BOYD WILL BE GOVERNOR.

The Supreme Court Said to Have Decides the Nobraska Case in His Favor.

There is a seemingly well anthen icated rumor in circulation to the effect that the Supreme Court of the United States has decided favora-bly to Boyd in the case of Boyd agt.

This decision, if so announced, will make good Boyd's claim to the Nebraska gubernatorial chair, new occupied by ex-Governor Thayer. The decision will, it is said, be read today by Chief Justice Fuller. It is under-stood that the vote of the court on the decision was six to three.

The history of the case is interest ing. The election for governor was held in 1888, the candidates being Phomas J. Majors, republican; James E. Boyd, democrat, and J ha Powers, be canvassed by the legislature there was considerable controversy, but Boyd was finally declared to have been elected and was duly inducted makers, died at Bedford Springs, into office. While serving as governor the charge was made that Boyd was not legally qualified, upon the ground that he had not been fully naturalized. His father, Joseph Boyd, a native of Ireland, was a insured, citizen of Ohlo and took out his first papers in that state. The records do not show, though he makes the claim otherwise, that he took out his second papers until 1890, but he continued to act and was treated as a citizen of
