AUDITORIUM AS SPORTS CENTER

City Commissioners Give Leave to Promoters of Basketball There.

To make the City Auditorium properly fit for the staging of basketball games through the installation of showers, backboards, and other equipment, is the purpose of officials of high school athletics.

A. L. Faul, coach of the high basketball team and Hugh Murrill, Jr., high football mentor, received permission of Mayor Walker and Commissioner Stanell Friday morning for the installation of the showers.

Bids for the work will be received by promoters and, unless it will require too great an expenditure, the pipes, showers, and heating system will be put in place in short order. Money to pay for the work is one of the problems vexing leaders and it has been suggested that a series of basketball games between the Rotary, Kiwanis and Civitan clubs be arranged and the receipts from the games placed in that fund.

The Auditorium floor, it was pointed out, is the largest in the city and, therefore, offers a splendid chance for the basketball manager to find an admirable place to stage games. The floor, along with the seating capacity for spectators is much larger than the court at the Y. M. C. A.

Already the manager of the Davidson College quint has scheduled a game between the Wildcat five and Trinity College to be played on the Auditorium floor. He is also attempting to arrange a game with the University of North Carolina, the game to be played at the Auditorium. Walter Forest has signed up for a game with the local "Y" outfit and it is possible that this contest will be waged on the Auditorium court.

The only drawback to the playing of basketball games at the Auditorium, it was explained, is the lack of bathing facilities for the players. Last year a start was made in the use of the floor, but the players were forced to ride through cold streets in scant clothing to the "Y" before they could "hit the water." If the plan materialize this disadvantage will be eliminated and the spacious floor in the staid old city building will be turned into a splendid indoor playground.

DR. HILL TO SPEAK TO MEN'S CLUB HERE

Dr. W. E. Hill of Fayetteville is to be the principal speaker at the December meeting of the Men's club of the Second Presbyterian church next Monday evening at 6:15. Dr. Hill is pastor of the First Presbyterian church of Fayetteville and moderator of the Synod of North Carolina.

Dr. A. A. McGeachy, second church pastor, says that Dr. Hill has an unusually fine mind, is a young man and will fit right into the meeting.

W. H. Neal is arranging a musical program to include one of the city's best soloists and also a number of the more popular songs will be sung en masse.

Tom Hayes, president of the club, has announced that the business feature of the meeting will be a stock-taking of the work of the different departments of the church. Dr. McGeachy will call for two-minute suggestions from leaders of various organizations.

The reception committee of the club includes, in addition to Dr. McGeachy and President Hayes Rev. J. T. McCutcheon, assistant pastor, Plato D. Alexander, Harry J. Spencer and J. V. Pomeroy.
