

A Call For Help.
Any one wishing to help with that noble cause, fitting up a reading room for the girls at Victor mill will please communicate with Miss Nannie Ward or Mrs. John Zimmerman, who hope to open the room this week. Mr. Lubin has given a large table, and a drugget has been given by another gentleman. So only chairs and anything that will make this room attractive is now needed. Anyone who will give one or more of the past month's magazines will be helping immensely.

SUNNYSIDE

In 1897 there were only three houses in Belmont, and the Louise Mill was unfinished. The population was about a dozen. The census of 1901 gave it a population of 1,742. The police census of January, 1903, gave it a population of 2,314, estimating five to a family. The above figures show that over 400 persons have built homes in this suburb.

Sunnyside, which adjoins, is by far the best part of this suburban town, high, dry and sandy, splendid view, taking in all of the city, from Dilworth to Derita. We still have a number of beautiful lots left, the price is within reach of all, being from \$50 to \$100 a lot. Small payment down, balance on easy terms. As an investment there is nothing as good around the city. Lots bought three years ago recently changed hands at a profit of 250 per cent. This property is close to the proposed new Gingham Mills.
