

**RESCUED WILL DIE.**

Many of Them in Such a Weakened Condition That They Cannot Recover.

A FURTHER RISE FEARED.

One More Day's Rain Will Sweep the Entire River Country—Thousands Rescued From Floods Which Have Not Been Over-flowed—Some half Naked

By Telegraph to the News.

DALLAS, Texas, July 8.—A dispatch from Richmond, reports the river an inch higher this morning and small boats are bringing in the refugees. They report eleven negroes known to be drowned thus far in Fort Bend county. Over six hundred negroes have been rescued and are now camped about Richmond. There are sufficient supplies for several days. Many of the rescued are in such a weakened condition that they will die.

Tugs from Galveston are working this morning in the vicinity of Duke, where a full thousand refugees await rescue on half a dozen mounds that are not yet overflowed.

Chief Line Repairer Wyrick reported this morning, one day more of rain would destroy this country. The immense bridge of the Missouri, Kansas and Texas railroad, is swaying. It is worth a man's life to venture on it. The river has stopped falling at Sealy. It is feared now rains have fallen on the upper river.

Hundreds of refugees are being brought in this morning from Sealy, Sunny Side and San Felipe. Some are almost naked, their clothing torn in shreds by limbs of trees and other objects.

**MADE IT TWO STRAIGHTS.**

**King's Mountain Again Defeated by the Concord Boys.**

In a pretty played game at Latta Park yesterday afternoon the Concord team again defeated the King's Mountain boys. Unlike the game the day before, the King's Mountain boys batted the ball all over the diamond but, as luck would have it, their hits were all broken up by the excellent fielding of the Concord team.

The game throughout was an interesting one. A number of brilliant plays were scattered here and there throughout the nine innings and the interest of the spectators never waned in the least. It was clearly evident yesterday that King's Mountain is no match for the Concord team. They lack team work, practice and quickness. At the bat, the King's Mountain boys are weakest. They do not handle the "willow" with the same cleverness that the boys from Cabarrus do. Aside from this it is a good team and is a credit to the town. Charlotte hopes to see the boys again and wishes them better luck next time.

The score yesterday was five to one. This afternoon at Latta Park, the Mountain Island team will cross bats with Charlotte. The boys from over the river came in this afternoon and along with them came an unusual large number of "rooters." The game promises to be a good one and there is much interest manifested.

The greatest game of the season is booked for Charlotte the nineteenth of this month, will engage in their annual struggle for supremacy. There is no need of assuring both teams that Charlotte will be there—not in blocks of five, but by the hundreds. Interest in this coming contest is, even at the present time, coming to the surface and by the 19th, things will be at a fever heat.

The Concord boys returned home last night. They have a week of ball over there next week.

**THE PRESIDENT'S HOME PAPER.**

The Leader believes that if Governor Pingree had the power he would do his utmost to defeat the renomination of President McKinley next year.—Cleveland Leader.

**That 10 Acre Tract**

we are now offering on Providence road at \$65 per acre is a good purchase for some one. It is just beyond Central Park, where several choice residences will soon be erected. Another very desirable

**Suburban Home,**

comprising 10 acres of land with fine young orchard, cottage house, barn, etc., fine view of the city, this side of Central Park now offered for

\$3,000 and is a good purchase at that price. Many other choice suburban properties in all directions from the city, and everything else in the real estate line at best market figures, on the list of Abbott & Stephens. PIEDMONT BUILDING. Q. C. PHONE 37.

**A Simple Formula**

Our Sarsaparilla is made from Honduras Sarsaparilla, with which is combined burdock, yellow dock, dandelion, Stillingia, podophyllum and iodide of Potash. The roots are practically the same as those used in the advertised Sarsaparillas, but we believe our care in selecting the crude drugs and the thorough manner in which their virtues are extracted makes our preparation superior. The Iodide of Potash is not found in other remedies, though it would be if it were not for its cost. LARGE BOTTLES 75 CENTS.

**Woodall & Sheppard** DRUGGISTS.

COAL, WOOD. LIME, CEMENT. A. G. Craig & Bro. Both Phones 170.
