The Fire this Morning.

The residence of Mr. C. A. Black 206 South Myers street was badly damaged by fire this morning. Mr. Black was in his garden when he discovered a blaze on the roof of his kitchen. An alarm was immediate ly turned in, but before the fire department reached the spot, the house was enveloped in flames. The company did splendid work and but for their timely appearance considerable more damage would have resulted to the adjuining houses. Most of the household furni ure was saved but in a more or less damaged condition. The house and furniture was insured for \$900 which will hardly cover the loss. It is supposed that the fire originated from a defective flue in the kitchen
