CHARLOTTE, N. C., FRIDAY EVENING, MAY 13, 1892

NUMBER 1149

PERFUMES

Prepare for the Coronation and Ball.

We have an immense line of evening silks of every sort, draperies, silk muslin, lace, evening shades of Henrietta, and in fact everything for the ball, toilettes, gloves, silk mitts, bonnets, silk, lace or cotton. Handkerchiefs of the very distinct pattern. Faux fur becomes striking, faux fur beauty, faux fur felling. Everything for the ball, nothing to be had. Friends come to see. Don't bring another silhouette.

Curtain Stuffs.

This is a great preparing time. You are also fitting up your home for the great 20th. Curtains do you need any new ones? Theville Partners will bring top and bottom at \$6.00 and \$10. Extraordinary handkerchief lace curtains in all the new and handsome effects. Nine frances, bow knot and ribbon.

Local Ripples

The government flags for decorative purposes came to-day, and are ready for distribution.

This was an off day in the cotton market, fifty five bales were received at the platform.

Mr. J. D. Horn, a prominent cotton buyer at Wadesboro, was in the city to-day, delivering cotton.

Mr. and Mrs. J. D. Church will entertain a number of their friends this evening at tea.

The men's gathering at the Y. M. C. A., to-night at 8 o'clock will be led by Mr. C. P. Wheeler. Men cordially invited.

Mr. E. D. Latta has returned from New York. He has brought home some new ideas that will come in handy for the 20th celebration.

Mr. Jno W. Miller's residence, on North Tryon street, is most handsomely decorated. Mr. Miller sets a patriotic example for all our people. Decorate.

Mr. John Keenan, a baseballist from Jersey City, arrived in Charlotte this morning, and will join the Charleston club in their first game against the Charlestons on home grounds, tomorrow evening at 8.

The Royal Arch degree will be conferred on three members of the Knight Templars this evening. The members will then partake of a sumptuous banquet.

The county Democratic convention of Cabarrus meets in Concord tomorrow. The arrangement will be bosses, if reports from the primaries are to be believed.

The nautical experience of Col. A. L. Smith, has marked him out as a suitable Commodore of the Latta park navy. The Colonel says he will take command of the water front on May 18.

The Hotchkiss gun for the Naval Battalion is daily expected. If it arrives in time, it will be used for firing salutes on the morning of the 20th, and will also have a part in the sham battle.

An incident showing the cordial relations between the engineers and conductors occurred at the recent convention in Atlanta, when the engineers were presented with a magnificent floral tribute by the conductors.

The big arc lights are being arranged in and about the arch over Independence Square. The arch will be completed, decorations and all, by Monday evening, and it will be a beauty. Nothing of the kind has ever before been seen in this State.

Mr. B. F. Tipton, who was formerly a clerk in Charlotte and who is well known here, has been prostrated at his home in Mt. Holly for two weeks past by a severe attack of sickness. He is suffering from inflammation of the brain, and the worst is feared.

A Parting Shot at Hawthorne.

Rev. Thomas Dixon has a column card in yesterday's Atlanta Constitution as a parting shot to Rev. Dr. Hawthorne. It is in substance about the same as the interview published in yesterday's News but there is just a little bit more of it. He says Dr. Hawthorne says he would like "to do something to help this young man." Thanks, doctor. You have already. You have made me thousands of new friends in Georgia. But hereafter I will not ask any more of your valuable time, which I've no doubt you need in curling your hair and practicing before your mirror the art of articulating wind.

The doctor further says that the Baptist ministers of Atlanta unanimously decided I should not preach in the city on May 5th. I don't believe it. There are one or two Baptist ministers in Atlanta who have too much sense and too much religion for such a piece of bigotry and stupid jealousy. These men may have been absent, of course, so that the dear old grannies had it all their own way.

In any event, if they did, it is not the first time I have been tried and condemned to death without a hearing by a semi-circle of sacred asses in secret session. And yet somehow I still live and enjoy pretty fair health.

And dear old Graney Jones says my theology is utterly rotten! Well judged by the Jones standard this may be. At least I thank God my Theology is not of his kind, for Brother Jones has not been able within many years to find a church that would have him, so the brethren had to fix an office for him in Atlanta. Yes, brother, my theology is a little off as compared with that of the army of the sacred unemployed in the Lord's vineyard, and to tell you the truth, Brother Jones I had just as lief have the sun-spupper as to have such an atheology. Dr. Charles A. Briggs and Dr. Charles H. Parkhurst are my neighbors and my personal friends. I count it an honor. As a descendant of Roger Williams in America and the anti-baptists of the old world, I hate persecution. I believe in free thought and free speech. I believe all heresy trials were born in hell. The Presbyterian church may allow Briggs and Parkhurst to be hounded out. It will not be the first time the prophets of the race have been stoned by the ecclesiastical machine but it will be a sad day for the church when it happens.

While I do not endorse all Professor Briggs teaches, I'd like to say that he knows more in minute than Hawthorne and Jones have learned in a lifetime.

Another Step of the J.C.'s Said.

That portion of the Charleston Cincinnati and Chicago railroad, which lies in Tennessee, seventy-five miles, was sold yesterday at Johnson City to satisfy a debt.

It is being paid \$100,000 for the stockholders, or \$100,000.

The construction cost \$2,000,000.

Work began there in 1888.

The contractors, Mr. Donald, Shea & Co., had a debt of \$100,000 and William Kendall \$140,000 against R. Work, which has been suspended for so long, will be resumed.

The debt of \$100,000 is not paid. It will be held open until July.

Messrs. W. L. Morris, H. R. Parks and D. P. Boger will represent Cabarrus as marshals at Charlotte's 20th May celebration.

Mr. J. S. Spencer returned to the city to-day from Henrietta, where the annual meeting of the stockholders was held yesterday. The methodical and a part of dividend.

THE SHAM BATTLE.

It Will Look Like a Gettysburg Battle-field Engagement and Will More Readily Approach a War Scene Than Anything Yet Known in the State.

The battlefield for the 20th May sham battle was yesterday selected. The battlefield will be the south western limits of the old fairgrounds, now Latta park. One line will be formed in rear of the old floral hall and the other line will be formed across the railroad on the Wilson property. The battle will be fought across the line of the Charlotte Columbia & Augusta railroad. It will be a notably fine affair with rifle and cannon.

The companies that had been called for the fight up to this morning are: The Governor's Guards and the Zouaves of Columbia under command of Col. Wm. Jones, of the Palmetto Regiment. The Irwell Blues of Statesville; the Southern Stars of Lincoln; the Cabarrus Black Boys of Concord; The Cleveland Guards of Shultz; The Fayetteville Independent Light Infantry. The Wilmington Light Infantry. The Hornets' Nest Riflemen, the Queen City Guards and the Charlotte Naval Battalion. The latter will have one full battery, besides a torpedo station in charge of Lieut. Lee Hunter. Several other companies not yet officially heard from, are expected to take part in the battle.

Local Weather Report.

The following is a synopsis of the weather prevailing at 8 a.m. to day. The high pressure has moved easterly, and appears this morning in the extreme northeastern portion of the country. It dominates the weather over the greater part of the country, resulting in generally fair and clear weather over the section of the country to the south of the lakes and east of the Mississippi river. To the west of the Mississippi river, a low pressure central at Amarillo, Texas, influences the conditions, which are generally cloudy and threatening. Light rains have very generally occurred to the west of the Mississippi and around the northeast section of the country. Temperatures continue to slowly rise over the country generally.

Fine Lecture.

Rev. Tom Dixon was greeted at the Y. M. C. A. last night by a very large audience, and his lecture on "Fools" brought him into great favor as a lecturer, with our people. The lecture is indeed a very excellent one, and the manner of its delivery is strikingly effective. One cultured gentleman who heard it says that it is undoubtedly the finest lecture that has yet been delivered before a Charlotte audience. Mr. Dixon left this morning on the return to New York.

Arrival of Montana Charley.

Montana Charley reached the city last night from the Indian reservation. The Indians are now on the road in charge of Arizona Jack and Capt. Diamond Jim, two famous cowboys belonging to Montana Charley's show. The first party will reach Charlotte sometime Monday, and the remainder of the company Tuesday evening. The parade will take place at 12 noon May 18th, and the great Indian show, "the attack on the homestead," will be given in the Latta park at 7:30 p.m. on the 18th. The band led by Chief Lucas consists of 16 people. Among the noted Indians who will attract attention are the famous Chief Red Cloud and Standing Bull of the Sioux. Montana Charley will camp the Indians at Latta Park on Monday and will have charge of them during their stay in Charlotte.

Dr. McManaway Returns.

Rev. A. G. McManaway pastor of the Tryon street Baptist church, arrived home last night from Atlanta, where he has been attending the Baptist convention. Dr. McManaway says that the convention was one of the most pleasant in all respects that he ever attended. Speaking of the Dixon-Hawthorne racket, Dr. McManaway was not inclined to say much, but he thought that Dixon had not been treated right. His sympathies are with Mr. Dixon.

Invitations Are Now Ready.

The invitations of the reception committee of the celebration have arrived and will be given to merchants and others applying for them to the city railway office.

Trains Interchanged.

Mixed trains No. 64 and 65, operated on the A. T. & O. R. R., between Statesville and Charlotte, will not run on Saturday May 14th. This is necessary in consequence of change of schedules on May 13th.

Great Cannon.

Fire occurred this morning in the storehouse of Lippard Brothers, adjoining the Canons Manufacturing Co., at Concord. The water facilities of the factory came in handy and the building was saved, though the loss to Lippard by fire and water will be pretty heavy.

Extending Seventh Street.

The concrete have been making good headway on the work of extending Seventh street to the Lawyer's road. The force is now grading the road on this side of the creek. The county pays for the bridge that is to be thrown across the creek. The road will soon be open for traffic and it will be an elegant highway.

The County Officers.

The Mecklenburg Democratic county convention to nominate county officers, will probably be held about August 15th. So far, but little interest has been taken in the matter, yet there are rumors and rumors of candidates. The present set of county officers are calm and serene, and from all that can be learned, they have no reason to be otherwise.

Shooting for the Medal.

The annual contest for the marksman ship medal at the Hornet's Nest Riflemen will begin at the park this afternoon. The medal is now held by chief of police Mason, who won it last year. There are some very fine shots in the ranks of the Hornets, and the riflemen who wrest the medal from Dick Mason will have to do some extra good shooting.

Full of Liquor and Had Three Pistols.

Passengers who arrived in Charlotte on the vestibule train last night, reported a tragedy at Galaxie City. As the vestibule was speeding along towards Charlotte, near that point, a drunken negro stepped on the track in front of the engine. He was knocked about 20 feet and was dead when he struck the ground. The fragments of a shattered bottle of whiskey were found in his clothing, and in his pockets were three pistols.

Farmers in the City.

A good many farmers were in the city to-day. Among the callers at THE NEWS office were Mr. Walter Sloan, of Davidson; Messrs. S. H. Farrow and C. B. Cross, of Burdette; J. L. Stafford, of Harrisburg; Messrs. John Younts and W. M. Yandle, of Pineville, and R. Boston Wallace, of Crab Orchard. They all report politics quiet and farm work hot. The condition of the growing crops is generally very good.
