LG. GARDINER.

The man who has voted for excit Democratic candidate for the Prest dency in the history of this country commencing with Jackson died at tirand Rapide, Mich., last week His name was George Ream, and he was born in Pennsylvania in 1.57 He belped fight the British at Baltimore in 1812. Until a few weeks ago he was in full possession of his Observer Weather Bureau faculties and able to do such little The following is the record of the precipitation and temperature at principal south chores about home as necessity required. He walked without assist-ance to the polling place last November to vote the Democratic

> The Democratic State administration of Pennsylvania has triumphed in displacing James Kerr as chair man of the State committee by the election of J. Marshall Wright, of Lehigh county, a result accomplished yesterday by a vote of 45 to 32 after a vigorous contest.

> > BLAINE AND HARRISON.

Enmors of Their Serious Disagresses Repeated With More Positiveness.

be no war," Secretary Tracy is reported to have said, "and this country WASHINGTON, Jan 20 - The fact that Secretary and Mrs. Blaine, gave. will come out of the Chilian trouble a dinner this evening in honor of the lar Chilian ment of war's men has with its bonor fully satisfied, and in President and Mrs. Harrison is rea manner that will please the people refutation of the report that there is ready been stated a serious disagreement betweeen the talk around the Navy Department President and the premier of his cabpuzzled a good many people, and the some of the change of feeling was inet. The invitations to the dinner, however were issued at least a week the subject of much interrogation, to which, however, no satisfactory ago, so there is little significance in mongrel and untrained crew aboard the point. reply could be obtained, Some

It is stated today, as it was stated thought it was the calm before the last night, but with more positive-ness and more elaboration of detail, storm that Chill was merely relentthat the President and Secretary ed it was owing to the intervention Biaine have been working at cross of the Chilian controversy, and that within the last day or two the relations of the two men have become so strained that outward appearances of friendliness are maintained with

difficulty.
The friends of President Harrison. war would result. This corresponclaim that Secretary Blaine has force of men the Capitan Prat would either purposely or otherwise failed be a formidable vessel. It by no to give Senor Montt, the Chillan means follows that she would be partment, might not be sent in for some days, and it is believed it will Minister, a correct understanding of formidable if compelled to fight innot be until after the next Cabinet the attitude of the United States, and side of thirty days after going in that he has, in addition, privately commission it is believed in wellcriticised what he calls the "war pol- informed naval wireles here that and will contain about 25,000 words, icy" of the President The friends of The Presidents message is already in Mr. Blaine, on theother hand, claim of 400 of the best sailors aboard the type, and Mr. Harrison is simply that had his advice been taken and waiting for the approval of his colless talk of "firmness," "honor of the reaches South American waters. For leagues, which would probably have United States," &c., been indulged in, the reason that Chili, in the event of 'hill would have long ago made representations that would have led to a to keep ber naval force well in hand sudden illness of Secretary Blaine peaceful solution of the difficulty. A gentleman who enjoys the clos-

ture of overtures made by Henor President and Becretary Blaine, and Montt. It is feared that a backing who has been in frequent consultadown by Chili from her aggressive tion with them during the past few days, is authority for the statement attitude will lead to the overthrow of the government of that country, that somebody has blundered in the attempt to place the attitude of the to another revolution, and still fur-United States in a plain and unmis-takable manner before the Chillan ther insults to our flag. The greatest danger thus lies in the present wickgovernment. The critics of Secretary Blaine have stated with much free dom of expression to-day that the President has delayed sending his Congressman R. Q. Mills, of Texas, message to Congress solely at the has notified Speaker Crisp that he earnest request of Mr. Blaine, who is firmly wedded to the desire for cannot serve as chairman of the peace, and against the advice of his furnace last night, but did not secure most trusted friends in the cabinet. much plunder. The depredations Committee on Interstate and Foreign Commerce, Hon, George D. Wise, second on that committee, President and Mr. Blaine was the subject of general conversation at the will succeed Mr. Mills as chairman, capitol and elsewhere today, and safes were wrenched off and the holes capitol and elsewhere today, and safes were wrenched off and the holes satisfaction guaranteed, or money served to draw out many stories in filled with powder. The locks being refunded. Price and \$1 per botthough the latter does not withdraw from this committee altogether. In declining the chairmanship of the senator said that to his personal committee Mr. Mills says he is followed by the senator said that to his personal knowledge Mr. Blaine took occasion. The milling company lost \$25, and wholesale drug stores.

from this committee altogether. Activity at the Yards. PHILADELPHIA, Jan. 20,-Everything is life and bustle at Cramp's ship yard, where the armored cruiser Corsair and the battleships Massachusetts and Indiana are undergocontains the famous painting "The ling construction. The men are work Duchess du Cruyl," by Rubens, ing briskly and the progress mad can be noted from day to day. In the which has been lying in the custom different shops work is continued until 10 o'clock each night. Henry Cramp was seen in reference to this ing was an antique, and was entitled and when asked if the company had received any orders to push the work said: "There would be no use to otherwise and assessed the duty on ask us to push our work, as we al it at \$4,598.70. The Federal courts | ways do that, and I do not see how sustained the Treasury ruling, and we could get along any faster.

The chief efforts of the large force of men now at work at the League appealed the case to the United Island navy yard are directed to-States Supreme Court. Meanwhile ward preparing for a great increase the lady of the painting will smile in the capacity of the yard for redown upon the fortunate ones who pairs and construction. Work on the monitor Montauk is being pushare favored with the freedom of the ed forward as rapidly as possible, and will be completed within ten p. m.

One of the most commendable One of the most commendable things that can be said of President sonl refused to be comforted." "Poor fellow! of course it did." Pity, he councement that it is "delayed." | couldn't get Salvation Oil. 25 cents.

ANDWCHILL AN WARABLE.

Haptdly Finishing the Copitan Prof in Franch

The latest news from France conperping the fitting out the Chillan armored war stop Capitan Prat to L. the effect that the workshops will have the vessel ready for sea in initis days' time. A number of small fittings remain to be placedly position though the larger part of the work is what almost any wideawake officer would undertake to carry out at sea. It is even thought probable that the Unilian command er, now by the reseed, may take this view of the case, and under the pretense of a steaming trial make off with the new ship for bouth

Among naval officers here it is to cognized that the tapitan Prat when fully completed will be one of the best fitted out war ships in the world The very face that her construction in the hands of Los Soulete des Luf gesetti-sutters de la Mediterrame is deemed sufficient existence that the workmanship is of the very best Allthe latest and most improved designs for working latteries, assisting the fire of guns and exchanting the mancruving powers of the vesselhave been supplied. The main but tery guns are worked by electricity. and last summer Lieut, Bradley A. Fiske, United States Navy, personal ly superintended the planing of range finders aboard the new ship The Capitan Praticast of range fluid ers, which are of Fishe's design, are deemed the most perfectly fitted and installed aboard any war ship.

Despite, however, the excellent accessories of the Capitan Prat It is pointed out here that the Chillan craft, if she gets to sea at all, will be manned by a mongrel crew, a crew made up of sailors from all parts of Europe. Chili has in her regular. navy a large proportion of splendid sallors. The Chillan sailors are to fact the best men of the republic But just now all the regular force is manning the ships in home waters Ho far as is known no draft of regubeen sent to France. The vessel's new commander has, however, made ferred to with much confidence as a his way to the continent, as has al-

Naval officers say that, even granting that the Capitan Prat in time of war cludes the neutrality laws of France and succeeds in reach ing the high sea-, the presence of will make matters difficult for ier officers. It will be the case of placing fine tools in the hands of men ignorant of their use. Lieut. Commander M. R. S. Mackenzie, the present commanding officer of the nited States gun boat Petrel, voiced purposes almost since the beginning the opinion of a large number of the officers of the United States navy on this subject when he said recently that his ideal of a fighting ship was a craft having the simplest features. possible for working the guns, coupled with a highly disciplined crew. In the hands of a well-trained Chill will endeavor to place a force Capitan Prat as soon as that ship at home it is not thought that she est possible relations with both the ent fighting force away from berown the world picked men to the Capitan Prat can readily be effected when the new ship reaches South America. As the Prat is designed for a nineteenknot speed it is thought that careful
