We Didn't Make This
Pair.

For a good shoe you can say nothing
too good; for a bad shoe nothing
too bad. With a bad shoe you can't
do anything; it's a hopeless case and
the sooner you get rid of it the better
you'll be off. We would just as
soon think of trying to give a bad
shoe a good character as we would of
trying to give a good shoe a bad char-
acter. Our \$100 shoe speaks for it-
self, the minute it is on the foot. It
is unrivaled in absolutely no respect.
It is just what economical buy-
ers are looking for—it gives economy
a chance without sacrificing either
quality or comfort.

Damon and Pythias:
Robert Dowling the eminent young
American tragedian will appear at
the opera house on Friday evening
presenting John Brown's ro-
mantic play "Damon and Pythias," of
which performances the Boston Mass-
achusetts. Transcript says, last
night's performance of "Brown's
Damon and Pythias" by Mr. Robert
Dowling and his strong company at
the Grand Opera House was another
triumph for the popular actor. The
house, the seating capacity of which,
by the way, is second only to that of
the Boston Theatre, was so well filled
that but few seats were unoccu-
pied and Mr. Dowling was accord-
ed another ovation which drew from
him a few graceful remarks. Mr.
Dowling's "Damon" is one of his
strong roles, and he portrayed it
last night in a manner that fully de-
served the hearty applause, and what
was more gratifying, the tears it ex-
acted forth to bear witness to the
actor's powers in heroic and pathetic
parts. Mr. Dowling's rich modulations
voice and the fire and force of his
acting carried his audience with him
throughout the performance. Miss
Eugenie Blair did much to strengthen
the favorable impression she has
made in Boston by her Calanthe.
Miss Blair is a charming woman
and her historic abilities are of no
mean order.

A Bank in Liquidation.
BIRMINGHAM, Ala., March 24.—The
American National Bank of Bir-
mingham has gone into liquidation.
The bank originally had a capital of
\$250,000 which was to a large extent
loaned out on securities that depreciated
in value and not long since it
threw out its worthless securities
and sealed its stocks down to \$120,000.
Some of the stockholders kicked at
this arrangement and went into
court to enjoin some of the directors
from acting as the best way out of
the liquidation nobody will suffer
unless it be the stockholders
through the failure of the securities
to realize the amounts loaned.

The Alliance speakers this week
Mr. Marion Butler and Mr. B. O.
Wilson who have been making Alli-
ance speeches at Dallas, Lowell, and
Shelby, arrived in the city last night
and stopped at the Central. They
left this morning for Monroe where
they have an appointment to speak
this afternoon. Mr. Harry Skinner
had left them, having been called
home to attend to some business in
the courts.

An Allianceman speaking to a
News reporter to day about Mr. But-
ler's tour, said that it is only yet be-
gun. "Mr. Butler, Mr. Skinner and
others," he said, "will make speeches
in every county in the state. This
has been definitely decided upon.
The same Allianceman said that
there was no danger of a third party.
"We intend," he said, "to capture the
Democratic township, county and
state conventions and have our plat-
form adopted. The plan is
feasible, for the farmers of the state
constitute the Democratic party. We
believe that we are going to fight
within that party, but if we fall in
our efforts, then you will hear Third
party talk in earnest."

Alliance Day in Cabarrus

Mr. Marion Butler and the Al-

liance men had the day to themselves

in Concord yesterday. The meeting

was almost continuous from 10:30 a.

m. to 6 p.m. After the speaking Mr.

Butler had a special private interview

with all the six deputy col-
lectors in Cabarrus. What was done

cannot, of course, be learned, but it

is very probable that Dr. Ridd

Young was one of the things

under discussion.

Butler spoke for three hours and
was frequently interrupted by Col.
Gen. Paul B. Means, but as Butler
had the crowd, the Colonel didn't
have the right sort of a showing,
though he made the best of what he
had. An Allianceman who was pres-
ent said to the News yesterday that
he had a talk with County Treasurer Sims who
is an out-and-out Allianceman, and found
that he is of the opinion that
nothing except extreme measures
will drive the great majority of Alli-
ancemen from the Democratic fold
and that they feel that all their grievances
can be remedied through the
Democratic party. Capt. Chas. Mc-
Donald, Mr. Ambrose Headman and
Mr. John Sims, all leaders of the Al-
liance say that the Democratic party
is good enough for them, and that
the battle will be fought under its
banner."

A Catholic Cathedral.

The Catholic colony at Belmont,
in Gaston county, is making rapid
progress. The monastery, a very
large and imposing brick building, is
to be supplemented by a cathedral,
upon which work was begun last
week. The architect is a Michigan
man, and is there superintending the
work. The Mt. Holly News says that
the cathedral will be the most im-
posing structure in the State of not in
the South. The main building will
be 120x100 feet, there will be two towers,
one will be one hundred and the other one hundred and fifty feet
high. The structure will be built of
brick and granite. A similar
structure, built in New York,
would cost \$6,000. It will take nearly
two years to complete the building.

Greensboro Gets It.

The board of trustees of the A. and

M. College held a meeting in Raleigh

yesterday at the office of W. H. Pace,
Esq. Propositions were heard from

Wilmington, Raleigh, Greensboro

and Winston to locate the College at

those respective points. The deci-
sion was in favor of Greensboro. Her
offer was \$8,000 in cash to be turned
over in thirty days, and \$3,000 additional
to be given by June 1st, 1893, after a vote to be taken by the city
upon a subscription of \$11,000 for
that purpose.

INTERESTING BUSINESS FAIR

From Charlotte to Atlanta via the C. &
O. & N. Roads. The Northern and
Western Railroad.

The Georgia, Carolina &
Northern railroad is completed from
Montgomery to Atlanta, the Board of
Trade is thinking of running a pas-
senger train between Charlotte and
Atlanta via Monroe. The News

leaves that all the officials are
in favor of the project, and that
the train will be put on shortly. The
schedule time from Charlotte to At-
lanta by this route will be 10 hours. This
will be a first rate arrangement
for Charlotte and will open a new
and very desirable territory to our

business men here.

News of another fatal shooting af-
ter the furnace in it was brought
yesterday yesterday at 6 o'clock. Mr.
Coleman, lodger at the Danville
N. C., became engaged in a difficulty
when Mr. Coleman shot the negro.
The wounded man was still living at
last news, with the bullet still in his head.

Business.

The visit of General Bennett to

Charlotte resulted in great things in

that the Chamber of Commerce invited

the Southern Inter-State League and

all have encased results and a

grand stand at Davis park where

some of the finest games in the country

were played this summer. Ben-
nett is a visitor and it did not take
time to shape up matters. There
is still something to be taken and
shares can be obtained at R. H. Jar-
din & Co. or at the Haberdasher's

office.

Charged for Mother's Law with Lawyer.

Mr. George F. Hamm, a member of

the bar, is engaged in a

rather peculiar case in Catawba

county. He is defending a mother in

law from the charge of

murder on law.

Mr. Hamm charged Mrs. Anna Vining

his mother in law of swindling her

dwelling and stealing the sum of

\$100. Mrs. Vining is under a bond of \$100

for her appearance for trial at the

Superior court of Catawba county.

A Patent That Means Money for the Inventor.

Sometime ago, the drill used in

boring the artesian well for the ice

factory in Ward 1 was broken off

down in the well. There was but

two things to do, to get the drill out

or abandon the boring. The drill

weighs about 200 pounds, and it was

stuck fast in the hole several hun-

dred feet below the surface. Many

expedients were tried, but all were
