ASK FLAT DUTY ON LIVE STOCK

Duty of 20 Cents a Pound on Long Staple Cotton Asked of Committee.

Washington, Dec. 14 .- A flat tariff duty of twenty per cent ad valorem on livestock, cattle hides and fresh and prepared meat was asked by the Senate finance committee today by Colonel I. T. Pryor, of San Antonio, Tex., speaking for the American National Livestock Association.

The rates in the Fordney bill are one cent a pound on cattle under two years and one half cents a pound on those over two years with a rate of two cents a pound on dressed beef. Hides are

retained on the free list.

Mr. Pryor said the American cattle industry had to be protected from sim! lar industries in Mexico, South America and Australia if it was to expand to meet the needs of the country.

From cattle the committee turned to long staple cotton. Dwight B. Heard. publisher of The Arizona Republican at Phoenix, Ariz., opened the presentation on behalf of the Pima Cotton Growers Association. He urged a duty of twenty cents a pound on long staple cotton as compared to the seven cents in the emergency tariff.

'It is hoped through this tariff legislation," said Mr. Heard, "to stabilize the price of American Egyptian cotton at from forty cents to forty-five cents per pound, this justifying the continuation of the industry. Confronted with a cost last season of 52 6-10 cents and the importation of Egyptian cotton at 26 cents, the American producer has naturally made a determined effort to hold his crop until tariff production can be secured

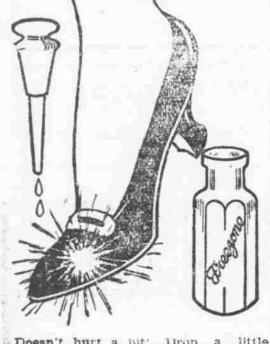

"It is estimated that, if the protection asked for is granted, a sufficient acreage will be developed in the Southwest within the next five years to produce all the cotton of this type used by American manufacturers.

Mr. Heard told the committee that aside from the difference in the cost of production of long staple cotton as between the United States and Egypt the transportation cost from Alexandria to New England manufacturing points was \$9.90 less per bale than the lowest rate from Phoenix, Ariz., in the center of the American Egyptian district, to the same manufacturing points.

ion is to abstain from drinking anything at meal times and for two hours afterwards.

SLOAN'S RELIEVES **NEURALGIC ACHES**

POR forty years Sloan's Liniment has been the quickest relief for neuralgia, sciatica and rheumatism, tired muscles, lame backs, sprains and strains, aches and pains.

Keep Sloan's handy and apply freely, without rubbing, at the first twinge. It eases and brings comfort surely and readily. You'll find it clean and non-skin-staining.

Sloan's Liniment is pain's enemy.
Ask your neighbor.

"Letsgo" and Clean Up for Christmas

APPLY "LETSGO" AND YOU WILL SEE THE SATISFYING RESULTS

Very seldom a name implies, or stands for what the production is to perform. This is, however, true, in the name "LETSGO," "LETSGO" is an antiseptic Soap-a powerful Cleanser. Wherever applied, all dirts and stains of any character immediately LETS GO from the object attacked, whether it be-hands, sculp, laundry, furniture, iron or brass beds, walls, doors, windows, floors, kitchen equipment, aluminum ware, stoves, sinks, lavatories, bath rooms, lineolium, carpets, automobiles and places where dirts, greases, corrison or any kind of filth accumu-

APPLY "LETSGO" AND YOU WILL SEE THE SATISFYING RESULTS

You can always tell the homes in which "LETSGO" has the right of way. Unsightly and unnecessary accumulations are not noticeable in such homes. Everything is snappy, bright and clean. Every Mary does not wait for John to get the painter next week to cover up soiled and stained spots on the doors, walls or furniture. No. she applies "LETSGO" quickly removing the cause and has the original uniform finish. She did not tack up a "WET PAINT" sign, either. and saved the painter's bill besides doing the work as, and when she wanted it. All John dld was SMILE, but he THOUGHT and later all their troubles came out in the WASH.

THERE IS A JUSTIFIABLE REASON FOR USING "LETSGO"

Perhaps you have noted through the Press reports the Certificates of Inspection issued by the North Carolina State Board of Health to Hotels, Cafeteries, Cafes and Restaurants. If not, the certificate can be seen by asking at any eating or rooming house. It is a pleasure for us to announce that a Cafeteria in Charlotte, N. C. has the highest rating in the State, and a Cafe in Hickory, N. C., the highest in the City —BOTH USE "LETSGO" SOAP. From time to time as certificates are issued, we shall publish all ratings above 85. If lower than 85 there is something lacking other than the use of "LETS. GO." The public should know where cleanliness is supreme.

WHERE "LETSGO" IS USED DAILY IN HOME OR ELSE-WHERE

The dishes have the clean, snappy feeling and the foods really taste differently. Each vessel. dish, cup, and serving utensil is always to be found shining-where "LETSGO" is used. Also dirty, greasy, filthy accumulations cannot resist the powerful cleansing qualities of "LETSGO" on the counters, walls, doors floors and other places that so often bespeak the quality of unsanttary service, but when you see those places clean and inviting, you may know "LETSGO" is alose around, and ready to quickly remove the first sign of his enemy-VILTH. It may be possible to find a clean kitchen, but not nearly so probable If the rest of the place shows lack of Sanitery attention. This being true in public eating places-Then how about your own home? Could it be improved? Yes, there is no home but what has the same enemy to control. Really does your cooking vessels and chinaware, silverware, kitchen and dinlng-room furniture look clean and snappy? Then how about the dours. walls, floors? Now a visit to the living and odd room. The original lustre is gone-pencil marks and stains are visible on the furniture, walls and doors, also the carpets and rugs show spots here and there. "LETSGO" quickly and easily returns all these disfigures and once unsightly things to their normal appearance.

PUBLIC WORKS FIND "LETS. GO" A TIME AND LABOR SAVER VS. MONEY

Factories, Foundries, Garages, Machinists and all public works should stock "LETSGO." THE REASON WHY: One man at 60c per hour washes at least three times each day. ordinary soap 5 minutes for each man is require ed, and the water is running all the time. Time, Soap and water cost the company at least 200 for this one person. LET "LETSGO" DO IT It is already prepared and applied instantly. One minute's time is ample and a cleaner wash besides, with a saving in Soap, time and water,

WHERE YOU CAN GET "LETSGO"

From your Grocerymen, Druggists, Garase Supply Stations, Hardware and Furniture Stores. "LETSGO" is put up in No. 3 Friction Top Cans, price 25c.

"LETSGO" is put up in No. 10 Friction Top Cans, price \$1.00.

If your Dealer does not have "LETSGO" send, us his name and the price for either size cati "LETSGO" and same will be sent to you by
