# Market Reports

(Reports Received by Private Wire by Howell & Dodsworth.)

NEW YORK COTTON. New York, July 2.-C. W. Lee & Co. say: The advance in December and January today was due entirely to short covering before the bureau tomorrow. There is a general indisposition on the part of the market to take any risk at this season of the year and under the manipulative character of dealings in the other crop months. At ten cents a pound for the fall positions short selling probably has been a for ture and as the crop has not advanced as rapidly for the entire month as many had hoped and for this reason the government may not advance the figures above 77 or 78, shorts were inclined to get under cover and wait developments. This bying came from all directions and brought about an advance of ten points. It was not expected owing to the break in Liverpool. August broke sharply about 20 points and this was not an encouraging facter. Later in the day, however, uncertainty over the report became such that the few buying orders soon startcd a more active demand from commission houses and prices advanced rather sharply. However, disappointing the report tomorrow may be and however, unfavorably in actual figures it may compare with last year's showing. it must be conceded that the crop is | Charlotte and vicinity: Fair, continued now making rapid strides. In every re- warm tonight and Friday. spect the situation is the opposite of that existing six weeks ago. Then were the conditions. Now weather is winds. such as to suit the most exacting. The plant is strong and sturdy awing to the abundant rainfall and differs decidedly not advise purchase of December and January at moment.

## NEW/ YORK STOCKS.

New York, July 1.-A natural re-a tion occurred in the stock market t day under the influence of attack upor specialties. We believe good stock should be bought now when they are weak as the outlook favors a further advance in the market following moderate recession. The development today in the foreign exchange marke were not favorable but we do not be lieve that rates will go to a poin where any more than a moderate amount of gold will be exported.

The close was firm and not far from best of today. Trading was professional but seemed to indicate early attempt to hammer prices had not been a success.

Sales of stocks today, 365,700 shares.

London easier. News moderately bullish. Our market easier on selling by traders who prefer evening up over the holidays. Statement that President Roosevelt would forward to Russian government the Hebrew petition had unfavorable effect on market. Very little commission house business. The public don't appear in a mood to buy to any extent. Atchison, St. Paul and Mo. Pacific and U. S. weak features on fear of poor report from corn crop. Don't look for much changes either way in market; prices may ease off weak spots for turn. Pennsylvania ing 8 a. m., 75th meridian time. R. T. firm on prospects of enormous business over the holidays.

# The Weather

Forecasts for tonight and Friday for STATE FORECASTS. For North and South Carolina: Fair

nothing could have been worse than tonight and Friday. Light variable

WEATHER CONDITIONS. The weather is fair this morning throughout the country, except that from the condition last year. We can- rain is falling in the upper Missouri valley and in central Texas, occasioned by a storm area of considerable energy that covers the great plains today. An area of high pressure has appeared in the north Pacific States, attended by lower temperature. The temperature from the western plains eastward to the coast ranges from 75 degrees to

80 degrees this morning. Heavy rain fell yesterday in Texas \$234,000.00. and Louisiana and there were scattered thunder storms in the remaining E. M. Treat; home office, 302 Broad-Southern States, in the upper valleys way. New York city; general agent and the Lake region. G. R. OBERHOLZER,
