Interesting Notes Around Charlotte, N.C.
Willman for Tax Sale.
We will give today to see the spot from which a mere handful, some twelve or fifteen of American citizens drove five hundred of Carolina's whites back to their camps in Charlotte, without the loss of a single man.
In every newly settled country, the use of neighborhood, among people of the same race and religion, is very strong. In times of stress, of day weddings, funerals and other festivities, they think nothing of riding on horseback ten or fifteen miles, to show their sympathy and kindly feeling. And in colonial times this friendly neighborhood feeling was especially shown in times of illness and distress. A mile or two miles to sit up and wait with a sick neighbor was no unusual occurrence. And when the larger residents, neighbors of the widowed Mrs. Mary Graham, gathered at a table of her own in a well-managed hotel, and the loved ones well-managed by and all hoped recovery as they sat up and waited for her to return. They were not highly educated, but they were intelligent, good men and while they read many good books, we cannot suppose that they were broad-minded and philosophical enough today. The fortunes of war? No, no, they thought in their fiery hearts, "For the equality of men, and for the help of God, we will sweep these red coats from the face of the earth. If they themselves give no quarter, they will give none. They will see that they did not mean at the defeat of Buford on the Waxhaws, and no one need talk to us about the usages of civilized warfare. They do not themselves observe these usages, and we will exterminate them. If we can, by every means we can, just as we do the wolves, wildcats, and rattlesnakes of these forests."
And so Francis Bradley and his men hung around the house, and they would not be driven away. They would be driven away only on terms. They would be driven away only on terms. They would be driven away only on terms.

Good Looks.
Good looks are more than skin deep, depending upon a healthy condition of all the vital organs. If the liver be inactive, you have a bilious look, if your stomach be disordered, you have a dyspeptic look, and if your kidneys be affected you have a pinched look. Secure good health and you will have good looks. Electric Bitters is the great alterative and Tonic acts directly on the vital organs. Cures pimples, blotches, boils and gives a good complexion. Sold at Hurwell & Dunbar, Wholesale and Retail, and at Jordan & Scott's, Wholesale Drug Stores, N.C. per bottle.

Some English People.
Allow a cough to run until it gets beyond the reach of medicine. They often say, "Oh, it will wear away," but in most cases it wears them away. Could they be induced to try the successful medicine called Kemp's Balm, which is sold on a positive guarantee to cure, they would immediately see the excellent effect after taking the first dose. Price 50c and \$1. Trial size free. All drug stores.

Stimulant Liver Regulator.
This is a most excellent appetizing tonic. Sold by Dr. Chapin to Bishop of North Carolina.

THE WASHINGTON Life Insurance Company, OF NEW YORK.

Assets over \$10,500,000.00.

Its gigantic monument to the truth of the prophecy. Its bond and mortgage investments amount to more than 50 per cent of the total assets. These mortgages are first liens on real estate valued at \$17,500,000.00. But the strength of the Washington is in its conservative management. In times of depression the concern is felt by the holders of its policies.

OPENING OF FALL SEASON, 1891

By the ever Italian 3 P's PLUCK and PERSEVERANCE. I am enabled to say before a kind public, which is ever ready to applaud success, a comparative statement of prices and rates of goods sold and received during the months of June and July, for the three years respectively, 1889, 1890 and 1891.

1889, June, 1891 cases and sales July 690
1890, June, 1891 cases and sales July 1017
1891, June, 1891 cases and sales July 1400

As you see in 3 years of over 100 per cent. and as these figures speak more loudly than anything I could say. I simply point to them and say, "These are my goods." And now a word to those merchants who have been buying elsewhere. Buy from me, and you will not regret it, but buy nearer home and from a better man. I offer you a full assortment of goods and warrant them with my own hands. My prices are all ready for inspection. Send for quotations, or come in person to inspect and see my salesmen in person. Respectfully,
S. Wittkowsky.
