

Union National Bank

Charlotte, N. C.

Announcement

We have just completed installing an electric Burglar Alarm System, which we will be glad to show and explain to our customers and friends. On Wednesday, December 7th, we will have an expert from the factory with us all day who will explain the system and we invite the public to look it over, especially from three to six p. m.

In 1920 we had built a modern steel lined vault of the very latest and most up to date construction, with the idea that we might feel safe and secure in renting deposit boxes to our customers. We were able to get Burglary insurance on our own cash and securities but were unable to insure contents of customers' deposit boxes, being unable to specify contents. Knowing that they contain a larger proportion of negotiable securities payable to bearer now than ever before, and realizing that recent modern invention enables experts with torch, using combinations of gases, to burn through concrete, cast iron, or steel with an alarming degree of speed, we began an investigation of electric alarm systems, and selected the McClintock System.

The vault, top, sides, bottom and door are completely covered with a net work of wires one and one-half inches apart. Any thread of one of these wires being cut or subjected to excessive heat will release the circuit and sound the alarm. A turn of the combination lock, cutting of any wire to the gong or any tampering with the box containing the gong will set it off. For any day light attempt at robbery there are eight stations within the counters which only require to be stepped on to set off the alarm. The metal case enclosing the gong is on the front of the building and the alarm when turned in can be heard from the City Hall to the court house, and the Police department will know where to come when they hear the alarm.

We feel confident we are giving to our customers every protection to their securities that can be offered, being the kind of protection used by the Government and the Federal Reserve Banks of the country.

We are now content to urge the use of these boxes which rent from \$1.50 per annum and up.

UNION NATIONAL BANK

CHARLOTTE, N. C.

Good prices for cotton and Seasonal Fall business combined with more optimistic attitude will put more money in circulation.

Nevertheless we advise Sticking fairly close to a cash basis. A moderate business on cash basis is better than a big business with widely extended credits.

We invite your business and offer every courtesy and accommodation consistent with Safe Banking.

THE EMERGENCIES OF WINTER

The rigors of winter cause many more or less real emergencies in the health of a family's members. Walker's preparedness to meet the ordinary and extraordinary needs of Charlotte's people gives this establishment the position of being a real asset to the community and a protection in time of need.

The Art Of Savings

Saving is not a Science; it is an Art. A science is something that can be taught from a book, an Art is something you can learn through practice. There is only one way to master this Art. Begin to Save, and keep it up. Open a Savings Account in this Bank.

Save It Today Boys

for there was never an hour when it was more necessary to have a ready stake if one would accomplish anything worth while, or would seize opportunities as presented.

BARGAINS ARE LOST

to you because you haven't saved, and the little fellow you used to laugh at gets the coon skins and wears the diamonds. Money is far too centralized, but some money you must have, and have it honestly, therefore save and do it now.

A FOOL CAN MAKE MONEY

but the wise guy is the only saver, and he's "the only pebble on the beach." The fellows in this village who make the mare go struggled in youth and laid up for the rainy days. Achievement is the roadbed to happiness.

OUR INSTALLMENT SHARE

at 25c per week is blessing thousands, and today accounts for the multitude of homes now under construction in Charlotte. Every man and woman should carry just as many of these as possible. You can get 'em back to October, but if you want to see George, wake up. Can prepay some of these, too, thus using your surplus to best advantage.

OUR DIVIDEND SHARES

will one day bless this town and every man that works within it. Keep your sugar at home and let every feller have a slice of apple pie. Ours must stay at home and it's a crowning virtue, believe me.

SELLING 'EM HOURLY

and we just naturally love to tell folks how to get rich, to be happy and to smile, smile all the while.

"Our Own Home"

Home-ownership is a world-wide incentive to thrift. Attainment of the object is rich reward. This bank appreciates no trust more deeply than to be guardian of savings deposits which will some day mean a new hearth in the community. We invite the Savings Accounts of "home lingers" who wish to be "home owners."
