New York. July 14.—C. W. Lee & there was some good buying yesterday says: At last we have had a fav-but the majority of purchases was for able weather report on Tuesday. Af- account of the shorts who afforded waiting for several months and the most support. We think this is a earing hardly one favorable crop ac- market to be sold short on rallies emely satisfactory. That is, the re-

Reports

and the plant had made vigercus or small. We believe Baltimore and ne and operators accepted the showas indicative of a very different clined to be somewhat bearish on the op outlook from that existing last Last year's crop was doomed at e early part of July. This year most tions have enough moisture to carthe plant through several weeks in fety and with showers later on in the grade stocks is because they are onth the next report should compare ry favorably with last year. The market did not decline as much forced to sell out because it is neces-

might have been expected on so nd a showing, but a decline of sevpoints resulted. So large a crop needed and so much might happen ween now and the first of Septemthat operators are not inclined to freely and for this reason the arket receded very slowly. On a od break under 91-2 this week we uld not be afraid to pick up a little ton even though December and Janery should work back to 91-4. The appearance of unfavorable weathnews or developments of any kind rally the market sharply and for is reason we regard purchases on a reak as the safer policy to be pursued. must not be forgotten that a slight eak now will carry these months to point where the decline is a full cent pound from the top. Under condias existing this year this decline is
