

TREATY DEBATED BY DAIL CABINET

Talk of a Possible Split in Cabinet Increasing; Some Will Resign.

Dublin, Dec. 8.—(By the Associated Press)—An announcement was made today at the military headquarters that, if the Anglo-Irish agreement is ratified, the Crown forces would be removed from Ireland within a month.

PREMIER CRAIG TO LONDON.

Belfast, Dec. 8.—(By the Associated Press)—The members of both houses of the Parliament considered the Anglo-Irish agreement at a meeting this morning. After two hours of private conference, it was announced that Sir James Craig, the Premier, would leave for London tonight.

WHAT IS VALERA'S ATTITUDE?

Dublin, Dec. 8.—(By the Associated Press)—The Dail Eireann Cabinet assembled here today to consider the Anglo-Irish agreement. The Sinn Fein and British delegates, creating an Irish Free State. Its action is fraught with great significance, as it is expected to develop for the first time the attitude of Eamon de Valera and his supporters toward the treaty, on which the Republican leader has thus far steadfastly refused to comment. The continued silence has been interpreted in many quarters as indicating his dissatisfaction with the terms.

Talk of a possible split in the Dail cabinet over the terms is increasing, and the resignations of some of the Cabinet members are predicted. Among them is Charles Burgess, Minister of Defense. Some of the leading members of the Cabinet are known to object to the form of the agreement, and it is believed the agreement will be approved, in principle at least.

The public maintains the same sentiment noticeable when the news was first received. The people seem generally satisfied, but refrain from any outward demonstration, appearing to be waiting for somebody to give the lead. It is not quite certain what attitude de Valera will take.

Republicans of the rank and file make no secret of their dislike of the agreement involving fidelity to the British Sovereign and criticism, among other things, of the Governor General and the Imperial clauses. Women's republican organizations are especially antagonistic toward what they call a "surrender to England."

The attitude on the part of the Sinn Fein is considered here. The Ulster Cabinet is considering the treaty, a copy of which was sent to Premier Sir James Craig immediately after its signature in London and Prime Minister Lloyd George's secretary is in Belfast waiting to take back the reply. It is thought, will not enter the Parliament of the Irish Free State at its inception, but will wait to see if it is a promise of being satisfactory from her point of view.

ELECTION WOULD RESULT.

London, Dec. 8.—A general election in England may be expected simultaneously with the creation of the Irish Parliament, in consequence of the alteration of the constitution of the Imperial House of Commons, through the removal of the Irish members of Westminster, according to the Parliamentary correspondence of The London Times. In the event of Ulster's acquiescence in the settlement, there will be a reduction in the number of members of the House of Commons of 20, otherwise 75.
