MUST NOT PRINT LOTTERY ADVTs.

Uncle Sam Draws Line on Gift Schemes and Prize Advertising.

It is necessary frequently for the advertising department of The News to explain to its patrons why certain kinds of advertising—that pertaining to lottery schemes and gift enterprises—cannot be accepted for publication. In order to give the public information governing this class of advertising a copy of the postal law has been furnished by Assistant Postmaster Bradford, of the Charlotte postoffice, it follows:

Matter pertaining to lottery schemes forbidden in the mails.

Section 482 of the Postal Laws and Regulations reads as follows:

"No letter, package, postal card or circular concerning any lottery, gift enterprise, or similar scheme offering prizes dependent in whole or in part upon lot or chance; and no lottery, gift enterprise, or similar scheme offering prizes dependent in whole or in part upon lot or chance; and no check, draft, bill, money, postal note, or money order for the purchase of any ticket or part thereof, or of any share or chance in any such lottery, gift enterprise, or scheme; and no newspaper, circular, pamphlet, or publication of any kind containing any advertisement of any lottery, gift enterprise, or scheme of any kind offering prizes or chance, or awarded by means of prizes drawn or awarded by means of any such lottery, gift enterprise, or scheme, whether said list contains any part or all of such prizes, shall be deposited in or carried by the mails of the United States, or be delivered by any postmaster or letter carrier. Whoever shall knowingly deposit or cause to be deposited, or shall knowingly send or cause to be sent, anything to be conveyed or delivered by mail in violation of the provisions of this section, shall knowingly deliver or cause to be delivered by mail anything herein forbidden to be carried by mail, shall be fined not more than one thousand dollars, or imprisoned not more than two years, or both; and for any subsequent offense shall be imprisoned not more than five years. Any person violating any provision of this section may be tried and punished either in the district in which the unlawful matter or publication was mailed, or to which it was carried by mail, or for delivery according to the directions thereon, or in which it was caused to be delivered by mail to the person to whom it was addressed.

"The attention of postmasters and railway postal clerks is directed to section 482 of the Postal Laws and Regulations, by the provisions of which newspapers or other publications of any kind, circulars and pamphlets, containing advertisements of lotteries, gift enterprises or similar schemes offering prizes dependent in whole or in part upon lot or chance, or lists of the prizes awarded in pursuance of such schemes, and all other matter relating to them, are declared to be unmailable. The terms 'lottery,' gift enterprise, or similar scheme offering prizes dependent in whole or in part upon lot or chance,' as used in that section included 'guessing' or 'estimating' contests for prizes, as well as drawing and raffles of every kind, whether general or local, whether for private gain or in aid of charitable, educational or religious objects, and whether the consideration for chances be money or other thing of value. Enterprises in which prizes are distributed among purchasers of merchandise in stated amounts, or among subscribers for publication, or for shares of

corporate stock, through the medium of drawings or guessing contests, are lotteries within the meaning of that section. Publication, circulars, cards or pamphlets containing advertisements of such enterprises, or notices or other information of any kind relating to them, should be withdrawn from the mails and treated in accordance with sections 547, 574, and 593 of the Postal Laws and Regulations."

COMPLAIN OF AUTOS DAS ING PAST

Joining her voice with that of others, who have, from time to time, complained of the carelessness of motorists on their way to the city from Myers Park in passing Station No. 1 on the Myers Park street car line, Mrs. G. E. Burwell, who lives not far from the station, relates the circumstances of a narrow escape from death of herself and Mr. Burwell last Friday night.

According to Mrs. Burwell, she and Mr. Burwell were hastening to catch a car to attend the exercises last Friday night at the Alexander-Graham School on East Morehead street. Mr. Burwell, who was a little in advance of Mrs. Burwell as they stepped across the bitulithic to the side of the street car track, was missed by an inch as a car dashed by going toward the city at a great rate of speed.

The point to the complaint made by Mrs. Burwell was that the speeder in the car did not sound his siren or give other indication that he saw either the street car or people about to board it. The fact that no one was hit in the particular group about to board the car at that moment was due to their agility in getting out of the way. Mrs. Burwell said and not to proper care on the part of the automobile driver.

Other complaints have been made about alleged carelessness of drivers at that point, according to Mrs. Burwell and others of the neighborhood that centers around the intersection of East Fourth street and Hawthorne Lane, which is the entrance to Myers Park.
