LEGION MEETING AT KANSAS CITY

Great Gathering of War Leaders Is Expected at Annual Convention.

Kansas City, Mo., Sept. 20.—The greatest gathering of World War leaders and veterans since the Interallied Victory celebration in Paris, July 14, 1919, is expected at the third annual convention of the American Legion in Kansas City October 31 to November 2.

The list of distinguished guests includes Marshal Foch, General Pershing, Admiral David Beatty, commander of the British fleet, General Armando Diaz, commander in chief of the armies of Italy, Lieut. Gen. Baron Jacques, head of the Belgian army, Admiral William T. Sims and Maj. Gen. John A. Lejeune, commandant of the U. S. Marine Corps.

Tentative acceptances have been received from President Harding, Lieut. General Sir William Currie former commander of the Canadian corps in France, Vice-President Coolidge, Samuel Gompers, president of the American Federation of Labor, Rear Admiral R. E. Coontz, Maj. Gen. Charles P. Menoher, Brig. Gen. William C. Mitchell, the commanding general of American combat divisions in the World War, and twenty state governors.

The first annual convention of the Women's Auxiliary will be held at the same time as the Legion convention. This is expected to draw more than 5,000 women. There are also annual reunions of the 89th and 35th divisions and a number of minor regimental reunions.

Twenty-five wearers of the Congressional Medal of Honor, the highest American award for bravery, will be guests of the citizens of Kansas City during the convention.

Because of the unusual guests and the fare of one cent a mile granted by sixteen railroads covering thoroughly the strong Middle West Legion area, the convention committee expects from 75,000 to 100,000 visitors. It has laid plans to take care of all who come.

In conjunction with the convention, the Kansas City Flying Club will stage a three-day flying show for \$10,000 in cash prizes and cups. The program will include night bombing, parachute drops, trials for the world's altitude record and a number of races, culminating in the American Legion Derby, a 150-mile race open to all makes of planes.

A parade of more than 40,000 Legion members will be accompanied by bands and drum corps sent by posts in all parts of the country. The marchers in uniform, will be reviewed by the distinguished convention visitors.

Honors to the World War dead will be rendered at dedication ceremonies on the site of Kansas City's \$2,000,000 Liberty Memorial.

DOLLAR DAY HAS UNUSUAL ANGLE

Market Situation Gives the Day's Opportunities Special Emphasis.

Merchants who are busily engaged in preparations for Dollar Day set for Thursday, September 22, declare that never before has a situation presented itself quite similar to the one now obtaining. There have been a number of occasions previously when Dollar Day has been helped by an opportunity-full market in the months preceding its celebration but according to veteran Dollar Day participants this angle of the situation has never in the history of the event been so acute as it is at present.

Take cotton goods, for example. The cotton goods owned by the merchants at this moment and which are being offered at Dollar Day price concessions on Thursday, are priced on a basis of 10 and 12 cents cotton. The cotton that is being marketed today is bringing in the neighborhood of 20 cents at the mills' door. No great amount of reasoning power is required to deduce that cotton goods will in all probability be obtainable this Dollar Day at figures lower than will be seen again for many a day.

The merchants do not point to cotton goods as typical. It is admittedly an extreme example they are citing. Nevertheless the same reasons for a greater or less degree apply forcefully to other lines involved in Dollar Day offerings. It is thought by many conservative merchants that never before have conditions so conspired to make Dollar Day what it has always been intended to be, and what by customers' evidence it has usually, if not invariably, been, namely a day when the thrifty and careful shopper is able to save a pretty penny, whatever be his or her purchasing proclivities.
