### JUDGE OLMER DEAD.

One of the Finest Jurors in the State Passes to His Rest.

GREENSBORO, March 11.—Judge John A. Olmer died at his home in this city this morning, after a long illness. He will be buried to-morrow afternoon.

Judge Olmer was one of the best men in the State. He was a brave Confederate soldier, and as a Judge he had few superiors. His death will be greatly mourned throughout the State. Judge Olmer was 54 years of age.

### The Richmond and Danville New President.

Mr. W. G. Oakman, who was yesterday elected president of the Richmond & Danville Company in place of Mr. John H. Inman resigned, is about 45 years of age, and is a man of experience in railway management. After leaving college he engaged with the Rogers Locomotive Works in Paterson, N. J. From there he went to the banking house of J. K. Kennedy & Co., where he remained until appointed superintendent of the Utica division of the Delaware, Lackawanna and Western Railroad. He resigned that position and shortly afterward began his acquaintance with the Richmond and Danville system as president of the Richmond and Danville Construction Company, which built the Georgia Pacific railroad. He became third vice-president of the Richmond and Danville Company afterward was elected second vice-president, and at the time of his withdrawal from the company was first vice-president. Since that time he has been vice-president of the Central Railroad Company of New Jersey.

### Butler and Skinner To Marry.

To-morrow is the day appointed for addresses to be delivered in this city by Mr. Marion Butler and Capt. Harry Skinner. It is probable that the court house will be secured for the speakers, but court house, opera house or auditorium, they will have a good crowd.

### Will Not Go Through.

A special from New York to Smith & Watts says: After carefully reading the new Richmond Terminal plan we are quite confident that it will never go through in its present shape. These securities which are owned by the Bruce Thomas crowd are most liberally treated, while the old underlying bonds and such bonds as are held by the investing public are offered but a small percentage of their present value, and such will never come in on the terms offered. How the committee propose to proceed without them we do not know.

### Local Ripples.

—Iceicles still hang from the eaves of houses, and the day has been one of a sort that would do credit to mid-winter.

—Evangelist Eife made 30 converts at Norfolk, and was paid \$40. He has gone to Richmond. In a few days he will begin a series of meetings in Wilmington.

—Mrs. Gooding, of Mobile, Ala., is at the Central for a few days, the guest of her brother, Mr. George Bryan. She is on her way to Newbern.

—Capt. W. B. Gooding, city tax collector, is making out a list of the delinquent city taxpayers. All who have not paid by April 1 will be published.

—Some of the young married couples of the city are organizing a lawn tennis club, to blossom into life with the flowers that bloom in the spring. The court will be on the lawn at Mr. Ed. Carson's.

### GO GOV. ALEXANDER.

Our Representative in Congress Foes It in White and Black, That He Will Not Run for Governor.

In figuring on candidates for Governor of North Carolina, politicians can leave off the name of Capt. R. B. Alexander. The News has it direct from Capt. Alexander that he will not be a candidate. A private letter was received here today from Capt. Alexander in which he states his position positively and requests that Mr. Butler, who is to speak here to-morrow, be notified of it. The inference is plain that Capt. Alexander is not only not a candidate for the nomination, but that he would not accept it.

This leaves Gov. Holt, Dr. George W. Waverlin and Julian R. Carr in the field. Either one of the three would make a good Governor. It is understood that the alliance influence will be thrown in favor of Dr. Waverlin.

### The County Circuit System.

The board of commissioners yesterday made a change in the government of the county chain gang. Mr. Hilton is no longer superintendent, but hereafter the convicts are to be looked after by a committee of three members of the board. This committee consists of Moore, Kirkpatrick and Hilton, with Messrs. Hutchinson, Philter and Wolfe of the board of trustees.

The paper adopted by which this change was brought about says that, whereas, at a recent meeting of the county commissioners and board of township trustees, it was agreed in joint session, that the board of trustees should hereafter be represented by a committee of three in laying off and deciding upon the amount and character of work to be undertaken and worked out by the convicts on the township roads, therefore in accordance with this agreement and understanding be it

RESOLVED, That a committee from this board be chosen to act with the committee appointed by the board of trustees in carrying out said agreement.

RESOLVED, That this board elect one superintendent of convicts for the remainder of the year 1892, the said superintendent to receive his instructions as to management and working of the convicts direct from this board or a committee of this board.

RESOLVED, That hereafter the superintendent of convicts be required to make full monthly reports to this board of the number of cubic yards of rock measured up by him, the amount of dirt moved, the number of yards macadamized, and also an accurate account of all expenses necessary in carrying on the work during the month.

Mr. W. D. Beatty, of Sharon, was elected superintendent for the remainder of the year.

### The Music Festival.

The committee appointed to secure subscriptions to meet the necessary expenses of the June music festival, is at work and is meeting with fairly good success. The Baltimore orchestra will be secured, besides a coterie of fine soloists and the festival will be an event worthy of Charlotte. The festival last year was the most successful that has been held in this State and our people remember the splendid crowds it attracted here. It is proposed that the coming event shall in all respects surpass that of last year.

### THE CASE OF MR. WILSON.

MAGISTRATE AND CHURCH MEN SEE.

But a Possible Trespasser and Tombstone Breaker. He Will Hardly Get License. The Matter, Postponed to April.

The case of Mr. T. J. Wilson, applicant for license to sell whiskey in Charlotte, has been held up until the first Monday in April. This was done at the request of 'Clarkson A. Dalk, attorneys for the prohibitionists on account of the fact that they were unable to produce the witnesses wanted, the notice having been too short. All of this forenoon was spent in haggling over the question of postponing the case, and it was finally agreed to let the matter go to the April meeting.

This case promises to be as interesting as the Roessler case, if not more so. Mr. Wilson, the applicant is a magistrate of Mecklenburg county and is also a member of the Methodist church. When he made application yesterday afternoon for license to sell whiskey, Dr. Wilder, Mr. Frank Mossman, Mr. W. D. Beatty and Mr. W. W. Rankin, were each called to the witness stand and gave Mr. Wilson a good character. The meeting was then adjourned until this morning when it was expected to proceed with the case, but as has been stated the anti-license side was not ready with its witnesses. That side expects to show, at the April meeting, that notwithstanding the fact that Mr. Wilson is a magistrate and a church member, he is not a man of good moral character because he has been indicted for forcible trespass, and is charged with having broken a tombstone one night while 'possum hunting. It is on record in the Supreme court reports that at the April 1883 term of the Mecklenburg Criminal court, Judge Meares presiding, Thos. J. Wilson was indicted for forcible trespass upon the lands of J. C. Baker, the weather prophet who lives hard by Charlotte on the south and not far distant from Esquire Hilton's. The evidence was that Baker had impounded a hog belonging to Wilson, that Wilson went there with a colored man, paid the pound fees and then cursed Baker at a round rate and made motions as if to hit Baker. The case went against Wilson, and on Judge Meares' ruling, it was appealed to the Supreme court. The Supreme court affirmed Judge Meares' ruling, thus showing Wilson guilty of forcible trespass. The anti-license side also expects to show that Wilson some time ago, broke a tombstone. Wilson claims, so it is said that he did this in the dark one night, while possum hunting.

### Local Weather Report.

Following is a synopsis of weather prevailing at 8 a. m., to-day: The high pressure located in the north-west yesterday remains stationary in that section, while the low has advanced considerably east, and is at New Orleans this morning. Much warmer weather immediately accedes panies this low, and the heaviest rains of the last few days are on the north of it. To the west of this low, a moderate cold wave is closely following. This disturbance will probably move off to the upper Florida coast, affecting the weather in this section by causing heavier, warmer rains, followed by considerably cooler weather.

### The Wedding Last Night.

The marriage of Mr. Nat Simmonds and Miss Emma Schiff last night, was attended by a very large party of friends, and the ceremony was performed in the Belmont parlors after the impressive Jewish ritual, by Rev. Dr. S. Mendelsohn. A very elegantly prepared wedding supper was arranged by Mr. and Mrs. Eccles, and the parlors and dining room were beautifully and appropriately decorated. The wedding was altogether a very brilliant affair. At the supper table, the bride cut the prize cake, Miss Blum cut second and got the gold ring indicating that she is to be the next bride. Miss Hill drew the thimble for the old maid, and Mr. Price Elias got the bachelor's nickle.

### A Masonic Event.

The candidates will be present at 7:30 o'clock, when the chapter opens. Royal Arch at 8 o'clock. The banquet will be announced at 10 o'clock.
