## REPULSE ATTACK ON LONDONDERRY JAIL

Belfast, Dec. 2.—(By the Associated Press)—An attack on the jail at Londonderry, with the object of releasing the prisoners there, was repulsed by the police guards today. Two policemen were killed and several of the attackers captured.  
The party gained entrance to the jail undetected and their presence was not discovered until a patrol of policemen saw a rope ladder hanging over the wall and gave the alarm. The military guard inside had noticed nothing unusual, but upon investigation, they found the two constables who guarded the Sinn Feiners lying dead in the corridor. They had been drugged and strangled.  
The Republican rescue party had forced the doors of ten cells when the guards surprised them at their work. The military opened fire, the republicans replying with revolvers.  
Pandemonium prevailed for some time, but the guards finally gained the upper hand without losing any of the prisoners, at the same time capturing three young Londonderry men who made a final attempt to release the prisoners.  
Three motor cars, which had been left by the attacking party, also were seized.

## ARBUCLE CASE IS BEING ARGUED

Case May Reach the Jury Today; Gavin McNab to Complete Argument.

San Francisco, Dec. 2.—Possibility that, before he slept tonight, the C. Arbutle would know the decision of the jury which is trying him for manslaughter loomed big when court opened today.  
The prosecution late yesterday finished its first address to the jury, outlining the chain of evidence which it contends links him with the death of Virginia Rappe, said to have been injured fatally at a party in his rooms at the Hotel St. Francis here, and the defense began what was expected to be its only discussion of the evidence it had adduced.  
Gavin McNab, chief of Arbutle's group of attorneys, broke off his argument when the hour for adjournment arrived, and said he would finish this morning. After that the prosecution had a further quota of time open to it. The case was expected to reach the jury some time in the afternoon. Arbutle sat toying with bits of paper yesterday while Prosecutor Leo Friedman described him to the jury as a villain.  
"We are not trying Arbutle, the hero of a thousand laughs," said Friedman. "We are trying Arbutle, the man."
