GINGHAM AND MESH UNDERWEAR

Yesterday we opened up one thousand five hundred yards of the finest gingham that were turned out this season. They are the famous "Trade the South" gingham and Almond & F. C. manufacturer. These are famous and have a reputation all over the American continent. They are light, fairly loose, sturdy and strong, also pink, gray and blue. They are especially suited and very handsome patterns, especially for this season of the year. We made strenuous efforts to secure these handsome patterns a few weeks ago, but they were not to be had. But now, this very day, we put on sale at handsome and as large a line as you

have seen at any time since the beginning of the season. They are the best of their kind at 12c, that was made in the city, and they are the best of their kind. We also received a few hundred yards of things that are of a better quality than we have ever put on any market. They are now on open today. First come first served.

MUSLIN UNDERWEAR

You never saw a better line for so little money as we have now. The largest table in the middle right aisle shows dress chemises, blouses and corsets. Low trimmed and embroidery trimmed, all tucked all sizes.

at exorbitant charges for shoes. There may be some excuse for asking lower than the market rates, there isn't any excuse for demanding higher. Every penny that is not legitimately asked is a penny's worth of imposition. Our shoes are as good as shoes can be, the best can be no better. They are honestly made, and honestly sold, and being honestly made, is of course honestly sold. It isn't the fashion to take a step without a shoe; it is the fashion to take the step of buying shoes because they are cheap, stylish
