruise today by coming from Southampton, Long Island, where he played golf yesterday, and going up the Hudson to West Point.

With Mrs. Harding and friends, he had a night trip the length of Long Island, on the ocean side, and an early morning view of the Statue of Liberty and the skyline of lower New York, which invariably delights tourists.

The Mayflower arrived at quarantine in time to see the early morning assembly of vessels from foreign ports awaiting the opening of the inspection station.

CITY OF CHICAGO SUES NEWSPAPER

Allege Damages Approximating Value of the Entire Establishment.

Chicago, Sept. 15.—Whether a city or other municipal corporation may sue a newspaper for libel, alleging damages approximating the value of the entire establishment of the latter, and through a possible verdict for the plaintiff, virtually put the newspaper out of business, will be one of the chief issues in the case of the City of Chicago against The Chicago Tribune, which is to be called for hearing September 22.

The suit, filed in circuit court in December, 1920, after the bitter Illinois Republican primary campaign of that year, asks damages of \$10,000,000, alleging that published charges against the financial part of Mayor William Hale Thompson's administration had impaired the city's credit and hampered the conduct of municipal business.

In each instance the city sued in its corporate capacity. Thirty-six news items or editorials, published by the Tribune between June 15 and September 15, 1920, are cited by the city attorneys as the basis for the suit.

THEATERS

Tom Mix Back at Broadway.

Tom Mix is coming to the Broadway theater today for a three-day run in a picture called "After Your Own Heart."

Ora Carew is Tom's leading woman in this picture, and the love romance, which animates the hero is said to be developed in an exceedingly original way.

William Wallace Cook, the author of the story, apparently took a page of his book of personal memories of days on the range, and he has interpolated an exceedingly pretty romance.

In addition, the author has put into the story one of his theories about how ranches will be run in the future.

From all reports "After Your Own Heart" is a humdinger, as good as any picture in which he has ever appeared, if not a little better.

The picture is well put together and every man and woman in it had plenty to do in supporting this speedy star.
