

## EXPOSITION NOTES

### TO WRITE EXPOSITION.

Richard H. Edmonds, editor of the Manufacturers Record, is sending one of his chief assistants to Charlotte to write for the magazine a thorough and comprehensive analysis of the Exposition and its success in placing before the people of the Carolinas products of Carolina manufacturers. This writer will spend three days in the city.

### DR. POE SATURDAY.

Herbert Clarkson, of the Charlotte bar, will introduce Dr. Clarence Poe, editor of the Progressive Farmer, who will speak at the Exposition Saturday, September 17, "Farmers' Day." "Agriculture" will be the subject of Dr. Poe's address and he is expected to lay special emphasis on co-operative marketing. He has been endeavoring to put into effect as a relief measure for farmers. His address is expected to result in the resumption of the movement in Mecklenburg county.

### LUNCHEON MONDAY.

Cel. T. L. Kirkpatrick, president of the Charlotte Chamber of Commerce and chairman of the exposition entertainment committee, is arranging for an elaborate luncheon Monday, "South Carolina Day," in honor of Governor Robert A. Cooper, who will be the guest of honor at the exposition. Officials of all Charlotte civic organizations and other prominent men of the city will be invited to attend. The place for the luncheon has not been decided upon.

Colonel Kirkpatrick has issued an appeal to all South Carolinians who now reside in the city to turn out in masses at the Southern passenger station next Monday at 10 o'clock to welcome Governor Cooper upon his arrival. In speaking at the exposition building last night to the big crowd which had gathered for the band concert, Colonel Kirkpatrick asked those in the audience who originally were from South Carolina to hold up their hands. About half the crowd raised the hand.

### "WILMINGTON DAY."

Arrangements are being worked out in Wilmington for a special train to come to Charlotte during the exposition for a "Wilmington Day." The Seaboard Railroad has offered reduced rates and a large delegation of Wilmingtonians is expected to come here on a date to be named within the next few days.

### GASTONIA IN EVIDENCE.

Reduced rates also have been offered by the P. & N. to Gastonia people and a "Gastonia Day" at the exposition is now assured. J. W. Atkins, manager of The Gastonia Gazette, came over Wednesday night to see the exposition. He threw a lot of bouquets and assured Clarence Kuester that if a "Gastonia Day" is put on a crowd would come over.

"I guess you could probably get 3,000 or 4,000 people to come," said Mr. Atkins, as though getting together such a crowd was an ordinary event for Gastonians. Gastonia people already have been patronizing the exposition.

### TO INTRODUCE MR. CLAXTON.

Dr. C. A. Bland, former mayor of Charlotte, will introduce Dr. P. P. Claxton when he speaks at the exposition Friday, which will be "Charlotte School Day and Textile Day." Dr. Claxton, who was commissioner of education during the last administration, has spoken in Charlotte before and is well known by the people of the city.

### BANDS TO PLAY.

The Hanes Band, of Cliffside, the Elks Band, of High Point, the American Legion military band, the Bryson City, and the Boy Scouts band of Charlotte, will play during the last four days of the Made-in-Carolinas exposition. These bands and the Statesville Typewriters of all makes sold, rent, exchanged or repaired. Pound & Moore Co. Phone 4342. 234f

## HOW WOMEN AVOID SURGICAL OPERATIONS

Some Are Extremely Necessary, Others May Not Be

Every Woman Should Give Lydia E. Pinkham's Vegetable Compound a Trial First

Chicago, Ill.—"I was in bed with a female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Vegetable Compound and I took 22 bottles, never missing a dose and at the end of that time I was perfectly well. I have never had occasion to take it again as I have been so well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the gospel truth and I will write to any one who wants a personal letter."—Mrs. E. H. Haddock, 6824 St. Lawrence Ave., Chicago, Ill.

A Vermont woman adds her testimony to the long line of those fortunate women who have been restored to health by Lydia E. Pinkham's Vegetable Compound, after it had been decided an operation was necessary:

Burlington, Vt.—"I suffered with female trouble, and had a number of doctors who said that I would never be any better until I had an operation. I was so bad I could hardly walk across the floor and could not do a thing. My sister-in-law induced me to try Lydia E. Pinkham's Vegetable Compound and it certainly has helped me wonderfully. I keep house and do my work and have a small child. I have recommended Vegetable Compound to a number of my friends and you may publish my testimonial."—Mrs. H. R. SHARON, Apple Tree Point Farm, Burlington, Vt.

In hospitals are many women who are there for surgical operations, and there is nothing a woman dreads more than the thought of an operation, and the long weary months of recovery and restoration to strength if it is successful. It is very true that female troubles may through neglect reach a stage where an operation is the only resource, but most of the common ailments of women are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing ailments first appear take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. In fact, many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised by attending physicians.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

at a great cost. Eighteen hundred dollars in insurance has been taken on a few precious stones. Gravel, sand, coal, fireclay, crushed lime, mica and mica products, feldspar, wood pulp, caustic soda, mineral water, kaolin, talc and talc products, peat, clay and pottery, iron ore and stones are among the articles on display here.

### WOMAN'S CLUB.

An exhibit arranged by the Charlotte Woman's Club shows the arts and crafts of the Carolinas and Carolina-made products of particular interest to women. The following products are included in the exhibit: unique and original toys made by the Tryon Toy Makers of Tryon; reed tables, floor lamps, woven bed spreads, rugs, towels, interior decorations, and all sorts of handicraft. Queens College and Fassinger school also have exhibits in this booth.

The three civic clubs of Charlotte have ree booths appropriately decorated and comfortably arranged. The three booths, the Rotary, Kiwanis and Civitan, are located in the southwest corner of the building and visitors are invited to make use of them while they are on a tour of the booths.

## CHURCH REPEATS TALE TO MOTHER

Officials Now Convinced That Boy Killed Two Without Any Help.

Chicago, Sept. 15.—Harvey W. Church, confessed slayer of Bernard Daugherty and Carl Ausmus, automobile salesman, early today was brought face to face with his mother for the first time since his arrest and in her presence in the state attorney's office, he repeated the details of the two crimes.

He reverted largely to the first of his many confessions and indicated, officials declared, that he planned and executed the murders without assistance. Neither Clarence Wilder nor Milton Walker, named by Church as accomplices, officials said they had been convinced, had any part whatever in the crimes and they also expressed doubt whether Leon Parks assisted Church, despite his detailed confession.

Officials pointed out that Parks stoutly maintained his innocence until confronted by Church, who then supplied most of the answers to questions put to Parks by the investigators.

Mrs. Church sat apparently unmoved today throughout her son's recital of the details of the murders. At the close of his story, she remarked:

"I cannot understand why Harvey buried the man (Carl Ausmus) in the garage. There is a vacant lot next door where all the dead cats and dogs in the neighborhood are buried. Why didn't he bury him there? Then they never would have found him."

## RE-DISTRIBUTION TROOPS ORDERED

Secretary Weeks Approves Important Changes of United States Army.

Washington, Sept. 15.—Important changes involving considerable reductions in the size of all branches of the army have been ordered by the general staff with the approval of Secretary Weeks in placing the army on a basis of 150,000 enlisted men, it was learned Wednesday. The changes involve not only reductions in the units but a re-distribution of troops throughout the United States and its possessions.

Infantry regiments have been ordered reduced in strength from 1,490 to 1,312 men and in number from 65 to 45, cavalry regiments from 818 to 641 men and from 17 to 14 in number; field artillery regiments from 33 to 15 in number without reduction of men; engineer regiments from 13 to 7 in number without reduction of strength; coast artillery, railway and tractor regiments from 1,086 to 829 and 729 men, respectively, and the latter in numbers from 7 to 2.

The number of men allotted to each branch is \$8,500 for the infantry, 11,184 cavalry, 19,174 field artillery, 18,110 coast artillery, 10,300 air service, 6,519 engineers, 3,000 signal corps, 11,200 quartermaster corps, 769 finance department, 2,978 ordnance department, 175 chemical warfare service, 6,543 detached enlisted men, and 6,591 medical department. These hotmets, however, included the Philippine constabulary, which is not included in the 150,000 figure.

## NEGROES CHASED AWAY BY WHITES

Four White Children Were Seriously Wounded at Spring by Negroes.

Chattanooga, Tenn., Sept. 15.—Negro families of Mont Lake, a mining village near here, were fleeing from their homes today, pursued by the white residents of the village, following the shooting of four white children, Edna Barnett and her three sisters, last night.

Jewel Clipper, a negro girl, is said to have fired a shotgun at the white children while they were gathered at a spring over which both races have claimed rights of precedence. A posse of deputy sheriffs from this city arrived in Mont Lake last evening and found armed guards patrolling the village. The Clipper girl, her parents and a brother are under arrest. Miss Barnett is in a hospital here and is said to be in a serious condition.

More than a hundred armed miners drove the negroes from their homes, the reports said. No injuries were reported here, although a number of shots were fired. According to authorities here, both sides have frequently been driven from the spring by the oncoming race. Officers here received reports that members of the Clipper family had instructed their children to shoot any white children if a quarrel developed at the spring and that, when the Clipper girl saw the four white children getting water, she fired a shotgun from the house, wounding them.

### ROTARY CLUBS IN SESSION.

Jacksonville, Fla., Sept. 15.—Approximately one hundred officials of the Rotary Clubs of the eighth district, comprising the states of Alabama, Georgia and Florida, met here today in annual conference to discuss club activities for the coming year and to select the next district convention city, which it was said probably would be Savannah. District Governor John Turner, of Tampa, presided.

# The Little-Long Co.

"A BON MARCHE STORE"

Store Events of Interest  
It Should be Doubly Interesting to Shop Here Friday  
It's the Second Day of Our Exposition of Fall Merchandise and Our Regular Friday Remnant Sale
