Local Ripples.

—Mr. O. P. Heath returned from Abbeville, S. C., this morning. He will leave for Norfolk in a few days.

—Mrs. Gissie Brockenhurst, Mrs. J. A. Durham and Miss Ella Wriston will leave for Creswell Springs next week.

—An electric motor, for running a coffee grinding machine, has been put in at Bonney & Van Ness' grocery store.

—Mrs. Frank Pharr, living near Rocky Ridge in Cabarrus county, died yesterday from a congestive chill.

—Mrs. R. C. Thompson and children left for Old Point and Virginia Beach this morning to spend the summer.

—Prof. Samuel Prichard, of Wofford College, is visiting friends in Charlotte. He is the guest of Esquire D. G. Maxwell.

—Mr. and Mrs. Gallant, father and mother of the late Harry Gallant left this afternoon on the return to their home in Gastonia.

—The men's meeting at the Y. M. C. A., to night at 8:30, will be led by Mr. J. S. Brakford. Subject, Secret of Discipleship. A cordial invitation is extended to all.

—The season at Creswell springs was opened last Wednesday, and there are already a number of boarders there. The water is good as usual and Mrs. Sloan keeps as fine a table as ever.

—A very fine crop of grass is growing along the electric car line on South Tryon street, but at the same time, that is not the place to raise grass. The appearance of a beautiful street is greatly marred by this grass crop. The Four C's ought to weed it out.

—Commencing Monday, the Seaboard Air Line will put on a daily freight on the Western division between Charlotte and Rutherfordton. This train will leave Charlotte at 7 o'clock a.m. This extra freight facilities for the Western towns will be very advantageous to Charlotte merchants.

—St. Peter's Home and Hospital is much in need of cloths for bandages, as the recent subjects for surgical operations there have exhausted the supply of bandages. Those of our people who have old cloths suitable for this purpose, would confer a favor by sending them to the hospital.

—Dr. Will Graham has returned from a brief visit to the coast resorts about Wilmington, and says that Carolina Beach and Wrightsville beach have been built up so that at either place it now looks like Coney Island. The Hammocks Hotel now has 200 rooms and is being admirably managed by Mr. August Roder.

—The weather is just about right for snake stories, and here is one: Mr. J. M. McCall, of Morning Star township, yesterday killed a coach whip snake, that was 7 feet long and twelve inches around at the largest part of its body. The Prohibition party ought to secure it for a campaign document.

CAPE GREEN IN CHARGE.

Buddeker and Foster are the receivers of the Richmond and Danville Road, and Capt. Wm. H. Green is Head Man.

The Richmond & Danville Rail road Company has at last gone into the hands of receivers. Circular No. 1, issued from the office of the Receiver of the Richmond & Danville yesterday and signed by F. W. Heidecker and Reuben Foster, receivers, says: By decree of the Circuit court of the United States for the Eastern District of Virginia, the Western District of North Carolina and the Western District of South Carolina, the undersigned have been appointed Receivers of all the railroads, property, assets and money of said corporation, with instructions to take immediate possession of all the railroads, property, all such railroad, property, books, papers and accounts, and hold and operate the said railroads.

In compliance with such decrees we have taken possession of all the system of railroads and property of said corporation, and assumed the operation thereof as the officers of said Courts.

With the approval of the court the office of the Receivers will be maintained at Washington, D. C.

The following officers are hereby appointed: W. H. Green, General Manager; Sol Haas, Traffic Manager; John W. Hall, Treasurer; M. C. Figg, Auditor.

Their orders, as such officers, will be obeyed and respected accordingly.

A circular letter from General Manager Green says: "Referring to Circular No. 1, issued by F. W. Heidecker and Reuben Foster, Receivers, I hereby assume charge of the rail lines of the system as General Manager for the Receivers, Heads of Departments and Division Officers will be governed according to law, and report to this office as hereto-fore."

Now, Here's News From a Good Town to Live In.

A NEWS subscriber at Clarkton in Bladen county, on the Carolina Central road, writes of a shipment of ship timber spars and masts from that place. The shipment was made by Mr. C. H. Robbins, of Wilmington, the champion timber man of this State. There were 9 flat car loads. The spars, cut from the pine forests, were perfectly straight and shapely, and measured from 80 to 100 feet. I required three flat cars for a load. This timber is said to be the finest in the world and goes to ship yards all over the globe. Mr. Robbins is now getting out another shipment. Our subscriber says that there are about Clarkton great crops of cotton, corn, cabbage, peas, Norton Yam and Irish potatoes, etc.

—People who came through Huntersville this morning saw the citizens of that burg engaged tarring and wrapping up the trunks of the shade trees along the streets. It was developed that last night a party of vandals went about the town and stripped the shade trees of bark from the ground up for a distance of about four feet. An old Virginian who was there, told them that if they would coat the barked places with tar and wrap bagging around them, the trees would possibly live. The advice was acted upon and the whole town is now full of banded trees.

—The position filled in the register of deeds office by the late Harry Gallant, has been temporarily supplied by Archie Anderson, who has been work in the office for sometime past, and who has been retained by Mr. Cobb.

—That in order to secure these desired reforms we declare our allegiance to the national Prohibition Party, as the only party through which we can see any hope of getting the needed relief.

—That we will vote for no party or

THE PROHIBITIONISTS.

THEY ORGANIZE A PARTY IN THIS COUNTY.

W. H. Alexander is President and W. E. Shaw Secretary and Treasurer. Last night at the Court House.

The Prohibition party for Mecklenburg county was formally organized at the courthouse in this city last night. There was a very small crowd present. Rev. Frank D. Hunt pastor of the Graham street Free Presbyterian church was orator and Mr. R. H. Alexander vice-chairman. Mr. Hunt made quite a talk in favor of organization of a Prohibition party.

To a NEWS reporter today, Mr. Alexander said: "We had about 100 people present. In this town we have 100 people pledged to vote the Prohibition ticket. Of the 100, but 10 were present last night. We organized the Prohibition party and we mean business." Mr. R. H. Alexander was elected President and Mr. W. E. Shaw secretary and treasurer. Another meeting is to be held next Thursday night, when Rev. Dr. W. H. Tracy will be the orator, and the remainder of the officers will be selected. Mr. Alexander says that of course all members of the party will vote the national prohibition ticket. If the State and County Democracy will give them what they want, they will not antagonize them; otherwise they will put out State and County Prohibition tickets. The following preamble and resolutions were adopted:

Whereas, we believe that every man is responsible to Almighty God the giver of our civil and political liberty, for the manner in which he discharges the duties and responsibilities as a citizen and the use he makes of the privilege of the electric franchise, and

Whereas, we believe that the manufacture and traffic in intoxicating beverages is a public nuisance, a producer of crime, poverty and political corruption; it increases taxes and diverts one billion dollars from the lines of legitimate business, and

Whereas, the tax and license laws recognize it as legitimate and increase its power for evil, and thus make the municipal, State and national governments partners in the crime for the sake of the revenue, and

Whereas, the accumulation of enormous fortunes by monopoly and trusts, the existing condition of financial agricultural and industrial depression have become matters of great moral and political importance, and

Whereas, these evils are mainly results of the import traffic, class legislation and unjust taxation, therefore,

Resolved 1. That the manufacture, sale, importation and exportation of intoxicating and alcoholic beverages should be prohibited and completely suppressed by national and State legislation, thoroughly enforced by officials in harmony with such laws.

2. That these evils above mentioned should be remedied as far as possible by legislation, which will secure to every citizen, of every class and condition, equal rights, equal justice and equal opportunities.

3. That all men should be protected by law in their God-given right to one day of rest in seven.

4. That in order to secure these desired reforms we declare our allegiance to the national Prohibition Party, as the only party through which we can see any hope of getting the needed relief.

5. That we will vote for no party or

or interests for any office which does not embody in its platform a demand and pledge in good faith for the suppression and prohibition of the liquor traffic.

6. We cordially invite all men whatever may have been their former party affiliation to unite with us in the suppression of this gigantic evil, which is the curse from heaven to the American people and every man, whatever may be his opinion in regard to other issues, who believes this to be the supreme issue should not hesitate to join us in effect to save our country and ourselves.

Fall Fair the River, October 1st at Washington.

Last evening the Charlotte girl who died last week came as a balloonist and was missing it. This account of her ascension and descent at a resort near Washington is from yesterday's Washington Post. The wind was due east yesterday at River View and Capt. Randall was very anxious about the safety of little Miss "Dot" Zelina, who was to make her debut in a balloon ascension and parachute drop. At 4 o'clock everything was ready for the ascension and little Dot came out of her basket and at the suggestion of Capt. Randall strapped a life preserver around her waist. Grasping the bar of the parachute the signal was given and the little aeronaut shot up into the clouds like a rocket while the great crowd cheered and the band played "Up in a Balloon." She ascended some 3,500 feet and finally drifted over the river, when a signal from her manager she cut loose from the balloon and fell grace fully into the river. The life preserver kept her from sinking and those on shore could see only her curly head bobbing out of the water. Anticipating the result, Capt. Randall had his several crews out in boats and as she fell into the river all hands pulled to the rescue. On arriving at the wharf Miss Zelina got into a pony cart and with the crowd as escort she was driven to her tent. She will appear again next Sunday, and to avoid crowding three boats will be placed in commission.

Dr. Sanderlin at Huntersville.

Dr. George W. Sanderlin, State Auditor, delivered his promised address at the commencement exercises of Huntersville High School yesterday. The Third party, however, failed to carry out its contract in tendering Dr. Sanderlin the office of auditor. Mr. John Springs Davidson was not there. Richard Razor says that after consultation, it was agreed that yesterday was not the proper time to approach Dr. Sanderlin, "but" he added, "we are yet going to do it."

A. R. P. Matters.

A meeting of the committee on publication of the Associate Reformed Presbyterian Church, was held at the Central Hotel yesterday afternoon. The committee decided upon issuing a semi-monthly Young People's Paper, the intention being to eventually make it a weekly publication. It will be issued from the printing house of Blakey & Co. The committee also decided to establish in Charlotte a depository of publications of the United Presbyterian Board, of Pittsburg. There was a full attendance of members and all were enthusiastic over the work in hand.

No Third Party Man.

Capt. Chas. McDonald whom the third party has insisted on pressing into service, was in the city today. He told THE NEWS that he has nothing to do with that party, or any other party that jeopardizes the success of the Democratic State ticket.

YOUR CHOICE

THIS WEEK

OF

1,000 Men's Fine Suits

\$14.50

Marked Down From \$18, \$20, and \$22.

The backward season has left us heavily overloaded in Mens Fine Suits. We must turn our enormous surplus stock into Cash at once. To do this we must more than double our sales this month. We, therefore, are compelled thus early to sacrifice and we give you the benefit just when you want it.

These goods are the cream of our stock. The fabrics are the finest, the patterns are the choicest, the styles are the latest, the tailoring is the best. All new and most desirable goods. Manufactured for us for this seasons trade.
