MUCH BEEF LEFT ON THE WAGONS

Two Thousand Employes of Big Five Packers Quit Work in New York.

New York, Dec. 12.—Two thousand employes of slaughter houses in New York, members of the Amalgamated Meat Cutters and Butcher Workers of North America, quit work suddenly today and left wagon loads of perishable beef in front of company plants...

A report that a reduction in wages was imminent caused the walkout, in the opinion of Lester Joseph, vice-president of one of the meat companies. He asserted there was no foundation for such a report and declared the employes had an agreement with the union that does not expire until May 1. The strike affected only the Big Five packers. Independent butchers remained at work. Mr. Joseph said he did not think the strike had any connection with strikes in Chicago and elsewhere...

PACKERS ARE ADAMANT.

Chicago, Dec. 12.—Packing house officials reiterated today that the strike declared one week ago by the Amalgamated Meat Cutters and Butcher Workers men has not interfered materially with the normal operations of their plants, and they also stood firm in their refusal to meet arbitration overtures of union leaders. The union officials were continuing efforts to arrange arbitration of the recent wage cuts and Secretary Lane and President Hayes have both gone to Washington to lay the strike and the wage question before President Harding and the Department of Labor with a view of having the President ask the packers to meet officials of the organization...

No reports of violence have been made to the stockyards police within the past 24 hours and, on account of the hunt for Tommy O'Connor, escaped condemned murderer, the force in the packing house district was curtailed today. In Fort Worth, Fred Rouse, a negro packer, was in jail, who was beaten by strike sympathizers a few days ago, after he had shot and wounded two brothers who were acting as pickets, was taken from a hospital and lynched. In Kansas City, Kas., strike sympathizers are said to have called a crowd to the door of his home and fired several shots at him.

GOOD ENGLISH WEEK PROVES SUCCESSFUL

Statesville, Dec. 12.—The past year was observed as "Good English Week" in the Statesville graded schools, and the results have been most gratifying in every respect. According to the unique plan suggested by Supt. R. M. Gray and worked out in detail by Miss Nell Armfield, a member of the faculty, small tags were given each member of the school, including the teachers. The tags bore the inscription, "Watch Your Speech," and were worn every day. When one made a grammatical error the person making the correction had the privilege of punching the offender's tag. At the end of the week the tags were taken up and the persons receiving the least number of punches were the recipients of special honors and congratulations...

There was much interest manifested by the children and teachers of the different schools of the town and the results will no doubt be far-reaching. Most of the school children know something of the rules of grammar, but they do not always observe the principles learned when speaking and writing, and the idea carried out so successfully in the public schools here during the past week has been wonderfully effective in correcting the speech of the pupils, and teachers, too, if there were any who have become careless in the use of the mother tongue.

MR. CANNON BETTER.

Nathaniel Pinkney Cannon, who, for the past six weeks, has been critically ill at his home in Atlanta, is somewhat improved, and hopes to be able to come to Charlotte for Christmas with his brother, E. R. Cannon, who has been at his bedside.
