FROM DREAMS

Columbia

(Correspondence The News.) a negro man lying face downwards in Twelve Indistrials declined 1.34. a pool of blood was discovered. On examination it was found that the man's neck was broken. The body was identified as that of Otis McMillin, a night bell boy of the Spartan Inn, which adjoins the express office. As there is no reason to suspect foul play, it is supposed that McMillin, who was waiting on some guests during the night, fell asleep while sitting in a second story window, about 55 feet from the ground, and in the mystic mazes of dream life, floated into theunexplorable beyond, which enshrouds the entire sphere.

Meagre details of a terrible tragedy near Cowpens, Spartanburg county, have just been received. Mr. and Mrs. Lee Bogan and several of their children started to church in a wagon to which a mule was attached. The animal became frightened and ran away. By some means the husband and the children escaped uninjured, but

Mrs. Began was thrown from the

wagon and killed instantly. The arrival of the First South Carolina regiment of infantry in Columbia yesterday, which will be encamped here fer ten days, was a gentle reminder of the stirring scenes of 1898. The camp occupies a little knoll just a short distance in the rear of the Hyatt Park casino and is on the site of the officers' quarters during the encampment of the First regiment of volunteers in 1898. Six hundred men were in camp last night, Col. J. C. Boyd, of Greenville, is in command of the regiment.

Market Reports

New York, July 21.-C. W. Lee & C. says: We thought yesterday that th market was rather dull, but condition for two hours today beat everythin on record. Barring about three sales of January at 9:52 the morning business was distributed between 9:50 and 9:5 There was perhaps a dozen quotation in the two hours.

As long as these continues no on knows what the outcome will finally b and the pool is still in control of the three immediate positions. On th present prices, spinners are shutting down. Reports show that notwithstand ing shutting down is a very costly ex pedient, losses entailed from this op eration are really less than those that would be made necessary in an attemp to continue running at high prices There is reported considerable deman for new cotton in South at ten cents and above. We shall be very much surprised if cotton does not reach this figure throughout September. The government report will be made up or conditions existing on Saturday of this week. Nothing can happen now and then to cause a set-back and there is every reason to anticipate a condition of 79 or better.

A well known and highly respected citizen of North Carolina adds his testimony to what has already been said of To-Lo-Tan, the wonderful catarrh remedy. Read the following letter:

Breaking the Ice

We had some selfish neighbors once that moved in down the road: We reckoned they was 'bout the proudest folks we'd ever kno *ed. An' when we passed them now and then we held our heads up high To make dead sure they couldn't snub us if

they was to try.

It really made me nervous, so I jes' braced up An' thought I'd go ahead and show my manners anyway. On Sunday, 'stid o' turnin' 'round and gazin' at the view, I looked at them an' sars, "Hello!" An' they says "Howdy do!"

It wasn't the old and formal greeting that you've sometimes heard---

They smiled an' said it hearty, like they meant It's solem' to reflect what we miss along life's Commissioners of Mecklenburg Coun-By not jes' bein' natural and good humored day
