COTTON MITTING IN 101 SOLLIE The Massard meets have all a fire been consider to all if to the eller hours of latter in the set of a second week. The sets to sold as configuration ere are protesting againstit scattennonsly and their arguments lief te the Legislative Committee discloses the normation willress here. last what having the imputions contain week instreacted forme and writes mills are producing any ng the New optimizing. He easy Yes, we are England plants. The facts as stand meazain and back once more below, should be a related to the more exaction, where the duil, tread gantred support which he has in the condition among the word official main main routine of editorial duties, with which are now on a prosperious of all their cares and perplexities, redition, paying good dividen is and mind us of the fact that we are, after steadily enlarging and improving all nothing but a poor, hard worked. How can any thoughtful Democrat the quality of incircoutput. It seems editor, and that the sweet roses of to settle for all time to come the colle enjoyment which have ewestened troversy of where the real seat of cot: our existence during the past two weeks, must now give place to thuse thorns of work and totl and trials ton manufacture in America is to be J. Howard Nichols, treasurer of that needs must grow in every l.fs. But for two weeks we have been basking in tresunlight of brightest the Dwight Manufacturing Company, Chicopes, Mass., testified that competition partly from the Southern mills, "is so intense that a small fraction of a cent on a yard is the difhave been filled to overflowing with ference between success and failure." the viands of good cheer, and we to a Massachusetts mill, and he adds. "for myself, I conless the outlook is not cheering, and I would not invest nor advise a friend to put one dollar in Washington, and * * * last week we spent in Charlotte, one of into any new cotton factory in Massachusetts.

Our men of greatest wealth are not putting their money into mills in Massachusetts. They can flud more profitable employment elsewhere for their capital, and they see the danger which threatens them here."

Mr. Joseph Healy, treasurer of the Osborn mills, Falt River, takes al most as gloomy a view, and supports it with market quotation

of enjoyment plucked during our giorious sojourn there will live in Following all this testimony comes the vase of memory forever, and that of Mr. Elliott C. Clark, treasurer sweeten with perfume the dreariest of the Bott mills, at Lowell. "I sim-ply want," said Mr. Clark, "to give be people flung wide open the doors to the luxurious chambers of a magnitirou a few cold facts in regard to Southern competition," and he pro- bade us forget the ills and the tolls ceeded to give them in detail and at and cares of life, and made us dream considerable length. "It seems to me," he said, "that the whole danger to our Massachusetts industries is from the South; that has been brought to my attention, especially within the last few years, by the fact that Southern mills are taking away my work from me. I am losing my pulses, and his fascinating wife is the contracts a good deal in that way. It is also the same in regard to the trade in China, because the Southern States get ahead of me " The witness went on to explain that he had looked into the subject carefully. comparing goods, prices, etc., with those of South Carolina mills, to learn how and where he was being beaten. He continued: "There are several good mills down there. The Pocalet is a good mill; so is the Clifly as a streamlet of crystal waters ton and the Piedmont. I looked at their goods and found they were just as good as mine. They beat me act- bling sunbeams as they came down ually in speed. In the cost per pound in dazzling showers. of 13 to 22 yarn I found that they beat me out of my boots; we are not in it with them. My cotton was costing me 10.2 cents per pound and theirs 9.15 cents. The difference in the price of cotton was pretty near the profit. They are just as good weavers, just as good spinners-so those who have been there tell me. This is the sort of competition we are meeting with."

WATTERSON OFFER PARNENS. Mr. Mitchell, from the Committee on Privileges and Elections. yester-His speech on the Lot of the Konducky day reported to the Senate a joint generation preparing a constitutional
