BARNEALL AND TEMPORATUPE. The following is the record of the pr tation and temperature at principal south orn points, for the 1s hours ending at he check this morning: Rainfall Thermometer

MONDAY, JANUARY IS.

WARLINE PREPARATIONS.

The most active preparations for a demonstration against Chile are in progress at the various navy yards under urgent orders from the department. It is that the Secretary has become thoroughly convinced that this is necessary in view of his belief that there will be no change in the present attitude of Chile A factor in this belief is thought to be the information cabled north by Admiral least preparing for war herself, and ed States Sepators are to be chosen. this view leads to the theory that she has decided upon her course of Rogers, the sculptor of the complethe case has come down to a choice and so many other notable things country, in which it is difficult to between an apology or a fight and if likely to live in the history of Amerihardly be as a precautionary meas who have gone to their long home is not the Mexico of twenty years ago ure when she has the gauntlet in her this January. Mr. Rogers died of and that with a good railroad system own hands to fling down or to put pneumonia in the mild winter cli- a well-equipped army and a fearless
