### RYDER WAGON WORKS.

A Southern Enterprise To Keep Southern Money At Home.

The offices of the Ryder Wagon Works are established now in the new Trust building.

The writer has had the opportunity of familiarizing himself with the purposes of this concern. They are proceeding upon the principle that the Southern people should be self-sustaining, keeping at home hundreds of thousands of dollars that are sent annually to enrich foreign States, bearing in mind all the time that these wagons are made of home-grown timber, with home labor, spending all of their money in our own midst, and leaving every dollar where all of us will have a chance at it again—this instead of sending it to Northern and Western States, where it will be out of reach for any Southern man for all future time.

They are manufacturing a first-class Southern wagon to be placed on the Southern market as the strongest competitor of the high grade wagons made North and West. They have designed it carefully in every point and believe that they have a wagon which is durable and light running and good to look upon.

They have at Thomasville the most up-to-date wagon manufacturing plant latest and most improved automatic machinery. They use nothing but the best white oak and hickory timber. They put on their tires hot, insuring strong, serviceable wheels, free from strains and distortions that make wheels go to pieces so soon when tires are put on cold. They have a capacity of 5,000 wagons annually. We have been through the factory and will say that it is the largest thing on wheels we have seen. All parts of the wagon that have any strain on them are put to a severe test before they are allowed to be put in place in the make up of the wagon.

J. W. Wadsworth's Sons, of this city, who handle nothing but high grade goods, are their representatives here.

### SERIOUS CHARGE.

Young Negro Boy Committed To Jail, Girl Of Fifteen Is His Accuser.

Will Sinclair, colored, was committed to jail by Squire S. H. Hilton this afternoon in default of a \$500 bond on a serious charge.

The complainant was Mamie Torrence, a fifteen year old colored girl, who lives with her mother near the Watkins place in the eastern suburbs. The girl declared that Sinclair came to her home last Sunday night while her mother was at church, forced her to open the door under threats of violence, and further attempted to assault her. The arrival of the girl's mother prevented the accomplishment of a crime. The girl proved a good character.

Sinclair has been dodging the officers for several days, but finally came in town today for trial. He was represented by Attorney Lotte W. Humphrey, while Attorney LeRoy Kirkpatrick appeared for the complainant. The charge was attempted criminal assault.

### Millinery Openings.

The feminine world is anxiously awaiting the announcements of the coming millinery opening. Our merchants have bought largely of the beauties of millinery art and when the openings do take place, there will be seen something really attractive.

The date of the openings have not been announced on account of the uncertain weather conditions. It is generally understood that next week will record the display of "flowers and feathers." The dates, more than probably will be Wednesday, Thursday and Friday.

The News will keep its lady friends posted on these important events.

### The Y. M. C. A. Star Course.

Mr. E. H. Sullivan has returned from a trip to Reidsville, Danville and Greensboro in the interest of the Alkahest Lyceum System and will now complete the canvass for the Y. M. C. A. Star Course. The first number, Lorett's Boston Stars, will occur either October 13th or 15th. The Asheville Citizen said of this company last season:

"A promise of an evening of enjoyment was kept to the letter. The management will have no difficulty in adding to the sale of their course tickets after last night's effort."

The large number of return dates given this company is a sure evidence of its popularity.

### Child Seriously Ill.

Little Margie, the three year old daughter of Squire J. P. Hixter, is seriously ill of diphtheria at Nevin. The little one was visiting her grand-father's home when she contracted the dread malady. A phone message this morning states that she passed a letter night but there is no material improvement in her condition.

### POLICE HUNT "SPIRITS."

Strange Young Man Acts As Though He Were Somewhat "Dopey."

Police headquarters has been having an experience with spirit folks today. About noon a young man, who gave his name and described himself as an honorably discharged soldier from the U. S. army, appeared at headquarters and to Acting Turkey Summerrow told a strange tale. He stated that he was just in from Birmingham via the Southern railway; that on the way to Charlotte he discovered a couple—a man and woman—who were beating their way, and he immediately informed on them. The couple, he said, had been allowed to come to Charlotte and were now wandering about the streets. They had come to the station, the young man said, and prefered an unusual charge against him, but he wanted to get in on the ground floor and put the police next before they got there. Hence his visit.

Mr. Summerrow waited patiently, but thus far the couple has not appeared at the station. In the meantime a phone message came to headquarters from a residence not far from Twelfth and Graham streets stating that a strange couple was hovering about the neighborhood and requesting the police to come after them. The call was answered and when the officers reached the spot they found the young man who had called at the station waiting for them. He was very much excited and pointed out various directions which he said the couple had taken, but despite a thorough search, even to the extent of crawling in barn-lots, no trace of any strange couple was found. Whether they disappeared in the atmosphere, which is a trick spirits have, or never existed, is a mystery the police haven't solved.

In the meantime they are waiting for further developments in the case of the strange couple and the strange young man.

### The social committee of the Y. M. C. A. will meet tonight to plan for the winter's work.

### SUIT FOR \$35,000.

Mr. J. M. Peoples Enters Suit Against Southern For Above Amount.

Mr. J. M. Peoples, administrator of Mr. J. B. Peoples, deceased, has entered suit against the Southern railway for \$35,000 damages.

The suit will be brought in the Superior Court of Mecklenburg and Mr. Thomas C. Guthrie has been retained by Mr. Peoples to prosecute the case.

It will be recalled by News readers that Mr. J. B. Peoples was killed at Spencer last January while in the employ of the Southern railway as flagman.

While changing a switch in order to let a passenger train pass, his train, a freight having just gone into the sidetrack, backed down upon him and ran over him, causing injuries from which death resulted.

The administrator is a brother of the deceased and one time was in the livery business in this city.
