THE BIGGS RECORD PLAYER

THE MASTER PRODUCT OF A QUALITY MANUFACTURER

The name "BIGGS" has always meant quality. The difference in design material and craftmanship in "BIGGS" Record Player and the ordinary commercial phonograph alone, would entitle "BIGGS" to instant acceptance as the best. The cabinets are true period styles, of selected rich mahogany, with hand-rubbed dull finish. They reflect the quality of the instrument by their quiet dignity and beauty, while their decorative value is apparent in any well furnished home. We extend you a cordial invitation to hear this splendid instrument with no obligation on your part.
