

A Few Minutes With The Recorder

Anderson Lilly, who was charged yesterday with assaulting little three-year-old Elzie Branner, and whose case was continued until this morning, was discharged today by the acting Recorder, Attorney Heriot Clarkson, who appeared for the negro, produced authorities to show that the courts had ruled the testimony of a child of tender years incompetent. The counsel also stated that he was prepared to prove the good character of Lilly and that Lilly denied striking the child—contending that he simply pushed the child aside, out of harm's way, when he entered the Branner house to deliver a letter. The court discharged Lilly with a fine of \$10, to be exceedingly careful in future as to how he put his hand on a child, white or colored and if a similar charge was ever brought against him again, the court would take cognizance of it as a charge of assault.

A. G. Colvin, a young white man, submitted to a charge of trespass, Mr. J. Arthur Henderson, the complainant in this case, had sworn out a warrant for the young man for larceny, charging that he entered Mr. Henderson's premises and had helped himself to grapes growing there. By agreement with counsel the warrant was amended, the young man submitted and was released upon payment of costs.

Charles Grier was charged by Tim Huey with assaulting him, but the evidence showed that both had been quarrelling and that Tim made an effort to destroy the symmetry of Grier's physiognomy by scratching it before Grier slapped him. Each was held by the court to be guilty of an assault and each was required to pay \$2 and costs.

Simp's Linder was charged with leaving his hack unattended, using profanity and resisting an officer. Officer Shields found Linder's hack in the street unattended and when he told Linder to take it home or he would arrest him, the latter became enraged and defied the officer. The officer then arrested Linder and finally had to summon assistance. It seems that Linder was willing to go in his hack, but declined to ride to the station house in the patrol wagon. The defendant admitted that he was drunk. The Recorder fined him \$2 and costs for his disorderly conduct and \$5 and costs for resisting an officer and the costs for leaving his hack unattended.

The following cases were called and the defendants failed to appear, forfeiting their bonds: Ed Lay, using profanity; Tom Vaughan, drunkenness; William Johnson, drunk and disorderly; George H. Thornton, drunkenness; W. H. Thornton, drunkenness.

RAILROAD NOTES

The reports sent out that the bridge over Fishing Creek where the accident of Thursday occurred, was 45 feet high, was a mistake. It is only 29 feet from the rail to the water. The creek is a small stream, the water not being over five to six inches deep.

The block on the Western North Carolina road at Majolica, caused by the head-on collision Thursday night, was cleared yesterday by the noon hour. The engine of No. 35 was badly torn up. The freight engine was derailed but only slightly damaged.

Fifty to 75 negro laborers passed through Charlotte last night en route to Orange and Alexandria, Va., where they were engaged in the work of double tracking the Southern railway. The freight engine at these two points numbers from 1,009 to 1,500.

The union station talk will again be revived at the meeting of the board of aldermen to be held Tuesday night. The reported sale of the Seaboard Air Line road to the Rock Island, for a time, at least, threw cold water on this project which is so near to Charlotte people's heart. Now since it is generally understood that the two roads are to be operated separately, the needs of a union station will again loom up in all of its dire necessity. Charlotte wants a union station and we must have one.

Mr. R. M. Coffey, city passenger agent of the Seaboard who has been confined to his room with typhoid fever for the past four or five weeks, is getting better daily. Mr. Coffey's many friends will be glad to see him at his post again.

There is considerable talk among railroad men as to the exact number of new trains the Southern will put on during the fall and winter season. It is understood that Nos. 33 and 34 will be again placed in service about the 15th of October. The fast Florida trains will not go on until about the Christmas holidays. Other extra trains have been spoken of. One of these is a local train between Columbia and Charlotte via Charlotte about 5:30 o'clock in the afternoon.

The Southern railway has put a large force of men and mules at work on its extension from Maryville, Tenn., through the Babson Gap route in South Carolina. The work is very heavy in some sections, but it will be speedily accomplished as all the modern railroad building devices will be employed to get the road through in a hurry.

The Pullman company announces that its 4,000 sleeping cars are inadequate now to meet the demand of the traveling public and that at least 2,000 more could be used at this time. The company may appeal to the railroad companies for cooperation in the future in serving the public by asking them to schedule their big excursions East and West on different dates.

At Presbyterian College.
A concert will be given next Thursday night at 8:30 o'clock at the Presbyterian College auditorium by a chapter of children from the Oxford Orphan Asylum. Seats are now on sale at Jordan's. The following program will be rendered:

10. The Natural Spell—Chorus—Class.
11. Funny Little Folks—Chorus—Smaller children.
12. Come Let Us All a Maying Go—Chorus—Class.
13. Little Turkey Turks—Chorus—Smaller children.
14. Susane River—Pantomime—Susie Grew, Sallie Waff.
15. If I Were a Boy, If I Were a Girl—Duets—Susie Grew, Sallie Waff, Calvin Capps, Temple Cook.

Tent Meetings Grow in Interest.
Dr. Montgomery preached to a very large crowd at the tent again last night. Mr. Walter Scott sang "Saved by Grace" very effectively and heartily. Dr. Montgomery's sermon was one long to be remembered which increased the already deep interest in these services. The services will continue through next week, preaching being done by Drs. Barron, Montgomery and Detwiler. Dr. Barron will preach tonight. Tomorrow afternoon at five o'clock the Y. M. C. A. will combine their service with the tent service and Dr. Detwiler will preach. This service for men only. At eight o'clock the general service will be conducted by Dr. Montgomery. Special arrangements have been made to accommodate the large audience which will gather tomorrow night. Song service begins promptly at eight o'clock.

New Sport for Seversville.
A telephone message from Seversville this afternoon states that a real live alligator has just been captured in a pond in that sunny suburb. The gator was 19 inches long and The News informant says that there is another one of the babies in the pond. A new sport for Seversville.

ONE LUNG

Be gone and yet the remaining lung will be amply sufficient to sustain a vigorous vitality. As a general thing few people make more use of both lungs than is equivalent to a healthy use of one lung.

These facts are all in the favor of the man or woman with weak lungs, even when disease has a strong grip on them.

Many a person living in health to-day has the lungs marked by the heaped scars of disease.
Dr. Pierce's Golden Medical Discovery makes weak lungs strong. It cures obstinate, deep-seated coughs, bronchitis, bleeding lungs and other conditions, which, if neglected or unskillfully treated, find a fatal termination in consumption.
"I had been troubled up to the Rock Island case and pleurisy for a number of years and the doctor had almost become discouraged. I had several kinds of medicine from different physicians without much benefit. At last wrote to Dr. R. V. Pierce and got his advice, and began using his 'Golden Medical Discovery.' I have used twenty-five bottles. When I commenced taking it I had no appetite, my system was completely broken, had no ambition to do anything. Now I feel better than I did before I got sick. Have a good appetite and am able to do my work. I sincerely recommend Dr. Pierce's Golden Medical Discovery to all who are afflicted as I was."
Those who suffer from chronic diseases are invited to consult Dr. Pierce by letter, free. All correspondence strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.
Dr. Pierce's Pleasant Pellets assist the action of the "Discovery."

School Girls

Young girls at this period of life, or their mothers, are earnestly invited to write Mrs. Pinkham for advice; all such letters are strictly confidential; she has guided in a motherly way hundreds of young women; and her advice is freely and cheerfully given.

School days are danger days for American girls. Often physical collapse follows, and it takes years to recover the lost vitality. Sometimes it is never recovered. Perhaps they are not over-careful about keeping their feet dry; through carelessness in this respect the monthly sickness is usually rendered very severe.

Then begin ailments which should be removed at once, or they will produce constant suffering. Headache, faintness, slight vertigo, pains in the back and loins, irregularity, loss of sleep and appetite, a tendency to avoid the society of others, are symptoms all indicating that woman's arch-enemy is at hand.

Lydia E. Pinkham's Vegetable Compound has helped many a young girl over this critical period. With its proper use the young girl is safe from the peculiar dangers of school years and prepared for hearty womanhood.

A Young Chicago Girl "Studied Too Hard."

"DEAR MRS. PINKHAM:—I wish to thank you for the help and benefit I have received through the use of Lydia E. Pinkham's Vegetable Compound and Liver Pills. When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and finding the symptoms described answered mine, I decided I would give Lydia E. Pinkham's Vegetable Compound a trial. I did not say a word to the doctor; I bought it myself, and took it according to directions regularly for two months, and I found that I gradually improved, and that all pains left me, and I was my old self once more.—LILLIE E. SINCLAIR, 17 E. 22d St., Chicago Ill."

"Miss Pratt Unable to Attend School."

"DEAR MRS. PINKHAM:—I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months.
I recommend it to all young women who suffer from female weakness.—MISS ALMA PRATT, Holly, Mich."

Lydia E. Pinkham's Vegetable Compound is the one sure remedy to be relied upon in this important period in a young girl's life.

\$5000 REPAID if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

NATURE TELLS YOU.
As Many a Charlotte Reader Knows Too Well.
When the kidneys are sick, Nature tells you all about it.
The urine is nature's calendar.
Infrequent or too frequent action.
Any urinary trouble tells of kidney ills.
Doan's Kidney Pills cure all kidney ills.

Charlotte people testify to this.
J. E. Robinson, bricklayer, of 915 North Tryon street, says: "For a long time I suffered with a bad back, undoubtedly due to disorders of the kidneys. My urine was all out of sorts, very dark and full of heavy sediment. I heard about Doan's Kidney Pills and got a box at R. H. Jordan & Co.'s drug store and gave them a trial. They restored the urine to its natural color, made the secretions normal and strengthened my back so that it does not pain me at all; in fact I have not had an ache since I used the pills."
For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
Remember the name—Doan's—and take no substitute.

Father and Son Meet Death at Throat.
The Charleston News and Courier says: The report of the railroad accident near Yorkville yesterday announced the death of Engineer Brickman and his family here, for Mr. Henry Brickman was a native of Charleston and had many relatives and friends here.

The tragic death of Engineer Brickman brings to mind a very deplorable accident that occurred near Charleston in the "seventies," in which three engineers were killed. Messrs. Doar O'Keefe and Brickman, the latter being the father of Mr. Brickman. The men of the family have long followed the fates of the steel horse and two have gone down to their death with their charges.

The melancholy days will come when melons are no more, when all these luscious cantaloupes are memories of yore. E. G.

"WE'LL TRY IT"
That's What the Grocer Said.

A grocer had heard his customers praising a certain food and one day he said, "We'll try it."
"Two years ago," said the grocer's wife, "my little daughter was very low with typhoid fever and we had four different physicians attending her. The last doctor we called said her stomach was as raw as a piece of beef and that all depended on her diet. We failed to find food that she could digest and we were so discouraged. We thought she could not live. My husband had a grocery store and said, 'I have a food very highly recommended called Grape-Nuts. We'll try that.' So he brought some Grape-Nuts home and I fed the child a teaspoonful 3 times a day in cream and as she began to improve almost immediately I increased the amount to two teaspoonfuls. In six weeks she looked like another girl, bright-eyed, rosy cheeked and healthy."
"She was a mere skeleton when we commenced to use Grape-Nuts food, but it was not long before so many said 'My' how fine she looks to have been so sick. What causes it?" and I told them all Grape-Nuts surely saved her life. She is now perfectly well and strong and still enjoys Grape-Nuts and said to me today, 'O Mamma, write and tell them what Grape-Nuts did for me.' Name given by Postum Co., Battle Creek, Mich.
