

WAGE REDUCTION AND LOWER RATE PLANNED

Chicago, Nov. 2.—The matter of proceeding to procure further reductions in railroad employees' wages with the object of reducing rates is "well in hand" with the various roads and the necessary moves to bring the questions before the Interstate Commerce Commission and the United States Railroad

Labor Board will be taken at once, T. DeWitt Cuyler, chairman of the Railway Executives' Association, said in a telegram Tuesday night to W. H. Chandler, president of the Industrial Traffic League. Mr. Chandler telegraphed Mr. Cuyler in New York to ask when rate reductions might be expected. Mr. Cuyler replied that the roads now were waiting word from the Interstate Commerce Commission as to the date for a hearing on rates and the roads were about

ready to proceed in accordance with the transportation act in seeking authorization by the Labor Board for a wage reduction. In 1,000 cubic feet of cloud there is only 1-150th ounce of water. If it's for the office you can get it at Pound & Moore Co. Phone 4542. 23-4f

GREAT BRITAIN MAY REPLY. London, Nov. 2.—(By the Associated Press)—Great Britain, it was indicated in authoritative quarters today, will reply to the recent note of M. Chitcherine, Foreign Minister of Soviet Russia, offering conditionally to assume the debts of old Russia up to 1914, by the dispatch of a note pointing out that the Soviet's offer mentions only the Imperial State debts, which are only a part of the Russian total.

MEMBERS APART ON PARDON BODY
Legislative Representatives Here Are Divided in Their Opinions. Although great interest is being shown throughout the State in reference to a proposed pardon board to relieve the Governor of responsibility in the cases involving capital punishment, the prevailing opinion among Charlotte members of the State Legislature is that nothing in this direction will be undertaken at the next term of the Legislature. "It is a difficult matter to commit one's self upon a question of this kind before it does come up in the Legislature," explained Edgar Pharr, a member of that body. "Even though a man may have formed an opinion on some matter, it is easy to have this opinion changed upon listening to new phases of the question brought out in the Legislature. I would not care to commit myself on the question of a pardon board."

SAPOLIO
Finds countless uses in the kitchen. It cleans cutlery, kettles, tins, porcelain, china, earthenware, linoleum, oil-cloth, refrigerators, tile, marble, shelves and floors. See that the name SAPOLIO is on every package.

MAKES POTS AND PANS LOOK LIKE NEW

"They are really suffering from cumulative constipation"

COUNTLESS numbers of people have a daily elimination of waste matter from the system but this elimination is not thorough and sufficient. They depend on a regular weekly purge to rid their intestines of poisons and they never feel the full vigor and zest that come from perfect health.

This whole problem is so important that a well-known medical journal has published a collection of essays on constipation. All the doctors who wrote these essays emphasize the importance of diet. As one physician puts it, "The diet has the most marked influence upon the normal activity of the bowels."

Scientists have now discovered the simple food that helps restore normal conditions, and clears the body of accumulating waste matter—just the familiar little cake of Fleischmann's Yeast!

First came the startling discovery that Fleischmann's Yeast richly supplies the essential water-soluble vitamin. Then it was found that it builds up the body tissues and keeps the body resistant to disease. In addition, because of its freshness (you get it fresh daily) it helps the

intestines in their elimination of poisonous waste matter.

Eat 2 to 3 cakes of Fleischmann's Yeast before or between meals every day. Have it on the table at home and on your desk at the office. Eat it plain, spread on bread or crackers, or dissolved in water, milk or fruit juices. You will like its fresh, distinctive flavor and the clean, wholesome taste it leaves in your mouth.

Fleischmann's Yeast is assimilated just like any other familiar food. Only one precaution: if troubled with gas, dissolve the yeast first in half a cup of very hot water. This does not affect the efficacy of the yeast. Place a standing order with your grocer for Fleischmann's Yeast and get it fresh every day.

Send 4 cents in stamps for the booklet, "The New Importance of Yeast in Diet." So many inquiries are coming in daily for this booklet that it is necessary to make this nominal charge to cover cost of handling and mailing. Address THE FLEISCHMANN COMPANY, 701 Washington Street, New York City.

The need for scientifically tested yeast

Fresh yeast has been proved by recent scientific tests to be a valuable food for correcting run-down condition, constipation, indigestion and certain skin disorders. These original tests were all made with Fleischmann's Yeast. Beware of untested yeast-vitamine preparations that contain drugs or other mixtures. Fleischmann's Yeast (fresh) is a pure food, rich in vitamin, in which it measures up to the high standards set by laboratories and hospitals. The familiar tin-foil package with the yellow label is the only form in which Fleischmann's Yeast for Health is sold.

ATTEND THE DUPLEX FIRELESS STOVE Demonstration

tomorrow and see an entire meal cooked in the Duplex—it will be well worth your while.

We especially invite the housewives who already have a fireless cooker to come and see what we are doing and to tell us what they are doing.

Charlotte, N. C.

"But I do think this. I think it improbable that steps will be taken with any great zeal in the near future towards such a board. In the first place, an amendment will have to be made to the constitution to remove the Governor of his supreme power in cases that might come under consideration. At this time, if there were a pardon board, it looks as if it would increase rather than decrease the responsibility on the Governor. For instance, if the Governor should disagree with the board in the matter of issuing a pardon, it would accentuate his position in the limelight of public attention and make it much harder on him."

"Some question, I believe, will naturally arise at the next term of Legislature relating to capital punishment, as such has been the case during the last several terms of that body. But, as before, no headway will likely be made. The Governor has not said that he was in favor of such a board. Governor Vance was strongly against one while in office."

J. L. DeLaney, another member, is in favor of the board. Although the question has only just assumed a degree of intensity and he has not gone deeply into the matter, yet he believes the board will relieve the responsibility of the Governor and better existing conditions.

W. R. Matthews stated that as he had not heard the pro and con on the question he would not care to express an opinion until later.

REALTY TRANSFERS

H. O. Sloan and wife to E. E. Sloan, for \$10 and other considerations, a tract of 74.5 acres in Berryhill township.
