A canal 15 feet deep rom its source to the river, and from down to 10 feet deep where the swamp empties into Potecasi creek hear Woodland, a distance of about 15 miles, would be sufficient. The creek s deep enough except at few places, but would need cleaning out, after which it would be navigable for boats, giving a large section of fertile country water transporation. Our friend impressed us with the fact that it was not proposed to drain the Roanoke this way, but simply the overflow that is so lisastrous to the crops in the river lowands. The water thus turned into the Uraha would not overflow an acre of ultivated land, and would flow through the land (canal) and not over it. Charlotte Residents Know It Well. There is a stamp of truth on a statement endorsed by people we know, by our friends and neighbors. The following experience of a Charlotte citizen is but one case of scores right here at home. Mrs. J. A. Fear is not always a lack of courage. One may be absolutely fearless when facing real danger, but a perfect coward about trifling matters. Many people fear to be in a crowded hall, and frequently, and unnecessarily, leave some enjoyable affair and return home. Thousands fear lightning to such an alarming extent, that during a thunder storm they become ill. Fear of this character is caused by a nervousness brought on chiefly by diseases of the kidneys and bladder.

JUDGE MAYTON Tells How DR. THACHER'S LIVER AND BLOOD SYRUP Cured His Neighbor's Son of Dropsy When Doctors Failed

In a recent letter to the Thacher Medicine Company, Judge Z. T. Mayton, Ex-Judge of Hemstead County, Arkansas, now a member of the firm of Mayton & Jones and a prominent citizen of Sardis, Arkansas, says:

"For some time I have handled Dr. Thacher's Liver and Blood Syrup. I recommended it to A: B. Taylor, a customer of mine, who had a son about twenty-five years old afflicted with a severe case of Dropsy. This son had been treated by several of the best physicians in Hope, Arkansas and Hemstead County, who had given him up as hopeless. His case had baffled the best medical skill. The young man showed distinct improvement from the first bottle; after using several bottles he was restored to perfect health. This they attribute solely to the merits of Dr. Thacher's Liver and Blood Syrup."

What Dr. Thacher's Liver and Blood Syrup has done for others it can do for you. On the market since 1852, it has proven its efficacy over and over again in thousands of cases and is curing more people today than ever before in all its long life.
